

CALIFORNIANS SAY ROAD INTO OREGON SHAME

"Californians are going to southern states where they can enjoy in comfort and safety," a California man is quoted by a San Francisco newspaper as saying upon his return from a tour of Oregon and Washington last summer. A clipping of the editorial in which the quotation is printed has been brought to Salem by Mrs. Rose Gamble, of 250 North Cottage street, recently returned from a trip south, who says, "I can vouch for the truth of the article as I have experienced practically the same thing that this man has."

Printed under the caption, "Our Northern Welcome Diagrams to California," the article in the San Francisco paper, completely biases the belief popular in some circles among Oregonians that California is a good place to which to travel as compared with this state.

"When you consider," says the editorial, "that a motorist can ride around Mt. Hood and almost to the top of Mt. Rainier on paved roads or go along the magnificent Columbia river highway on a fine paved boulevard, it does look as though California had been backward in road construction."

It tells of a Californian—the same one who was quoted—who "recently returned from a motor trip to British Columbia through Oregon and Washington. When he got back to San Francisco his eyes were snapping. He was man clean through. Entering his own state from the north, he said, was the first time since he had touched wheel on American territory that he had had to drive in a cloud of dust." The editorial goes on to say that the motorist "took dirt all the way" through northern California with the exception of a few miles near Mt. Shasta City.

The statement is made that 15,000 American tourists, many of whom could have been attracted to the Pacific coast took their autos to Europe last year.

CHIEF ORDERS POLICE TO PADDLE MASHERS

Bellingham, Oct. 28.—Bellingham's young "cake eaters" and masher who annoy young women will be treated to liberal use of the paddle henceforth, Chief of Police N. J. Rust announced today. Officers who catch "he flappers" in the act will be given the option of carrying paddles or using the palms of their hands.

"After this," said the chief, "we won't flatter these male butterflits with arrest—we're going to spank 'em."

STUDENT UNDER ARREST AS THIEF

Portland, Or., Oct. 28.—(A. P.)—Portland detectives today arrested Cecil J. Pearce, 25, charged with thefts of medical supplies and apparatus, and jewelry. He was also charged with having stolen supplies from the armory at Eugene.

Pearce, who graduated from the University of Oregon with the class of '25, came to Portland to continue his studies at the University of Oregon medical school. He was employed at Luckey's jewelry store at Eugene part time, and also at the Mercy hospital, Eugene while studying at Eugene.

Police said that when they searched his room today following his arrest they found medical supplies, surgical instruments, bits of jewelry and army shirts.

Police were investigating disappearance of articles of jewelry which W. W. Bristow of Luckey's jewelry store, Eugene, said had disappeared.

Pearce's arrest followed an investigation by H. C. Anton, special agent for the Portland school district, of the disappearance of a microscope from Lincoln high school at the summer course.

VERNON PLAYER WILL SPEND WINTER HERE

"Fuzzy" Carson, former Mt. Angel student and member of the Vernon baseball club of the Pacific Coast league, is in Salem and expects to remain here for the winter. Carson at one time was a member of the Salem Senators ball club.

Three years ago Carson was the star hurler for the Senators and proved to be of excellent caliber. From here Carson went to the Vernon club where he has been ever since. This season was the best yet had with the Coast league club. Carson is young and will very likely have a chance to go up to the majors in a few years. Next spring he will report back to the Vernon club.

AGGIE COACHES SEE MONTANA AS WORTHY RIVAL

Oregon Agricultural College, Corvallis, Oct. 28.—Back from their terrific battle with Stanford the Oregon Aggies are now looking into the personal achievements on the football field of Sweet and Kelley, and their team mates on the University of Montana eleven.

Scout Clyde W. Hubbard reported that Montana can be expected to give the Aggies one of the toughest battles of their coast conference schedule. "The Grizzlies started in this fall with an entire eleven of veterans," Hubbard said. "Some of their freshman material had such good ability that Coach Stewart put several of them on the first string, and in the probable starting lineup next Saturday he has two of these sophomores listed to start, and several might good ones in reserve. This material has had the kinks ironed out pretty much by now and when they face us for our Homecoming game Saturday they will be going strong. There are no better backs on any team than this Kelley and Sweet."

"They work together on forward passes in an uncanny way. Kelley does the heaving and he always manages to put the ball in Sweet's hands. Sweet, be it remembered, is 'pretty' fast. In track meets last

summer he was clocked on the hundred in 9 three and several times in 9 four, which classifies him as one of the fastest humans on earth. Put this streak at large on a football field and he will run Olympic races all over the lot."

Accidentally Killed.
Waltersville, Or., Oct. 28.—Waltersville has received here of the death in Montana of Charles Williams, former resident of this place. Williams was accidentally killed. He was a brother-in-law of Hal Jennings of Waltersville and a son of Mr. and Mrs. T. H. Williams of Cottage Grove.

HERWIG RESIGNS AS HEAD OF DRY FORCES

Portland, Or., Oct. 28.—Because of poor health, W. J. Herwig, superintendent of the Oregon Anti-Saloon league since 1920, yesterday resigned. His resignation was accepted by the executive committee of the organization, and he will be succeeded by Rev. Ray E. Close, secretary. Mr. Herwig plans to remain in Portland until his health improves and then he may go east for a time.

Mr. Close formerly was pastor of

the Third Baptist church and later served as secretary of the Council of Churches. He will also succeed to the editorship of the Oregon Issue, new state organ of the league.

PILES

The Testimony of Others
IN my new book which may be had FREE upon request, on PILES and other Rectal and Colon disorders, I have reproduced nearly 100 letters from among those received from my thousands of patients. These tell you frankly of their years of suffering of their trying home remedies and even operations, and finally, of their complete cure by my NON-SURGICAL method. These are from men and women of every station, many of whom you may know. You will learn by reading this book why I can give a WRITTEN GUARANTEE to cure your Piles or return your fee. *Selection from many years experience.*

INSTALL MACHINERY IN LINEN MILL SOON

Vancouver, Wash., Oct. 27.—According to rumors prevalent over the week-end installation of machinery in the Washington-Oregon linen mill plant here will begin this week, arrangements having been made whereby the financial difficulties confronting the concern have been overcome.

It is understood that the shipments of that portion of the machinery, which has been stored for several weeks after having been shipped here, have taken much in the concern, rather than ready, and early opening of operations is forecast.

DRIVES SEAPLANE AT 245 MILES PER HOUR

Bay Shore Park, Baltimore, Md., Oct. 28.—(By Associated Press.)—Lieutenant James H. Doolittle, United States army set a mark of 245.713 miles an hour, in speed trials over a three kilometer straightaway course this afternoon—the fastest time ever made by a seaplane. Lieutenant Doolittle flew the little black Curtiss racer in which he yesterday won the Jacques Schneider trophy. Doolittle's time is a world record which will become official when recognized by the Federation Aeronautique Internationale.
