It is the red blooded people who win success in this world! Red blood gives men and women the vitality—the energy—the strength and the activity to earn what they deserve!

Nobody can do justice to themselves when they are suffering from want of rich, red blood. It is this impoverished condition of the blood that causes so many failures in life. There's no place at the top for the weakling—the men and women with poor, weak blood.

Build up your blood! Get in the red-blooded class—and get the rewards you deserve. S. S. S. will do it for you! S. S. S. helps Nature build millions of red-blood-cells! S. S. S. sends rich, red blood tingling to every fibre of your body and every pore of your skin. You are fairly radiant with energy, vim and vitality.

You'll look like success, too! The rich, red blood that S. S. S. helps Nature build for you will clear your skin of any ugly blemishes—your eyes will sparkle with enthusiasm—firm, solid flesh will round out your figure—strength and power will come to weak, flabby muscles. All drug stores sell S. S. S. The larger bottle is more economical.

A good start is half the cake

Of course you have to be a good cook to make good cake, but with good materials it's easy to be a good cook.

For instance, a good shortening like SNOWDRIFT is a big help in making good cake. It is much easier to cream SNOWDRIFT in with the other ingredients because it is so creamy itself. SNOWDRIFT is so delicate it makes your cake rich without changing the flavor. There just couldn't be anything nicer for making cake.
