## Afternoon Affairs Mark Week

Seldom is a week more crowded with bridge parties than the one which closes today. Practically all of the leading clubs held meetings this week and a number of prominent matrons chose this time for bridge parties—both large and small. With Armistice day coming mid-week, large or formal affairs were planned.

Eugene is the mecca today of a goodly number of Salem Alumni of the university are spending the week end at their fraternity houses, others are motoring down for the game and plan to return tonight.

Outstanding among the events of the past week was the formal dance of the Monday night dancing club in Derby hall on Monday evening with dancers preceding and supper following the dance. More than seventy five guests attended the wedding of Miss Annabelle Golden and Wayne E. Kahn in the First Congregational church on Wednesday.

A distinct musical treat was offered music lovers of the capital city last night when Alfred Hollins, famous English blind organist gave a concert in the First Methodist church.

**Cuticura Promotes Permanent Hair Health**

Shampoos with Cuticura Soap, with light applications of Cuticura Ointment when necessary, tend to free the scalp of dandruff and minor eruptions, and to establish a permanent condition of hair health.

Run-down, irregular, and I had terrible headaches, and my back and side hurt me so that I could stay up only a short time. My limbs would get so tired and ache till I could cry. I started to take the Vegetable Compound again and used the Serrative Wash, and it was not long till I was relieved. Now I do all my own work and help others. I sure praise Lydia E. Pinkham's medicines to any one I meet that is suffering from similar troubles. I think if mothers with girls would give it to them when they come to womanhood it would make them stronger. People who have known me all my life are astonished to see me now as I was always sickly when in my teens and until I started taking the Vegetable Compound." — Mrs. MARY R. Read Mrs. Benedict's Letter Praising Lydia E. Pinkham's Vegetable Compound

Kewanee, Illinois.—"When I was married about a year and a half I took Lydia E. Pinkham's Vegetable Compound because of ill health. I did not have any children. I now have two healthy little girls and I am sure I would not have had them had it not been for your medicine. Last spring and summer I got all run-down, irregular, and I had terrible headaches, and my back and side hurt me so that I could stay up only a short time. My limbs would get so tired and ache till I could cry. I started to take the Vegetable Compound again and used the Serrative Wash, and it was not long till I was relieved. ## How Often Do You Buy a War Tax?

EACH time you buy a motor car you pay for five things in which you never can take a ride: These are: war tax—freight charge—factory's profit—dealer's profit—salesman's commission.

Once every five years or more is often enough to afford yourself the luxury of such purchases.

Those who buy the Packard Six expect, on the average, to keep their cars more than five years, spending the minimum in war tax and other outside charges.

Packard encourages its owners in keeping their cars, through retaining the beauty of Packard lines and in announcing no yearly models. It is now more than ten years since Packard offered yearly models.

The most recent evidence of Packard's interest in its owners is the chassis lubricator and motor oil rectifier—which together double the life of the car.

The price of the Packard Six 5-passenger Sedan, including spare tire, delivered in Salem is \$2956
