

# FRANKIE LEWIS READY TO FIGHT ERNIE WOODWARD

Frankie Lewis is ready for a fight with Ernie Woodward, Portland fighter and winner of the ten-round main event between Joe Jewett of Seattle, or Jewett, according to his statement made last night. Lewis is working hard to be in shape should he be scheduled to fight one of these boys. His statement is issued to deny the fact that he had left town after seeing the two fighters battle at several of the fight fans stated after the fight.

Lewis re-issued the challenge to the two fighters and is ready to stand by his challenge. Woodward and Jewett are both hitters but it is going to be one of the hardest fought matches yet seen here if Lewis is matched with one of the two boys who fought here on the last card. Jewett, who lost the fight could hit might hard but showed that he had not had the experience. Woodward could also hit hard but had a little more scientific ability and was able to outsmart the loser.

Lewis thinks that he will be able to return with the verdict over the Portland boy and try wonderful chances of doing so. While Lewis does not hit as hard as either of the two boys he is able to connect often and quite hard. Coupled with his speed and ring smartness he will be a hard lead to beat. Lewis was not in the best of condition in the last fight here but has been working hard ever since and is in the pink of condition. In all fairness it must be stated that no one said that he had left town, but claimed that it had been reported that he was leaving after seeing the two boys fight. Lewis is quite popular with most of the fight fans but as shown on the last card several of the fans booed him when he issued the challenge. This does not detract from his ability, however.

## STIFFNESS AND ACHE GONE IN ONE NIGHT

Sportsman is "as good as new" after one treatment

Sportsmen have learned a simple way to take out pain and stiffness when they get lamed up from exposure or over-exertion.

A Philadelphia sportsman writes that he caught cold in his back while out gunning and the next day found himself so stiff and lame he could hardly bend.

"I went to work, but had to come home," he writes. "I applied Sloan's freely and went to bed. The next morning I was as good as new, thanks to the quick and sure action of Sloan's Liniment." (Name and address given on request.)

It is amazing what Sloan's does for any kind of muscular pain. Just pat it on lightly. No need to rub. Sloan's alone does the work.

Instantly it sends a healing tide of fresh, new blood right to the sore spots. Your muscles limber up, stop aching and get back their tone. So clean and pleasant to use, too. Get a bottle today. All druggists—85 cents.

**Croup Relieved Without Dosing**

Too much dosing is harmful to a child's delicate stomach. Often it lays the foundation for ill health in later life.

The next time a child seems croupy in the evening apply Vicks over throat and chest and cover with a warm flannel cloth. Leave the bedclothing loose about the neck so that the arising vapors may be freely inhaled. This usually prevents a night attack.

If croup comes on without warning an application of Vicks usually brings relief in 15 minutes.

Vicks can be applied freely and often, even on the youngest child with perfect safety.

## Education and Enjoyment

At the Pacific International Livestock Exposition, Portland, Oct. 31-Nov. 7, there is education to be had in wandering about the great exhibits of livestock and farm products; also from mingling with successful breeders from all over the country. The Horse Show provides all the thrills and enjoyment one could wish for.

The reason the United States National urges everyone to go is because we believe the Exposition will benefit our local community and, any undertaking that does this, we strongly endorse.
