## CLUB WOMEN AGAIN ACTIVE AT SILVERTON

Silverton, Oct. 20.—(Special)—Society and club women are again busy at Silverton after a rest of the summer. A number of private parties are being planned for the next few weeks. The Women's club has again taken up its winter activities and studies, and the Parent-Teachers' association has done the same. The latter organization is giving a large reception at the Eugene Field building Thursday night. The reception is for the teachers, parents and friends. The American Legion auxiliary is preparing for a big dance, a masque ball, to be given at the new armory on Hillside on night. The Legion is contemplating arrangements for an Armistice day program which will also be the dedication of the armory. White's school of dance art which opened at Silverton last week also occupies the attention of a number of little maids and older maids of Silverton's social circle.

No less busy are the church circles. A social evening will be held at the Christian church next Wednesday evening. At this time a play, "The Country School," will be a feature. Numerous changes will be made but "school lunches" will be for sale during the evening. The ladies of the Congregational church have planned a chicken dinner for October 24th, and the St. John's women will give a lute-folk dinner on October 23rd, and the ladies aid society of the Methodist church will give a tea on the afternoon of October 23rd. Dorcas society will hold a food sale on the afternoon of October 21st at the I. & M grocery.

## CHEMAWA REDS PLAY ALBANY NEXT FRIDAY

Chemawa, Oct. 20.—Friday afternoon the Chemawa Indians football team will clash with the strong Albany college eleven. The Indians have been working hard since their last game with the Salem high school and are in hopes of taking the Albany players into camp. They have won their first four starts of the season and are rounding into better form with every game.

An undefeated season is something the Redskins are looking forward to and they have strong hopes of doing so, although they have several hard games before closing the season. The Indians showed better form in the Salem game than they did with the high school of commerce in the first game of the season.

Many of the fans who have followed the Indians record since the opening of the season have cause to retract their former statements that the Indians have a one man team. Thompson, big Indian fullback, has a tower of strength in both defense and offense in all of the games to date but is by no means the only man on the team. Solomon Fleury, halfback proved to be the star of the last game, getting away for several nice gains. One nice run through the entire Salem team for 65 yards was made by Fleury.

Fleury seems to have developed wonderfully in the last game or so and will probably be one of the fastest men on the team. This does not detract from Thompson's ability however, he is able to kick for good yardage, makes large holes through the enemy lines and is able to get away pretty fast. He was handicapped with a sprained ankle and broken finger in the last game. With two men to watch instead of one the Indians will be a hard aggregation to stop.

Manager Bent, of the Indian school has been working hard to get the best teams available and has scheduled some of the hardest games in several years. Heretofore the Indians have been easy pickings for their opponents but they are after games to get revenge and have been pretty successful so far.

An accident occurred in Jefferson Sunday afternoon about 4 o'clock p. m. at the road where you turn off from the Pacific Highway to go to Marion. The Chevrolet struck the Ford nearly causing it to turn over. A baby riding in the Ford was thrown to bottom of the car and badly bruised while its mother was badly shaken up. ## MRS. WILHELMY SAVED BY FRIEND

Doctor Advised Operation Friend Said Try Lydia E. Pinkham's Vegetable Compound First

St. Paul, Minn.—"I was all run-down from overwork and worry, had no appetite, could not sleep at night, and looked like a corpse. I have six children (five boys and one girl) and did not get any strength after my last baby was born. I was getting weaker and thinner everyday. The doctor said I had to go to the hospital, but this I could not do on account of my family. So I went to a friend of mine and told her what the doctor had told me and she said, 'Now do as I tell you. Try Lydia E. Pinkham's Vegetable Compound as I have done. It helped me.' So I started taking the Vegetable Compound and I noticed after the first few bottles that I felt considerably better. After taking 9 or 10 bottles I got over my fainting spells. Everybody who sees me now notices the great improvement in my health. I am gaining in weight and strength and am feeling fine. Eat well and sleep good nights."—Mrs. Mary WILHELMY, 309 Duane Street, St. Paul, Minnesota.

## A Sensible Talk to Girls, Women

Dr. Caldwell's Syrup Pepsin  
To Dr. W. B. Caldwell, M. D., a practicing physician for 47 years, it seemed cruel that so many constipated women and girls had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, castor oil and nasty oils.

While he knew that constipation was the cause of nearly all headaches, biliousness, sallow skin, indigestion and stomach misery, he did not believe that a sickening "purgative" or "physic" every little while was necessary.

In Dr. Caldwell's Syrup Pepsin he discovered a laxative which regulates the bowels. A single dose will establish natural, healthy bowel movement for weeks at a time, even for those chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it is often months before another dose is necessary.

Besides, it is absolutely harmless, and so pleasant that even a cross, feverish, sick child gladly takes it. Buy a large 60 cent bottle at any store that sells medicine and just see for yourself.
