NEW PROBE OF DESCHUTES UNIT PROJECT MADE

Andrew Weiss, assistant director of the federal reclamation department and W. W. Johnson, an associate economist of the department, are at Madras compiling data from reports that have been made previously on the North Unit project, the state engineer's office announced today.

The reports from which the data are being taken include one made in 1914 by the state in connection with the federal reclamation service, also the Wiley report made in 1921, the revision of estimates of the several projects embodied in the Fisher report of 1922 and the latest report known as the Powers report, made last year.

Mr. Weiss intends to make a study of all the previous reports besides making a first hand investigation of soil conditions, economic features, settlement possibilities and engineering features of the entire Deschutes project, and particularly with relation to the North Unit.

His report will be completed before the first of the coming year and will doubtless be used when reclamation next comes up for consideration in congress.

Grant Davis is attracting considerable attention at his farm on Liberty Hill. Mr. Davis has invented a new way of doing his farm work with ease. In fact he rides around in his Dodge car while a harrow, tied on behind does the work. The stubble field where he has been at work is a little hilly and a little rough, but this does not seem to bother the Dodge touring car or Mr. Davis either, for that matter.

The Brush Creek and Paradise road communities which have been in a game preserve for the past three years announce that they will remain in the game preserve again this season. The land owners of these two districts report that a few years ago outside hunters overran the land without as much as asking permission from the owners; that these same hunters were not particular if they trampled down a field of corn, kale or anything else which might be in their way; that they often shot around farm buildings and that if domestic poultry came in the way of the shot the hunters seemed to think that this was as good as wild game. The hunters often drove their cars into the fields. Another thing that the land owners objected to was that there were never any pheasant left for them to hunt when they got the time, as the grounds were pretty well covered the first few days of the season. These farmers are now forbidding outside hunters and in consequence the game has greatly increased here during the past few years. The preserve contains about 1200 acres. Those listed under the protection are Alfred Jensen, F. Munson, George Hauge, M. J. Madsen, William Maurer, John Dybevik, William Dybevik, John Goplerud, Fred Krug, John Moe, Dan Dybestter, Alvin Krug, Sam Stortz, August Elton, Alex Mathis, Carl Lorenson and H. Hairl.

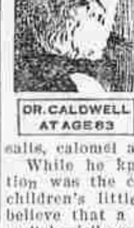
It's Cruel to "Physic" a Child



DR. CALDWELL AT AGE 83

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years it seemed cruel that so many constipated infants and children had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he did not believe that a sickening "purge" or "physic" every little while was necessary.

In Dr. Caldwell's Syrup Pepsin he discovered a laxative which regulates the bowels. A single dose will establish natural, healthy bowel movement for weeks at a time, even if the child was chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it is often months before another dose is necessary. Besides, it is absolutely harmless, and so pleasant that even a cross feverish, bilious, sick child gladly takes it.

Buy a large 60 cent bottle at any store that sells medicine and just see for yourself.

Dr. Caldwell's SYRUP PEPSIN

INGROWN NAIL

Turns Right Out Itself

A few drops of "Outgro" in the crevice of the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.—Adv.

For Kiddies' Colds

"Just Rub It On"

Mothers who have precious little lives in their keeping realize the danger to delicate stomachs of so much dosing.

That is why so many millions of mothers now depend entirely upon Vicks for croup and children's colds.

There is nothing to swallow—you just rub Vicks over throat and chest at bedtime and cover with a warm flannel, leaving the bed clothes loose about the neck so that the arising vapors may be freely inhaled. The child is usually better next morning.

Vicks can be used freely and often with perfect safety, even on the youngest member of the family.

Straighten Up! Nicest Laxative, "Cascarets" 10c

Don't stay headachy, dizzy, sick. Nothing else relieves that bilious, constipated feeling so nicely as candy-like "Cascarets." Take one or two of these pleasant laxative tablets any time, to gently stimulate your liver and start your bowels. Then you will feel fine, your head becomes clear, stomach sweet, tongue pink, skin rosy.

"Cascarets" gently cleanse, sweeten and refresh the entire system. They never gripe, overact or sicken. Directions for men, women and children on each box, any drug store.—Adv.

Dad's THRONE

Mother insisted, despite Dad's protest, that the old oak Morris chair had no place in the newly decorated living room. But daughter came to Dad's rescue, and brought his chair up-to-date by refinishing it in walnut with LUSTRELAC VARNISH STAIN.

Why not refinish those pieces of furniture grown old in service? You will find the correct finish to match practically every kind of wood; Lustrelac Varnish Stain comes in oak, light oak, dark oak, walnut, and light and dark mahogany.

Ask for a color card which gives directions for refinishing furniture. It also shows the various wood colors and explains how hardwood effects are secured on soft wood floors by using Lustrelac Varnish Stain.

You can now paint your property and pay on the *Bass-Hueter Monthly Payment Plan.* Call and let us explain this plan to you.

How this new service

helps you buy a finer watch

When you buy a watch you buy years of timekeeping service. If you divide the price of a good watch by the number of years you wear it, you will see that you are getting that service cheaply. The only thing, perhaps, that has kept you from buying the watch you want is the inconvenience of paying the full price in one lump sum.

Now, to overcome that inconvenience, we offer our new Divided Charge Account Service on Gruen Watches.

Now you need pay only part of the purchase price upon delivery. The remainder comes due at the end of each month following. And there is but one price for a Gruen Watch, no matter how you buy it.
