LOCALS

"Harvest Home Week" will be observed at Jason Lee Methodist church next week, it was announced today. On next Sunday morning the young people of the church will hold a special harvest home service, to which members of the old people's home, the G. A. R., and other organizations of elderly people, together with those not belonging to organizations, are to be invited. Announcement has been made that automobiles for transportation to the church services Sunday or to the banquet the following Friday, can be secured by calling 2106J on the telephone. At the Sunday services all old people will be met at the door and presented with special bouquets. Rev. Thomas Acheson, the church pastor, will preach on the subject, "An Enlarging Horizon." The banquet Friday night will be the climax of the week's services. At the banquet every young person will bring an old person of the opposite gender. A program will follow the banquet.

Guy Rathbun, Willamette university coach, today wrote to the College of Idaho accepting a game to be played there on Thanksgiving day. The College of Idaho is reputed to have a strong team, having lost to the University of Idaho by only one point at the opening of the season.

Dance Monmouth Fri. nite. 264

Agitation to make several Salem streets through streets was started at this noon's meeting of the Marion-Polk County Realtors' association. In the past all main state highways are routed straight thru the cities and towns, and have the direct right of way over any car coming from either side, it was stated. "And after you get out of Oregon there's no such thing as a speed limit," F. N. Derby claimed. "In Ohio you'll see signs saying, 'Use your judgment.'"

For sale, $450 mortgage, will discount liberally. Room 1, 341 State. 264*

The state board of control yesterday instructed the superintendents of the several state institutions to take up with their employees the question of coming under the protection of the workmen's compensation act. W. A. Marshall and Dillard A. Elkins, members of the state industrial accident commission, which administers the act, presented the matter to the board. Employes of the state penitentiary and the state prohibition department recently came under the act and employes under the superintendent of the capitol and supreme court buildings have been circulating a petition for the purpose, but not all have signed it.

PHELPS ATTACKS EVOLUTION IDEA

A capacity house greeted Guy Fitch Phelps, noted fundamentalist at the First Evangelical church to hear him discuss the subject, "Absurdities of Fundamentalism" last night. In his address Mr. Phelps insisted that evolution is not difficult to understand. He declared further that "a struggle for existance degenerates rather than any thing else." Attacking what is regarded as the main issue of the evolution controversy, Mr. Fitch asserted that no proof exists that one species in nature has ever evolved from another.

"Evolution," he said, "is the law of the club and the fang. It is merciless, cold, brutish. It destroys man's moral responsibility."

Evolutionists, he continued, are at war among themselves and do not agree. "The fellow who puts God into his evolution is laughed at by the naturalistic evolutionist.

"Evolution," he concluded, "has been forced upon us and we must fight. If evolution is true, then the Christian doctrine and the atonement are unnecessary."

Mr. Phelps speaks tonight on "The Evidences of the Evolution of Man."

SCARLET FEVER IN SILVERTON

Silverton, Or., Nov. 4.—(Special.)—At the regular November meeting of the Delbert Reeves post of the American Legion nomination of officers was held. Election will be held a the first Monday in December. Earnest Starr was nominated for commander, with C. Y. Morgan and George Anderson for vice-commander. Adjutant nominations were B. Barrevik, Casper Towe and L. Cooper. W. Arbuthnot was nominated for finance officer, while committeemen nominations were Paul Wray, Charles Reynolds, Harry Carson and G. O. Bock.

TROJANS TRAIN FOR IOWA CLASH

Los Angeles, Cal., Nov. 5.—(A. P.)—Coach Howard Jones is "pointing" his University of California football machine for the game November 21 with the University of Iowa in which the Trojan mentor will pit his strategy of today against that of yesterday in defense of western gridiron honors.

Contests with Santa Clara university, Saturday, and the University of Montana the following week-end looms as obstacles in the path of the Trojans before they meet the Iowans, thus far undefeated. Santa Clara, coached by Adam Walsh in the Notre Dame shift style of play, is expected to be the harder of the two to beat, having furnished some stiff competition for northern teams.

Jones apparently intends to build his running attack around Morley Drury, halfback, whose smashing gains played a spectacular part in the Trojan victory over Idaho last Friday.

7 SELECTED TO OUTLINE CITY PLANS

(Continued from page one)

and boulevards, the relief of traffic congestion, the betterment of housing and sanitation conditions and the establishment of zones or districts limiting the use, heighth, area and bulk of buildings and structures; to recommend to the city coucil and all other public authorities plans for the regulations of the future growth, development and beautification of the municipality in respect to its public and private buildings and works, streets, parks, grounds and vacant lots * * .. to study and to propose such measures as may be advisable for the promotion of the public, interest, health, morals, safety, comfort, convenience and welfare of said city, and of the area for six miles adjacent thereto.

Must Approve Plans.

The ordinance also provides that all "maps, plats and replats of land laid out in building lots and the streets, alleys or other portions of the same" within or adjacent to the city limits shall be submitted to the commission for its approval. It also provides that all ordinances dealing with the matters coming within the jurisdiction of the commission shall be submitted to it for recommendations before being introduced in the council.

With the broad powers vested in it, it is anticipated that one of the first acts of the new commission will be to formulate a new building and districting code for submission to the council.

No date has yet been set for the first meeting of the commission, when it will be organized, but it is expected that it will be called for sometime next week by Mayor Giesy. At that time the commission will elect a president and vice-president, and probably select a secretary, who need not be a member of the commission. Rules of procedure will also be promulgated at that time, and apportionment of the respective terms of office of the commissioners will be made.

The ordinance provides that one of the seven commissioners shall serve for a term of one year, two for terms of two years, two for terms of three years, and two for terms of four years. Length of the respective terms of office shall be determined by lot. Their successors are appointed by the mayor for a term of four years.

The commission is required to meet at least once a month and is authorized to employ consulting experts, a secretary and such clerical help as is required. The commissioners serve without pay.

CITY SCHOOL BUDGET CUT TO VERY BONE

(Continued from Page One)

nues will be increased due to the natural 6 per cent raise permitted by law, and there will also be an increased revenue from tuition under the regulation passed by the last session of the legislature, by which the Salem district will be permitted to charge outside districts who send pupils here, not only for the actual cost of instruction, as hertofore, but also for the depreciation and use of buildings and equipment.

"There would have been no use in going to the voters with a request for the $9600 needed" Superintendent Hug said today. "The sum is so small that nobody would have considered it necessary to do any agitating in its favor, and when it came to a vote the people would simply have voted it down."

At tonight's meeting a list of expenditures for this year will be presented to members of the special committee, along with a list of expenditures for previous years, if William Burghardt, clerk, succeeds in having the lists prepared. At the meeting Tuesday night the committee adjourned because the lists of previous years, which they stated were required by law, were not available.

IF I WERE A CITY COUNCILMAN?

(Continued from page one)

need is more publicity," they cry. "We have the resources. We have the soil. We have the climate. We can turn out the products, but nobody knows about it. Now look at California, without half our natural blessings——" and away they go. California can't produce the stuff we can, they complain, and yet California gets all the credit for our products and we get nothing. People the world over, buying this, that, and the other Oregon product, can see for themselves that it is the best on the market but, directly or indirectly, brazenly or tacitly, California takes unto herself all the credit and leaves us nothing. Oregonians know that this is true, residents of the Willamette valley know it, Salemites know it, yet all any of them ever do about it is just talk.

Now since you ask me, Mr. Editor—and I take it you have asked me along with the rest of your subscribers—I am going to suggest that this neck of the woods needs to pull a stunt that will take some of the wind out of the Californians'—er, mouths, and at the same time give us a few puffs up here. Something sufficiently unique and unheard of so that it will go across for a lot of publicity. "Sure, but what is it?" you say. All right, I'll just tell you.

If I were a Salem city councilman, I would advocate bringing suit, in the name of the city of Salem, and in behalf of the entire Willamette valley, against California to recover damages sustained through the carefully fostered misrepresentation in which our southern neighbors have indulged, all to the detriment of Oregon, and particularly this section of Oregon. The suit might be filed against the state itself, or against one or all of the many propaganda organizations of our sister state to the south. The points of law involved are inconsequential, for we'd never get any of the money we demanded anyway.

But the idea would be to allege the superiority of our products, and the fact that California has taken credit for them, to our detriment, and demand damages as high up in the millions as the stenographer's typewriter happened to go.

I just have a hunch that, if it were done in the right way, this valley, particularly Salem, would become famous over night.

Number Six

To the Editor—"If you were a city councilman, what would you do?" you ask.

I take it you are addressing me along with all the rest of your readers. Now if I win one of the cash prizes offered for letters on the subject of "What I Would Do If I Were a City Councilman" I beg of you to give it to the Associated Charities to be applied on rental for the headquarters that the city council hasn't yet provided.

Well, what would I do if I were a member of the Salem aldermanic council? Here are a couple of things I would do.

First, I would insist that the next budget carry an appropriation for street lighting sufficient to get Salem out of the dark. The chamber of commerce is fond of saying that Salem is on the map. But it does no good to put a town on the map if you can't see it. A stranger recently averred that Salem is the poorest lighted city in the United States, and he wasn't far from right. Two blocks away from the business district on a dark night, you have to grope your way along to keep on the sidewalk. To an approaching traveler from any direction Salem at night is only a dull glimmer on the landscape. A half-hearted light at every other street intersection isn't enough. Come on, boys, let's turn on the glim!

Secondly, if I were a city councilman in Salem I would get rid of these dod-rotted bumps of brick and steel wherever a street crosses a railroad track. They're terrible. Take South High street for instance. You have to hold your hat, and it makes the baby cry and the wife mad every time you drive across those tracks in your car. Cut 'em down.

PERMANENT SOJOURNER.

Died

HILL.—Clara R. Hill died at her residence, 1660 Fir street, on Nov. 4, at the age of 42 years. She is survived by her widower, E. T. B. Hill, one son, Howard Edward, both of Salem, a brother, Arthur O. Robinson of Austin, Wash., and three sisters, Mrs. Pearl R. Grote and Mrs. Nellie Kunkel, both of Salem, and Mrs. Berdie Crabtree of Carleton, Or. Funeral services will be held at Webb's funeral parlors Friday, Nov. 6, at 2 p. m. Rev. Fred C. Taylor officiating. Interment in City View cemetery.

BROWN—Mrs. Maybelle Brown died in West Salem on Nov. 5 at the age of 19 years. She is survived by her husband, Ivan Brown, one daughter Dorie, both of West Salem, and her parents, Mr. and Mrs. Orion F. Carpenter, a brother, Claude Chapman and a grandfather, Frank Carpenter, all of Jefferson. Funeral services will be held Saturday, Nov. 7, at 10 a. m. from the Rigdon mortuary. Interment in the Mount Scott cemetery in Portland.

NELSON—Julius Nelson died at a local hospital Nov. 4 at the age of 75 years. He is survived by his widow, Rachel Nelson, and two daughters, Mrs. Laud Hamilton of California and Mrs. Fred Keens of Nebraska. The remains are at Webb's funeral parlors. Funeral services will be held from the Webb funeral parlors Friday, Nov. 6, at 3:30 p. m. Rev. W. C. Kantner officiating. Interment in City View cemetery.

THE DEATHLESS SPIRIT

Never the spirit was born; the
spirit shall cease to be never;
Never was time it was not; End
and Beginning are dreams!
Birthless and deathless and
changeless remaineth the
spirit forever;
Death hath not touched it at
all, dead though the house
of it seems.
—Sir Edwin Arnold.
