

INDIANS PLAY THE DALLES HI ON SATURDAY

Chemawa, Oct. 8.—Saturday afternoon the Chemawa Indians football team will go to The Dalles where they are to meet the grid-iron warriors of The Dalles high school. The Dalles has a strong combination and the locals are in for one of their hardest games of the season. They are expected to return victorious, however, as they have won both games they have played so far this season.

The Indians have prospects for one of the best teams they have had for several years. The husky full back, Coquille Thompson, from Siletz, has added one hundred per cent to the Redskins and several other new men had also added considerable strength to the Indians' eleven. Thompson carries the brunt of the Indians' offense and is almost sure of taking the ball through the opponents' defense.

The Indians' line is somewhat weaker than it is doubtful whether Regional De Poe will be able to get into the lineup. He was

Cod Liver Oil in Sugar Coated Tablets Puts on Flesh and Builds Them Up

In just a few days—quicker than you ever dreamed of—these wonderful health building, flesh making tablets called McCoy's Cod Liver Oil Compound Tablets will start to help any thin, underweight little one.

After sickness and where rickets are suspected they are especially valuable. No need to give them any more nasty Cod Liver Oil—these tablets are made to take the place of that good, but evil smelling, stomach upsetting medicine and they surely do it.

A very sick child, age 9, gained 12 pounds in 7 months.

hurt in both games played so far and it may be necessary to plug up his position with a substitute. De Poe's neck and shoulders have been weak for the last year and he got a severe jolt in the first game which doubled him up with pain. Mr. Bent, manager of the Indians expects to have the full Indian lineup in the game with the exception of DePoe.

Why should stores and shops have prettier floors than homes?

People like to walk on soft, quiet, attractive floors. That is why so many smart shops, so many up-to-date stores, hotels, colleges, and restaurants have pattern floors of Armstrong's Linoleum. You can have the same fine floors in your own home.

The smart shop above gains much of its charm from the attractive linoleum floor. At the left you see an equally attractive linoleum floor in a pretty sun porch.

In a shop or store, good floors mean good business. Alert merchants know this. That is why they install smartly up-to-date floors in their shops—floors that sparkle with color and brightness, floors of foot-easy Armstrong's Linoleum.

In a home, too, attractive floors mean attractive interiors. And like the good merchant, more and more thoughtful home-planners are introducing a new note of color and warmth in their tastefully planned homes with floors of patterned linoleum.

Four business reasons for better home floors

1. The business man knows that Armstrong's Linoleum is first of all an easy-to-clean floor. For the woman who does her own housework, this advantage does away with the drudgery of scrubbing brush and pail, gives her more leisure hours—and a tidier home.
2. He knows that Armstrong's Linoleum is a quiet, easy-to-walk-on floor. Here's foot-comfort, indeed, that every housewife will welcome.
3. Furthermore, he knows that

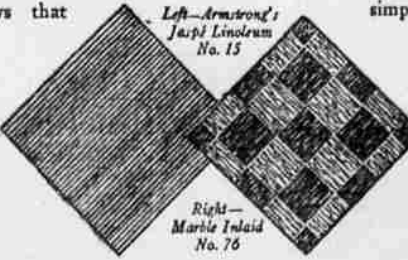

patterns that will do the same for your home, designs that trained decorators are suggesting to their patrons.

New book brings you patterns in full color

Many of the new Armstrong patterns are reproduced in their full richness of color in Hazel Dell Brown's new book, "The Attractive Home—How to Plan Its Decoration." This book describes a new and simple method for planning interior color schemes. Send for it. It is free.

Our illustrated book, "Business Floors," covers the ten points on which every business floor should be chosen. Many full-color reproductions of selected floor patterns. Write for your free copy on your business letterhead.

FOR home or office, you can select no better floor than this attractive two-toned effect called Jaspé. It comes in rippled browns, grays, blues, and greens.

The second pattern to the right is Armstrong's Marble Inlaid Linoleum No. 76. For a prosperous private office, for a dignified entrance hall, such a pattern is in good taste. There are 170 other designs you can select from—all make bright, attractive floors.
