MRS. SCHLADOR PRESIDENT OF BUSINESS CLUB

Silverton, Ore., Nov. 25.—(Special)—Mrs. Zetia Schlador was elected president of the newly organized Business and Professional Women's club of Silverton, when Miss Rosella Richardson called to gether a group of representative business and professional women. About 15 attended the first meeting.

Mrs. Elida Benson was elected to serve as vice-president, with Miss Dagma Larson as secretary; Mrs. Kate McCaskill, treasurer; and three directors, Miss Rosella Richardson, Mrs. Nettie Custer, and Miss Arline McMullen was elected to act as secretary. Miss Marie Quall was chosen chairman of the housing and hospitality committee, Miss Richardson of the program committee and Mrs. Lida Benson of the membership committee.

The object of the club is to promote the interests of the business and professional women in civic, business and social ways. The club plans to keep the charter membership open until February 1, after which time those joining must pay an initiation fee of \$1.50 aside from the regular \$5 a year dues. Meetings will be held on the second and fourth Mondays of each month. Three of the officers of the state federation attended the organization meeting, Miss Louise Hacker, president, Miss Bertha H. McCarthy, membership chairman, and Miss Martha Gasey, corresponding secretary, all of Portland. The Silverton club voted to join the state and national federations in January.

INGERSOLL AND LEWIS ALL SET FOR RING CLASH

George Ingersoll, the pride of Astoria, and said to be the only man who has ever knocked Francis Lewis, of Salem, down, arrived from Astoria last night and says that he is in the best of condition and ready for the best fight of his career when the two meet in the ten-round main event at the armory tonight.

Lewis has been working hard every evening in an effort to get revenge for the former beatings handed him by Ingersoll. Lewis has met defeat on two other occasions and he still smarting under them. Ingersoll is just as determined to get another decision over the Indian fighter. If Lewis shows the same class as he did on the last card he will give the Astoria fighter a tough time.

Shadow Grez, of Salem and Geo. Penning, of Vancouver are scheduled to meet in the six round semi-windup. Grez is a good boy but will have his equal in the Vancouver battler who is hard to knock out, being able to stand lots of punishment. Grez is confident that he will get rid of Hennings, however.

A special four round preliminary between Eddie Fox, of Independence and Jimmy Fargo, of Salem has been arranged by Harry Plant, matchmaker. The two youths fought a fast four round draw on the card two fights ago and put up a snappy exhibition. Both are clever and can hit hard. Another fast four round bout has been scheduled to complete the card. Tonight's bouts will start promptly at 8:30.

To the Editor:—In the governor's Sunday statement we read the Governor's charge against Mr. Crawford Superintendent of State Flax Department which is very generous of "His Honor" For in the charge, We know what to work on. I will challenge the Governor to let us flax growers appoint a committee with expert guidance to investigate this charge and we will exonerate Mr. Crawford.

In 1924 Governor Pierce and present warden in charge. We had recommended highly a certain pure flax seed from Canada, to cost the growers \$5.20 per bu duty free, when it arrived 40c per bu duty attached.

When it matured it showed for its self to be a very mixed variety flax blue flower white flower short coarse, medium and fine all together. Which would make it impossible to ret evenly.

1924 was also our very poorest season for flax production since the Stat has been in the flax business there was no fiber on the straw.

How can Mr. Crawford be held

Does Winter Fill You With Dread?

Better Get Rid of your Rheumatic Pains and Twinges—NOW

James H. Allen of 26 Forbes St., Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called ALLENRHU, to others who took it, with what might be called marvellous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed J. C. Perry drug store and druggists everywhere to dispense ALLENRHU with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment.—Adv.

responsibility! The growers was the heavy losers with this high priced seed that produced nothing but straw. Thus no weight. Then too if any one will enumerate to the market and consider unreliable help in a great many cases, besides his place to entertain visitors from many parts of the country as well as attend many meetings of interest to the flax industry.

It also appears queer how the Governor made public this unreliable vicious charge of a probable loss of \$10.00 when he has in his possession reports concerning the same institution that means 10 times \$10,000.

GOT RELIEF FROM RHEUMATISM AT LAST

Spent more than \$100 for remedies before help was found

How an obstinate case of rheumatism was given relief by a simple home treatment is told by a man in Los Angeles, California, who suffered for years with rheumatic pain in the feet and back.

"I spent more than \$100 for liniments and medicines in twenty-four years," he writes. "Then I used Sloan's Liniment and it gave me complete relief."

And it is amazing—the quick, genuine comfort that Sloan's gives to even the most long-standing rheumatic aches. Sloan's doesn't just douse pain—it helps your body to throw off the cause. No need to rub even. A little Sloan's patted lightly on—and a healing tide of fresh, germ-destroying blood begins flowing through the aching place. Before you can believe it, the pain, swelling and stiffness are relieved. Try it! All druggists—35 cents.

from under the influence of an undercurrent, he will be ready to apologize.

We have every reason to believe Mr. Quintan a good man—but how can he make long line first class out of short mongrel straw of no fiber?

KOZER ASKS FOR RETURN OF BOYS WHO RUN AWAY

Contending that the policy would be ruinous to the morale of the state training school, Secretary of State Kozier yesterday took issue with Governor Pierce and State Treasurer Kay who adopted a policy of refusing to return to this state boys who have escaped from the school and gone to other states.

The question came up relative to a youth named Vallereau who is in Denver where he fled after appropriating an automobile in this state. The car was found in Denver recently and the boy is under arrest pending arrival of officers from Oregon or information as to what the authorities of this state propose to do.

Kozier contended that the policy would encourage further escapes. Governor Pierce declared that the boy's father should return the boy to Oregon for the reason that he is employed by a railroad and could obtain free transportation.

JACKIE COOGAN TO HAVE MAN'S HAIRCUT, REPORT

Chicago, Nov. 24.—(A. P.)—Jackie Coogan is going to have his hair cut. A. L. Bernstein, his manager, here between trains, says the youthful motion picture actor will have his bobbed tresses cropped close men-fashion.

But Jackie is not growing up, he insists. He is 11 years old, 4 feet high and weighs 70 pounds. When he comes in to the awkward age of all hands and feet, he can retire to a quiet life in school.

FRENCH GARRISON BOMBED

THE ART of GOOD COOKING

AS REVEALED IN THE CAPITAL JOURNAL COOKING SCHOOL

The base or foundation of successful cooking is in every respect, without exception, GOOD FOOD PRODUCTS.

You will always be assured of getting the best obtainable if you buy at Busick's, and the price is exceptionally low because of our enormous turnover. The magnitude of our sales can be fully judged by any individual if they will call at our store any day—Saturday, particularly, when most housewives replenish their lowering kitchen stock, and see the number of people who buy their entire needs from us.

There must certainly be a good reason for this confidence which we enjoy and for years and years we have spent every effort to build and maintain this same confidence. Other stores may at some time beat one or two of our prices on some article but taking everything right down the line for the ordinary housewife and she will save upwards from \$100 yearly. This is not a haphazard guess made for a talking point, but is based on figures which we carry in our office from the average buying family of four people and includes records kept for the past two years.

You will do well to buy the best obtainable for it is the cheapest in the long run—then to buy it from Busick's is to buy it as cheaply as some of the inferior goods are sold. Boiled, par-boiled and simmered down, the whole thing amounts to the fact that you can get the best for less money at
