

ASKS DIVORCE ASSERTING WIFE SCOLD AND NAG

Mary Neff is a scold and a nag, according to her husband, R. L. Neff, in a divorce complaint filed in circuit court and pestered him to his deep humiliation, in addition, he says, to using language altogether indecorous. In addition, he alleges, she charged him with running after other women.

He declares she told him that she had no affection for him, that she did not care for him and did not expect to live with him. At a matter of fact, he states, she did leave him on July 15, 1923, and did not return and has not returned. They were married in Salem July 19, 1923 and have no children.

Josephine Ekerson, who went to work in a restaurant and as a result her husband, H. L. Ekerson, asked for a divorce, has come back at him with a demurrer to the complaint on the ground that it does not state facts sufficient to constitute a cause of suit, and also has filed a motion for suit money and \$100 attorney's fees.

In her application she declares she is working in a restaurant, but with her husband's consent. She says, however, she receives only \$15 a week, out of which she has to pay her room rent and for her clothing, as well as to help her mother, her minor brothers and some minor sisters.

She states her husband is interested in the Sanitary Milk company, draws \$100 a month, and is amply able to pay the \$100 a month, attorney's fee asked for.

FORD PERFECTS LIGHT ENGINE FOR AIR FORDS

Detroit, Mich., Oct. 7.—Henry Ford has announced that an engine for use in light airplanes for popular operation in transportation virtually has been completed in his experimental laboratory at Dearborn. He said the engine was an eight cylinder, 200-horsepower motor.

For this engine the manufacturer claimed all the economies of the small automobile engine. He said the motor would not require adjustment and parts would be interchangeable, so that a worn out part could be easily replaced. The motor will be tested soon.

Commenting on possibilities of aviation, he repeated his oft-made assertion that he was a "greenhorn in aviation" and that "this belonged to a younger generation."

Nevertheless, Mr. Ford visualized the possibilities of common use of planes and asserted they would be a strong factor in foreign development and international relations.

He said the airplane was an aid to the automobile and pointed out that as the automobile had brought together people from the different parts of the United States, so the airplane would bring together all nations of the world.

REV. POWELL TO GO TO SEASIDE

Rev. Charles H. Powell, former rector of St. Paul's, Salem, and now rector of St. Luke's Episcopal church at Vancouver, Wash., has accepted the position of rector of Calvary church of Seaside, Or. The appointment was made by Bishop Sumner.

Mr. Powell has been very active in the affairs of Vancouver during his four years' stay there. He is a member of the Kiwanis club, the Knights Templar and the Mystic Shrine and has held many offices in these organizations. For three years he has been president of the public library board at Vancouver.

Rev. Mr. Powell is a graduate of Oberlin college in the class of 1897. He received his doctor of philosophy degree at the University of Kansas in 1909. He has also studied at the University of Denver.

Before coming to Salem, Mr. Powell held parishes in the Episcopal church at Ashland, O., Mitchell, S. D., Colusa, Cal., Carson City, Nev., and was a general missionary in eastern Oregon for eight years with headquarters at La Grande.

He will take up his residence in Seaside immediately, accompanied by Mrs. Powell and two sons. Their eldest daughter, Martha, graduated from Reed college last June; another daughter, Evangeline, is a junior at Reed this year.

Solved The Problem

"I was almost distracted with stomach trouble, gas and colic attacks and didn't know what to do. I had tried everything I heard of and the doctor's medicine did not help me. A friend told me about Mayr's Wonderful Remedy, and it has solved the problem, as I can now eat anything and have no distress." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. J. C. Perry, D. J. Fry and druggists everywhere.—Adv.

Stylish "Bobs"
Easy to Keep Thick,
Wavy, Lustrous

Girls! Try this! When combing and brushing your hair, just moisten your hair brush with a little "Dandergine" and brush it through your hair. The effect is startling. You can dress your hair immediately and it will appear twice as thick and heavy, an abundance of gleamy, wavy hair, sparkling with life, incomparably soft, fresh, youthful.

Besides beautifying the hair, a 5-cent bottle of refreshing, fragrant, "Dandergine" from any drug or toilet counter will do wonders, particularly if the hair is dry, thin, brittle, faded or streaked with gray from constant curling and waving which burn the color, luster and very life from any woman's hair.

"Dandergine" acts on the hair like fresh showers of rain and sunshine act on vegetation. It goes right to the roots, invigorates, nourishes and strengthens them, stopping falling hair and helping the hair to grow thick, healthy and luxuriant.—Adv.
