NOMINATE JEW OR CATHOLIC IS GERARD'S PLEA

New York, Nov. 17.—(A. P.)—James W. Gerard hopes that one of the major parties will nominate a Catholic or a Jew for president.

With the expression of his hopes the former democratic ambassador to Germany gave the following warning:

"When any one race goes to a political convention and demands recognition for one man because of his religion or that race, it is increasing intolerance."

INGROWN NAIL Turns Right Out Itself

"Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

A few drops of "Outgro" in the crevice of the ingrowing nail reduces inflammation and pain and softens the tender, sensitive skin underneath the toe nail, that skin can't penetrate the flesh, and the nail turns naturally outward almost over night.

To men who still cart their tobacco around in a heavy tin

All thru the ages — Stone Age, Iron Age and Card-board Age — tobacco transportation has been a tough task... Then the Tin Age, and for years, now, smokers have bravely borne the weight and expense of the tin... But comes the dawn of a new day... The tin has been canned... Granger's new foil package takes an awful load off men — for it's not only light weight but it cuts out the heavy "carrying charges" on tobacco!

No tins, no fancy frills — but, man — what tobacco!

Granger's new foil-package is a hit with smokers everywhere. Convenient, yes, but what's more important it cuts out the costly tin — gives smokers for ten cents, tobacco of the same fine quality that costs fifteen cents in tins.

Packed in heavy foil instead of tins—hence 10¢
