## Country Club Dance Tonight

The outstanding event on the calendar of Thanksgiving week is without a doubt a formal dance at the Illabe country club tonight. This is the first dance of the fall season at the clubhouse and, according to plans made under the direction of the general committee, Prof. Nielsen and Donald Young, promises to be one of the most beautiful and most elaborate ever given here.

Something entirely new in decorations has been arranged by the committee in charge which includes Gus Hixon, Russel Bone-witout a doubt the formal dance stealer, P. D. Quisenberry and Bill Paulus. They are keeping their plans a secret.

Music for the occasion will be furnished by a seven piece orchestra. A number of dinners are being planned to precede the dance and several supper parties will follow.

Saturday will be guest day for members of the Salem Woman's club. Following a short business meeting in the clubhouse, beginning at two thirty o'clock, the music committee of which Mrs. T. S. Roberts is chairman, will be in charge during the remainder of the afternoon.

Gems from Faust will be played on the orthophonic instrument with interpretative readings from the opera by Miss Carol Dibble. The arrangement is an entirely new idea and promises to be most enjoyable.

During the tea hour following the hostesses will be Mrs. U. G. Shipley, Mrs. E. Cooke, Patton, Mrs. John H. Scott, Mrs. LaMoine R. Clark, Mrs. N. C. Kafoury, Miss Frances Richards, Mrs. D. J. Fry, Mrs. C. E. Schuneman, Mrs. Seymour Jones, Mrs. Russell Catlin, Mrs. G. M. Brown and Mrs. Ivan Martin.

Mrs. Homer Ingrey was hostess at an attractive luncheon yesterday when an entertained members of the Golden Hour club in her home. Tiny chrysanthemums in shades of cream and yellow centered the luncheon table with covers arranged for Mrs. Carl Abrams, Mrs. Mason Bishop, Mrs. Fred Ellis, Mrs. J. R. Pemberton, Mrs. A. A. Stewart, Mrs. L. R. Springer, Mrs. Herbert Wheeler, Mrs. W. H. Brazier, Mrs. Claude Van Slyke, Mrs. Eric Butler, Mrs. Aaron Sample and the hostess, Mrs. Ingrey.

Mr. and Mrs. W. S. McCall left today for Portland to be the guests over night of Mr. and Mrs. John Crawford. Tomorrow they will be dinner guests of Mr. and Mrs. Homer Utley of Portland. Additional guests from Salem, at the Thanksgiving dinner at the Utley home in Portland will be Mr. and Mrs. Ferd Allen, Mr. and Mrs. Ralph Allen, Mr. and Mrs. Arthur Utley, Dr. and Mrs. Corydon Blodgett.

The intermediate department of Jason Lee Memorial church, under Mrs. Black, superintendent, held open house on Monday evening as a welcome to parents and friends in the new Wesley hall—the old parsonage which has been remodelled and changed into class rooms.

John Ablard, president of the department, and Dorothy Sawyer, vice president, greeted the guests at the door. Two members of each class assisted in showing the guests about the class rooms. Refreshments were served by Bernice Richman and Edna Raymond. Barbara Barham furnished music.

Mr. and Mrs. Frank Neer and daughter, Natalie were dinner guests recently of Mr. and Mrs. Mark McCallister. The event was Mrs. McCallister's birthday.

The eighty first birthday of Mrs. F. A. Thompson was delightfully observed on Monday afternoon when members of the south section of the woman's union of the First Congregational church entertained for her at the home of Mrs. John Bayne. Fifteen members of the section were present. A birthday cake was presented the honor guest by Mrs. H. W. Bros.

Mr. and Mrs. Mansfield Brooks will have as their guest over Thanksgiving day their grandson, Alonzo McCline of Portland.

**PIMPLY? WELL, DON'T BE**  
People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much

## Peaches and Apple of Discord

JEAN NASH and PEGGY JOYCE

Paris is wondering if Peggy Hopkins Joyce, of stage fame, will be the bride of the Marquis Medici as soon as she secures a divorce from Count Morner. Mrs. Jean Nash, "best dressed woman in the world," has issued invitations to a champagne party to celebrate the breaking of her engagement to the Marquis.

The story telling section of the Salem Arts league will meet in the library tonight at seven thirty.

Mrs. M. Gehlar was hostess, recently, at her home on Kingswood Heights to a meeting of the Book and Thimble club. The living rooms were lovely with chrysanthemums in various colors.

Following the business meeting Mrs. E. D. Cook entertained those present with a series of selected readings. Thanksgiving stories were told by the group and Mrs. Charles Adams told of the origin of St. Patrick's day.

During the tea hour Mrs. Schuulle and Miss Marie Hendla assisted Mrs. Gehlar.

Special guests of the afternoon were Mrs. Schuulle, Miss Marie Rendla of Portland, Danny Adams, Miss Helen May, Georgia Cook, Alvin Van Santen. Members in the group were Mrs. E. Sumner, Mrs. Mary Beaver, Mrs. George Frott, Mrs. L. F. Brown, Mrs. E. D. Cook, Mrs. George Van Santen, Mrs. Charles Schwartz and her small son, Dell Everett Schwartz and the hostess, Mrs. Gehlar.

The club will meet again on December 3 at the home of Mrs. E. D. Cook with Mrs. E. Sumner and Mrs. M. Gehlar in charge of the program.

Mr. and Mrs. Frank Richardson Pierce of Seattle were visiting with Mr. and Mrs. Albert Richard Wetjen during the week end. Mr. Pierce is a well known writer, traveler and lecturer. He contributes short stories to the American Magazine, Everybody's, Collier's, etc. He is the author of the film play "The Miracle Baby" and has written other scenarios for the Hollywood studios. Mr. Pierce drove down from Seattle to talk over some story plots with Mr. Wetjen and to plan for a joint excursion into eastern Oregon early next spring and for a trip to Australia next fall with the object of gathering future fiction material. Mr. Pierce is a member of the Author's league of America and is known as one of the most prominent writers on the Pacific coast.

Members of the Mispah Sunday school class of the Jason Lee church will have a regular business and social meeting at the church on Friday evening.

The marriage of Roland H. Mills and Ruth Grimes took place on Saturday evening at the First Evangelical church with Rev. F. W. Launer performing the cere-

## Bridge Club Entertained At Luncheon

After completing all arrangements for the entertainment of her bridge luncheon club yesterday Mrs. R. M. Hofer was called to California suddenly and she asked Mrs. Arthur J. Rahn to preside as hostess in her place.

Members of the club and three additional guests—Mrs. William Bell, Mrs. David W. Eyre and Mrs. E. V. McMechan—met at a one o'clock luncheon in the Chinese room of the Gray Belle. A large bowl of deep red carnations combined with much fern formed a beautiful centerpiece on the luncheon table. Three beautiful red candles in tall crystal holders were arranged in a small triangle at each end of the centerpiece.

Following the luncheon the group enjoyed several hours of bridge at the Hofer home on south Commercial street.

The woman's home missionary society of the Jason Lee church will hold a special meeting on Sunday evening at the church. This will be a thank offering meeting. The speaker will be Dr. R. N. Avison of Portland, formerly pastor of the First church here.

Oregon Agricultural College, Corvallis, Nov. 24.—The engagement of Marian Hoskins of Tacoma, sophomore in commerce, to Frank Patterson of Salem, sophomore in commerce, was announced Saturday night at an informal dance at the Delta Delta Delta house. Mr. Patterson is a member of Phi Delta Theta fraternity.

Mr. and Mrs. Mark McCallister and family will leave tonight for Corvallis to spend Thanksgiving with Mrs. McCallister's brother in law and sister, Mr. and Mrs. John Buchanan. They will remain until Saturday morning.

The women of the Scandinavian M. E. church will hold a Christmas sale in the Southern Pacific offices on north Liberty street on Saturday.

Mr. and Mrs. Lloyd Shlesler and two children, Barbara and Frances of Harrisburg, will arrive tonight to be the guests over Thanksgiving of Dr. and Mrs. H. H. Ollinger.

Miss May Rauch was hostess Monday evening to chapter AB of the P. E. O. sisterhood in the apartments of Dr. Mary Rowland on Court street. Mrs. Alice Thompson assisted Miss Rauch. A business session occupied the entire evening. There were several additional guests.

On December 14 chapter members will entertain their husbands at dinner at Mrs. W. E. Kirk's home on State street.

Mr. and Mrs. C. P. Bishop had as their guests over the week end Mr. and Mrs. P. W. Goodwin of Albany. On Saturday afternoon Mrs. Goodwin and Mrs. Bishop were guests at the scholarship loan tea at Mrs. Claudine Thayer's home.

Mr. and Mrs. Frank Zinn left yesterday by motor for Waco in eastern Oregon where they will be the guests until Sunday of Mrs. Zinn's sister, Mrs. R. E. Summerwell.

Mrs. A. N. Moores is the guest in Astoria for several weeks of her daughter, Mrs. Robert Kinney. Mr. and Mrs. Kinney have given the name of Mary Charlotte to their daughter who arrived November 16.

Mr. and Mrs. R. M. Hofer and sons are spending a fortnight in Oakland, California.

Dr. and Mrs. T. C. Smith Jr. will have as their guests for Thanksgiving dinner, Mrs. M. A. Gough of Portland, Mr. and Mrs. P. H. Drake of Portland, Mr. and Mrs. C. F. Gough of Portland and Malcolm Smith.

Mr. and Mrs. W. F. Drager left this morning for Medford to spend several days with their son in law and daughter, Mr. and Mrs. George Frey.

The November meeting of the Junior Music club was held at the home of Miss Lena Dotson on Thursday evening. After a short business meeting when plans were made for the broadening of club activities, various games were played. A lunch was served late in the evening.

Those present were Pauline Orey, Helen Ralph, Mabel Garrison, Olive Shurtz, Ruby Orey, Vivian Marrs and Jane Kuhnke.

Members of the Mispah Sunday birthday club will meet on Monday, November 30 at the home of Mrs. Hattie Kennon, 624 Union street. The honor guests will be Mrs. Kennon and Mrs. Clara Lucas. The regular covered dish dinner will be served at one o'clock.

The very things that make you say, "There's a lot to Mr. So-and-So," make you say the same of M-J-B. It has character—and you know it!

## FREE Foot Comfort Demonstration Friday, Nov. 27

Foot troubles are universal. Government records show that 7 out of every 10 adult people have some form of foot trouble. You are probably a victim of foot trouble yourself. It may be only a corn, a callous, a bunion or some more serious trouble such as weak and broken-down arches. You might not know the nature of your trouble but you do know that your feet ache, pain, and get all tired out on the slightest provocation.

**FOOT COMFORT EXPERT HERE**  
Come to our Foot Comfort Department on the above date and get a Free Demonstration. There's no charge for this valuable service. This work is in charge of a Special Demonstrator from The Scholl Mfg. Co. This is an opportunity that every foot sufferer should grasp.

**FREE PEDO-GRAF PICTURE**  
In a few seconds' time, without removing the hose, he can make a photographic print of your foot that positively shows if you do have foot troubles and to what stage the trouble has progressed. This service is absolutely free and places you under no obligation whatever.

**FREE SAMPLES**  
Do you want to know how to stop corns hurting instantly? Come in and get a sample of Dr. Scholl's Zino-pads. They remove the cause of corns—friction and pressure. Thin, antiseptic, healing.

## BRUNSWICK INTRODUCES PANATROPE ELECTRICAL SOUND REPRODUCER

At H. L. Stiff Furniture Co., Friday and Saturday Afternoons and Evenings

DEvised IN COLLABORATION WITH R. C. A. GENERAL ELECTRIC AND WESTINGHOUSE

New Product Not a Phonograph But a New Musical Instrument, Says Vice-Pres. P. L. Deutsch—Five Features of Record and Radio Operation Emphasized at First Showing in New York.

The Brunswick-Balke-Collender Co. has just disclosed at Chicago and New York the details of forthcoming new Brunswick phonograph and record product embodying electrical amplification features in the Panatrope, a device produced through collaboration of the Brunswick organization with the scientific and commercial staffs of the General Electric Co., the Westernhouse Electric & Mfg. Co., and the Radio Corporation of America. Panatrope is a Greek derivative term, meaning "reproducing all octaves of sound."

Radio conjunction, an electrical jack permitting the connection of any radio set either within or without the phonograph for reception through the Panatrope.

Recording without the use of diaphragms or other purely mechanical vibration transmitters, a process which is declared to make audible low and high harmonic frequencies never "imprisoned" in mechanically-made records.

Electric reproduction without the mechanical incidents of scratch and surface noise that accompany friction substances.

Radio battery elimination the Panatrope functioning directly from a household lighting circuit.

The first inklings of the new Brunswick line are now being given to the trade and the public with plans for product delivery later in the season and the factory forces foresee that they will be unusually well set to cope with the extraordinary demand that is anticipated owing to the limited dimensions of the Panatrope.

By the use of vacuum tubes, the volume from the instrument may be varied from that suitable to a small room to that necessary to fill an auditorium.

In spite of the vacuum tube application equipment, the cabinet for the Panatrope will be slightly smaller than the ordinary phonograph cabinet. It can be run either with batteries or by connection through the electrical socket. The cost of running it is very cheap, considerably less than that of running a small electric fan. The vacuum tubes will last from three to five years.

A private showing of the new products for the press was conducted last Friday afternoon at the New York Brunswick branch under the direction of Eastern Sales Manager Harry A. Beach. Mr. Beach opened the exhibition with a talk upon the development and conditions contributing to the Panatrope's invention and declared that the product represented the most amazing advance in sound reproduction within his twenty-three years' knowledge of phonograph affairs. Ralph H. Townsend, for five years with the Brunswick research and recording division and who, with W. Sinkler Darby, W. A. Brophy and others of the company's staff is largely credited with application of the invention, first devised by Charles A. Hoxie of the General Electric Co. to the phonograph described the purposes and results of the new device and D. J. Pieri, chief of the radio division of the Brunswick company outlined its operation and construction in lay terms. James O'Keefe and Walter G. Haenschen, of the Brunswick recording laboratories, assisted in the presentation. Comparative playings of Panatrope records on mechanical and electrical types of Brunswick instruments were heard, making a deep impression upon the audience of some fifty representatives of the daily and trade press. It has been largely developed by radio engineers with the help of radio patents. There is entire harmony between the two interests. The new instrument is not called a phonograph. It is music reproduction by an entirely different process. The phonograph we believe will soon be a thing of the past. The superiority of the new instrument is so great that, after hearing the two together you wonder that you ever thought the phonograph produced music. Its superiority over the finest radio sets is nearly as great.

While the phonograph is limited to reproducing sound-waves roughly between 1000 and 2000 per second, the instrument reproduces sound waves anywhere from 100 to 7000 or 8000 a second. It reproduces with accuracy every pitch to which the ear is sensitive. The results are perfect with the full orchestra, the human voice, the piano and even with instruments, like the harpichord, which have never been successfully recorded by the old process.
