CHURCH UNION AT SILVERTON TO BE VOTED ON

Silverton, Sept. 30.—(Special)—The third quarterly meeting of the Trinity and St. John's congregations have been postponed from the first week of October until the second in order that the Rev. George Honrikson, who will be at Minneapolis during the first of October, can be present. The meetings will be held on the second Wednesday of October and both meetings will be on the same evening. In former years Trinity congregation met on the first Wednesday and St. John's congregation met on the first Thursday of October.

The meetings this year hold more of general interest than usual, as at this time plans for combining the congregations will be discussed. Reports were given at the morning services of both congregations last Sunday. The reports were prepared by a joint committee from the two congregations and recommended that the two be joined together with one pastor officiating; that services be held alternately in both churches until a decision could be reached as to which church to reach; that services in both English and Norwegian be held each Sunday; the Norwegian service being held in the English service building at 11 o'clock; that both of the present pastors be asked to resign and one pastor called for both congregations which will then number 1200 members.

The discussion concerning the matter of joining, and the language question, as it has been termed, has awakened considerable interest in Silverton church circles. To become effective, the report must be accepted by three-fourths of the voting members. If the report is not carried, it is said that the question of making Trinity congregation an all English congregation by conducting all the services in the English language, instead of holding services every other Sunday in the Norwegian language as at present, will again be brought up. This question was before the congregation some months ago but due to considerable opposition the matter was dropped for the time being.

Miss Yantis, who has charge of the home economics department, reports that the high school cafeteria will be opened in six weeks. This cafeteria was started by Miss Marian Chase, now Mrs. Clarence Harwood of Eugene, while she was teaching at Silverton. It proved very successful. The work is done as part of the domestic science course and the cafeteria is open to students and faculty.

MASON EHRMAN COMPANY SUED

Medford, Or., Sept. 30.—Suit has been filed in the circuit court of Jacksonville for \$14,050 for damages by the Medford Warehouse company against the Mason Ehrman company, grocers, with headquarters in Portland as a result of a fire that gutted the warehouse here on the night of October 31, 1923.

he complaint alleges that the Mason Ehrman company "did negligently, carelessly, recklessly and without exercise of due care and caution, cause to be stored in the warehouse two carloads of matches," which caught fire, causing a damage to the warehouse of \$29,000, which was covered by \$6500 insurance.

The second cause of action is based upon the alleged damage to a vault used for general storage purposes, in the sum of \$250, and the third cause of action is for \$300, alleged to have been sustained by way of attorney's fees when the Mason Ehrman company moved and removed a heating plant they had installed.

TEST FLIGHT IS SUCCESS, CLAIM

Omaha, Neb., Sept. 30.—(AP)—The hardest stretch safely flown and the flight acknowledged to have proven that every condition needed for successful and extensive flying exists, the Ford reliability test flight airplanes took the air for the third day's flight from Fort Crook field this morning.

St. Joseph, Mo., was the first objective. The flight will be spent at Kansas City. However, only sixteen of the seventeen which started the flight and arrived here will leave. C. T. "Casey" Jones in his Cuyler, "carrier piggy" plane proved that a motor-cycle and a speeding airplane cannot stop together on the same field. His ship was put out of commission when he hit the cycle in landing, forcing him to abandon the flight.

Ray Collins official referee for the flight declared last night at a dinner tendered pilots and passengers of the flight that "this tour goes to prove what possibilities regularly established routes hold."

ALL RUN DOWN, NOW HEALTHY

"Honestly, in all my 15 years of experience as a nurse I have never known of a medicine that compares with Tanlac," is the glowing tribute of Nurse M. E. Chappell.

"Time and again I have recommended Tanlac and always with surprising results. Some time ago my mother complained of being generally run down and on the verge of a nervous breakdown. She had no appetite, her stomach was disordered, digestion weakened and her bowels most irregular."

"Tanlac came to her aid at once, brought on a vigorous appetite so that she began to eat with the greatest relish, and made the digestive organs function properly once more. In a short time she was well, happy and strong, and although over 50 years of age she is now vigorous enough to look after her household duties and go out quite a little, too. This is why I praise Tanlac and consider it the best tonic and health builder ever discovered."

What Tanlac has done for others it can also do for you. Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills for constipation. Made and recommended by the manufacturers of Tanlac.
