

MICHAELS-STERN CLOTHES

\$30.00 to \$50.00

The Slogan which is constantly before the great manufacturers of Michaels-Sterns Clothes as an incentive is this: "Fabrics and Workmanship, the Best for the Price." "Style and Fit, Unexcelled at Any Price." This succinctly sums up all the arguments which might be presented. Regardless of price, you cannot buy better designed clothes, more perfectly fitted, than Michaels-Sterns clothes. Neither can you find better values in fabrics and quality

of tailoring, look as far and carefully as you like, than are evident in Michaels-Stern Clothes.

Challenge the truth of these statements and compare Michaels-Stern Clothes with any other ready-to-wear clothes on the market. We know that your experience will prove the truth of these arguments and we know, too, that if you buy a Michaels-Stern suit or overcoat you will be thoroughly pleased with its long wear and good appearance.
