CHARITY BOARD PLANS DRIVE FOR WINTER MONEY

With solicitors from the various luncheon clubs and bridge clubs enlisted into service next week in the one drive of the year to be put on by the Associated Charities, and with \$1.50 left in the treasury of the organization to meet a winter which threatens to be full of demands, every effort will be made to put over such a drive as will give the organization all the support that it needs for the year.

Solicitors will be armed with receipts so that everyone who donates will have evidence to carry in his pocket so he will not be pestered the second time. It is the plan to clean up the situation all in one drive, and those who give are asked to give at one time what they wish to give to this work so no further onslaughts will be considered necessary.

While there is but \$1.50 in the association's treasury already ready there are many cases needing attention. The association urges that, in addition to money, clothing, shoes, bedding and other necessities be donated to assist in present wants.

Members of the local post of the GAR will hold a meeting Thursday afternoon at 3 p. m. at the home of Mrs. E. M. Southwick, at the corner of Marion and 12th streets. George H. Duncan, said to be connected with a manufacturing establishment in New Hampshire, spoke on the subject, "Rational Taxation," before the Salem Kiwanis club at its luncheon this noon. Mr. Duncan began by declaring that taxes are irrational which are levied against both products and land, since the one brings prices of products up and the other forces the price of the land down, and ended by advocating a tax on land only. Although he did not mention the single tax by name, his final idea was similar to the single tax in that it would ignore the improvement placed upon property. Duncan assailed the inheritance tax along with the tax on property improvements, declaring that the inheritance tax had had "disastrous results." He stated that great wealth had accumulated in Florida through the abolishment of the tax on young forest trees, stating that still more wealth could be accumulated thru still further tax abolishment.

"PETER PAN" ON BILL AT BLIGH

Found—An American boy who doesn't want to grow up and is president.

He is "Peter Pan" in Herbert Brenson's production for Paramount of J. M. Barrie's popular fantasy.

Because Peter heard his mother says that one day he would grow up and be president, he ran away from home the day he was born.

"I won't grow up and be president. I want to remain a boy and have fun," says the wonderful little woodland sprite whose story has appeared to millions since its first appearance on the stage of the Duke of York theater, London, December 27, 1904.

Betty Bronson, selected by Barrie, himself, plays the role of "Peter Pan." Ernest Torrence, Cyril Chadwick, Virginia Brown Faire and Anna May Wong are featured in the production which will be shown tomorrow at the Bligh theater.

ELKS HOLD OPEN HOUSE TONIGHT

Officers of the Elks lodge and their wives will be stationed on each side of the entrance hall to greet visitors who come to inspect the new temple of the local lodge tonight and committee members will be stationed throughout the building to take care of visitors as they come.

The open house, from 7 to 11 o'clock, includes an invitation to everyone, as Elks are anxious for the people of the city generally to see the beauties of their new temple.

Various meetings of other organizations for this evening have been planned so as to give an opportunity for attendants to also visit the lodge inspection and it is expected that thousands will file through the building tonight.

SNOW AND ICE COVER MONTANA GENERALLY

Denver, Colo., Oct. 27.—(A. P.)—Chilling blasts from the north, which yesterday brought heavy snow and freezing temperatures to the northwest today were enveloping the Rocky mountain region in the first seasonal cold wave.

Harro, Mont., was probably the coldest spot in the United States today when the mercury there descended to 2 degrees above zero. Other parts of Montana reported near zero weather, the thermometer registering eight above at Miles City and Helena.

Snow which today blankets the country from northern Washington eastward across Montana and northern Wyoming and South Dakota, is expected tonight in parts of Colorado and Utah.

TWO AGGIE STARS OUT RESULT OF INJURIES

Corvallis, Or., Oct. 27.—(A. P.)—Wes Schulmerich, mainstay of the Oregon Agricultural college backfield, and Bell, fullback in the pony combination, are out of the game for an indefinite period as the result of injuries suffered in the Stanford game last Saturday. For a while yesterday it was feared Schulmerich's leg was fractured, but an X-ray revealed a torn ligament. He may be back in the lineup for the Montana game next Saturday. Bell's injury is not so serious.

ON THE AIR BIDS OPENED ON CONTRACTS FOR 70 MILES ROAD

Portland, Oct. 27.—(AP)—Bids on 70.3 miles of road work, to be started next spring, were opened today by the state highway commission. Awardees will be announced after the bids are tabulated and analyzed.

The commission this afternoon is to consider the matter of granting a franchise for building a toll road between Forest Grove and a point near Tillamook. The Washington county and Tillamook county courts were present to confer with the commissioners. Expressions by the county delegations and the commissioners this morning indicated the proposal would not be favorably considered.

Thirteen bids were received for the 12.5 miles of grading on the Hereford-Mill Gulch section of the Baker-Duiker highway in Baker county. This job was re-advertised because the location of the road as previously advertised was changed after the contract had been awarded.

Contractors from San Francisco to Spokane are numbering among the 14 bidding for the job of surfacing 28.2 miles of the LaPine-Cornal Springs section of the Deschutes highway (Fremont Trail) in Deschutes and Klamath counties.

When this work is completed next year, the entire highway between The Dalles and Klamath Falls will be macadamized, and on a very fine grade. The contract called for this morning is the last surfacing job to be let on the entire Fremont Trail.

Sixteen bids were received on the Lena-Vinson section of the Oregon Washington highway in Morrow and Umatilla counties. This work will be 16.1 miles of grading and closes the last gap on this highway between Pendleton and Heppner.

Seven bids were opened on the east unit of the Beatty-Drewa Valley section of the Klamath Falls-Lakeview highway. The work consists of clearing 14.5 miles of right of way.

Two sets of bids for buildings to be used by the highway commission were opened, ten bids being received for the two frame buildings for shop and storage purposes at Coquille, and five bids for two like structures at Klamath Falls.
