

SPUDS ADVANCE RAPIDLY WITH GROWERS HOLDING

Portland, Oct. 30.—(AP)—Short snappy advances in the local potato market during the past week have been so rapid and values so irregular both in the country and in the city, that Portland dealers and jobbers are all "up in the air". No one seems to know just what the actual market is on potatoes and consequently the wide range of buying and selling prices today.

There is more or less a panicky feeling in the potato market. Growers naturally are very bullish and in most instances in no mood to sell. Many look for extreme high prices and are holding. On the other hand dealers are very skeptical of the sudden advance and not eager to take on supplies at the higher prices. They openly admit that the advance was too sudden and too large to create a healthy condition.

Today buying prices in the country range all the way from \$1.30 to \$2.25 with some extra large Burbanks held at \$2.50. In the city wholesale dealers are quoting \$3 on Burbanks with some U. S. No. 1 fancy stock at \$3.25. Yakima stock ranges all the way from \$3 to \$3.50 per hundred.

Firm underlies is showing in northwest ship markets. Recent sales in this territory made at 2 1/2 cents. While the statistical position of the market is none too strong, local buyers are again in the field trying to pick up supplies. Eastern market on coast hops ranges from 27 to 30 cents.

COLD WAVE OVER EAST SUBSIDES CROPS HARD HIT

Chicago, Oct. 30.—(AP)—A slow reaction from the cold wave in the Rocky mountain and central states was promised for today and tomorrow though prospects were that Halloween would see snow. Seasonal temperatures were forecast for Sunday.

This cheering information from the weather man balanced in part the sad stories from Iowa, Minnesota and Colorado potato growers, whose unharvested crops suffered heavily from frost.

Colorado cultivators of the spud suffered a loss of a half million dollars and prices jumped from \$2.50 to \$3 a hundred pounds.

Government reports said some 700 carloads of potatoes were ruined during the last fortnight.

Growers near Davenport, Iowa, estimated their loss at about 20 per cent.

Nebraska yesterday took from South Dakota the doubtful honor of being the coldest spot in the country with Gordon's unofficial thermometers reading 11 below zero. Montana led in heavy snowfall with more than 16 inches in some places. Ranchers face considerable loss to crops and stock unless a moderating wind brings relief.

MOHAIR MARKET STRONG; LITTLE IS LEFT UNSOLD

Portland, Oct. 30.—The mohair market is in a healthy condition with a cleanup of most of the supplies from first hands and prices abroad very firm. Practically all of the fall clip in Texas, Arizona and New Mexico has been disposed of. Eventually the English market has to depend on dealers' stocks or the foreign markets until the spring clip of the Pacific coast comes on.

As for the foreign markets they are much above the level of the domestic markets and in consequence there has been little opportunity for the importation of hair. Evidently, the English market has been somewhat less active, however, as there is a slight disposition to shade prices for export to this side. The disposition, however, is not sufficiently pronounced to have resulted in much business as yet.

As regards the foreign primary markets, notably South Africa and Constantinople, it is interesting to note that English buying has been responsible for the bulk of the movement in each of those two markets. Prices in Cape markets for good water firsts have been pushed up by English buying to 16 to 15¢. In London, the market in late September in Constantinople for English account at prices 6d to 7d below the prices prevailing at the peak last winter after a stagnant period of some six months.

In miscellaneous wools, interest in the eastern markets continues to be shown to a moderate extent in bid lots at \$1.05 to \$1.10. In combed hair wools of first quality, some \$1.50 to \$1.55, and in good single combed clear cashmere wools at around \$2.50 to \$2.60.

LINER TO CARRY HOPS TO EUROPE

Portland, Oct. 30.—Parade of Oregon hops for Europe to be floated here next week aboard the German steamer Alma, due Monday from Bremen and way ports in the schedule of the United American Line, will amount at least to 1200 bales. It is indicated in bookings with the Columbia Pacific Shipping company, Oregon agent. The Alma is on her first voyage in the present service and is one of the Royal land line carriers. Dried fruit and canned goods will be part of the freight loaded here.

Oregon eggs for the United Kingdom, some of which were loaded recently, also will be in the cargo of the Pacific Trader, of the Firnesse line, space having been taken for 1500 cases. There will be 34,000 boxes of fresh apples on the ship as well as consignments of canned goods and prunes, 752 bales of hops and 500 tons of barley. The Norwegian steamer Hallgryn, an extra vessel in the Furness schedule, has loaded dozens, canned goods and dried fruit and departs today from the Admiral line terminal for the British Isles.

WINK PROVES GUARD ALIVE

London, Eng.—London is full of tourists from practically all countries and most of the overseas visitors never fail to be interested in the stalwart guardsmen on duty at the House Guards headquarters in Whitehall. Some stare at them deliberately and one French girl refused to believe one motionless figure was alive. She stood alone and eyed him, then suddenly joined her English friends looking somewhat flushed. She explained that the soldier was real after all—he had deliberately winked at her.

The Piercing Pains of NEURITIS

Torturing pains—the kind that pierce and burn and never seem to let up—that rob a man of his sleep—that make him just a bag of nerves and all worn out.

Those are the pains that dope and cool tar products can only relieve. You've got to get something more lasting.

The quickest, safest and surest way to get rid of the persistent, nerve racking pains of Neuritis is to get a bottle of Allenburys Special Formula No. 2. Be sure you get No. 2, which comes in capsule form. Take these little dark green capsules as directed and notice how in about 24 hours they have considerably reduced if not entirely banished those aching, torturing pains that have caused you so many sleepless nights. Continue for two or three days more or until the pains have entirely disappeared.

It doesn't matter how long you may have suffered or whether your Neuritis is in the shoulder, arm, neck or legs, Allenburys Special Formula No. 2 will stop the torture and give you speedy relief.

The U. S. Perry Drug store at any good drugist will be glad to supply you. Mail orders accepted. —Adv.

PRICES OF WOOL ARE STIFFENING

Boston, Oct. 30.—(AP)—The Commercial Bulletin will say tomorrow:

"There has been a broader market this week and the tendency of prices is to harden, even against very strong opposition from the buyers. Prices are occasionally a cent dearer in the grease. Woolen mills are showing more interest, although the big trade is still for worsted wools.

"Foreign markets are very buoyant and generally five per cent dearer for the week. France and England are free buyers in all primary markets."
