

CHINATOWNS IN TWO CITIES ARE TO BE ABOLISHED

New York, Sept. 25—(AP)—Chinatowns in Cleveland and Boston are threatened with extinction by city officials as a result of two war killings which threaten to evade the peace treaty between the Hip Sins and On Leong signed here Monday night.

City Manager Hopkins of Cleveland last night ordered buildings in Chinatown razed as fire and health hazards. More than 450 Chinese were detained for questioning in connection with a murder Tuesday night. Chinatown was deserted. Police have been guarding the district as most of the doors were broken down by raiders.

Boston police said after conferences with New York Chinese leaders that the killing of a Chinese in Boston shortly before the peace pact was signed in New York was considered in long circles as having voided the agreement. Captain Goodwin of the Boston police gave notice that if another shot was fired he would do all in his power to wipe out the Chinese district there. He threatened to obtain aid from the building commissioner and board of health to have the buildings condemned and from immigration authorities to have Chinese without credentials deported.

There have been two roundups of Chinese in New York with the result that several hundred are waiting deportation.

FLOWER EXPERT TO SPEAK HERE

Mrs. Nora Anderson, president of the Salem Garden club, announced today that through the club arrangements had been made for Jesse A. Curry, floral expert of Portland, to be here on Friday afternoon of the state fair in the boys and girls auditorium and make an address on gardening. He also will answer questions, discuss gardening in this community, and in a general way promise to give one of the most informative talks on the subject ever heard here. Mr. Curry is an international authority on the subject of gardening, has conducted the department on that subject for a number of years, and it is probable the auditorium will be crowded with enthusiasts.

In addition there will be a short talk by Frank Bliss, president of the Portland Rose society, on the subject of forming garden clubs in various communities as well as formation of state and national federations of garden clubs for the purpose of working out a general coordination of gardening work. The Salem Garden club has arranged to maintain a table in the floral pavilion at the fair during the entire week, at which time questions will be answered, memberships taken for the club, and general information given. Also the club will distribute a large number of copies of a new pamphlet it is issuing outlining accomplishments of the club during the year and its objects and designs.
