## Society Girl Toils in Factory

MARGARET SUTHERLAND

To learn how others live, Margaret Sutherland, talented daughter of the former Senator from West Virginia, has been working in a Chicago jam factory. Society girls, she says, should follow her example to learn what it is to be fatigued.

Interesting announcements were made at the Thursday dinner meeting of the Portland Business and Professional club held at the Portland chamber of commerce, Miss Mary Jane Spurlin, who has been a member of the club for five years, and who has served as first vice president and now is acting on the legislative committee of the state federation of Business and Professional Women's clubs, has just received notification that she has passed the bar examination, admitting her to the practice of law in Oregon. Another honor has been accorded Miss Getta Wasserman, one of the members of the club. She is the only woman outside of New York who has written more than \$1,000,000 worth of insurance and this entitles her to membership in the Million Dollar club of the New York Life Insurance company. Miss Ann Sherlock, also a member of the club, was largely responsible for the erection of the home at Corbett, built by volunteer workmen, for the five orphans under the auspices of the W. O. W. These orphans now have a home and also the means of a livelihood for a store located in the home was furnished completely at the time the house was built. The Adelia Prichard scholarship fund committee of the club announced that applications for the loan were being received. This committee is divided into several sections, each member being personally interested in finding a girl worthy of the loan and helping her select and encouraging her in the choosing of her work. Not only scholarship and character are looked for, but worthiness and her desire to fulfill some ambition is taken into consideration. Miss Janet White is chairman of the committee. She is assisted by Mrs. Glendora Thompson, Miss Abby Glend and Miss Martha Randall. Mrs. Glendora Thompson, who served as president of the club last year, was presented with an Indian blanket at the dinner meeting of the club Thursday evening, as a token of appreciation from the members of the convention committee who served under her regime.

Letters Like This Prove the Reliability of Lydia E. Pinkham's Vegetable Compound

Turtle Lake, Wisconsin. — "I took Lydia E. Pinkham's Vegetable Compound for weakness, backache and nervousness. I had these troubles for years and had taken many other medicines for them, but I have found no medicine so good as the Vegetable Compound and I recommend it to my friends who have troubles similar to mine. I saw it advertised and thought I would try it and it has helped me in all my troubles. I have had six children and I have taken the Lydia E. Pinkham Vegetable Compound before each one was born, for weakness, vomiting, poor appetite and backache, and again after childbirth because of dizzy headaches. It is a good medicine for it always helps me. I have also taken Lydia E. Pinkham's Liver Pills for the last eight years for constipation." — Mrs. MABEL LA POINT, R.F.D.
