With the heaviest rainfall of the year since Feb. 8 falling in the 24 hour period ending at 7 o'clock this morning, the Willamette river at Salem took the most rapid rise it has taken since last spring, rising 1.4 feet. Ninety six hundredths of an inch of rain fell between 7 a. m. Wednesday and 7 a. m. today. The amount is exactly the same as the entire rainfall during the month of June this year, and is more than the entire rainfall during July, August and October combined. The only other two days of the present year showing a greater rainfall were Jan. 29, with 1.64 inches, and February 8, the wettest day of the year, with 1.11 inches.

NON-SKIDDING FACE RENOVATOR FOUND, IS CLAIM

Paris, No. 12.—(A. P.)—Non-skidding paraffin is the latest hope which Paris beauty doctors are holding out to those with old faces who desire to be made young looking.

Many of the faces rejuvenated years ago by injecting paraffin under the skin to fill up hollows and wrinkles have assumed their old time look because the paraffin slipped.

One notable case was the husband of a well known actress. The wife insisted that he should have his face re-plumped so that she would not be forced to get a divorce from him. She said he looked too old when he appeared in public with her. She herself had been worked back into a seemingly young girl under the skillful methods of the beauty doctors.

The husband underwent the necessary treatment, but the paraffin used to take out the seams and furrows of his face melted and ran downward, puffing out his cheeks and jaws.

As the man was well known in Paris, his case was a great tragedy for the "face lifters."

The demand for the paraffin treatment became almost nil and investigators went to work to discover a non-skid way. This, they now affirm, they have found.

RHINELANDER SAYS SPOUSE DECEIVED HIM

(Continued from Page One.)

repeatedly lost by the plaintiff's attorney yesterday, turned up today, having been misplaced among other papers.

The rest of the morning was taken up in reading Alice's letters to young Rhinelander, most of which repeated her love for him and her loneliness because of his absence.

Lee Parsons Davis, counsel for Mrs. Rhinelander, objected to reading of certain portions of the letters, which he described as "filthy" but Justice Morschauer overruled him.

Love Letters Vanish.

Sixty love letters to Rhinelander from his negro bride have vanished.

Carefully guarded as evidence in his argument suit, they have gone from possession of his counsel.

When Rhinelander testified yesterday in his own behalf, six out of 426 letters in the possession of his attorney were introduced.

Isaac N. Mills, chief counsel, called for more letters and Leon R. Jacobs, associate counsel, fumbled nervously through a stack of brown envelopes on a table looking for them.

"They're gone," he whispered, with an ejaculation. "They were right here before the last recess and now they're gone. They haven't been out of my hands for a year, except when they were in a vault, and now I leave them for a minute and come back to find them gone."

The Rhinelander counsel table immediately became a scene of consternation. Mills remarked that Jacobs probably left them in his office. Attorneys said if the letters were not found the plaintiff's case might be weakened.

Among the letters are some that caused the presiding judge to announce that all young people would be barred from the court room.
