HINDENBERG SIGNS TREATY RATIFICATION

German Delegates Leave Sunday To Attend Conference For Signing Of Locarno Pacts.

Berlin, Nov. 28.—(A. P.)—President Von Hindenburg today signed the bill passed by the reichstag yesterday, ratifying the security pact and arbitration treaties negotiated at Locarno.

The way was paved for the president's signature when the federal council waived its right to object to the measure. The government announces that the delegation leaving Sunday for London to participate in the signing ceremonies of December 1, will be composed of Chancellor Luther, Foreign Minister Stresemann, Herr Von Schubert, under secretary of the foreign office, and Dr. Kempner, chief of the league of nations section of the foreign office.

The adoption of the Locarno bill, 291 to 174, in the reichstag late yesterday was due to the widespread conviction that economic expediency made ratification indispensable.

This argument prevailed over lack of evidence of readiness on the part of the allied government to ameliorate the conditions of the occupation of the Rhineland.

The enactment of the bill will enable Germany to enter the league of nations.

Frank expression was given to the hope that Germany's relations with soviet Russia would continue on a basis of political amicability and cordial economic relations.

With political animosities eliminated from her relations with France and Belgium by virtue of the security pact and arbitration treaties with those nations, it is believed in political and industrial circles that Germany now is in a better position to give thought to her economic interests in Russia.

21 STAGE LINES TOLD LICENSES MAY BE REVOKED

Because they have failed to keep their accounts according to the rules promulgated by the public service commission representatives of 21 stage and other automotive transportation lines have been summoned to appear before the commission next Monday and show cause why their licenses to operate should not be revoked. Those who are to appear are the following:

Boring Auto Truck company, Bauserman Truck Line, W. E. Croner, Dundee Truck Service, Duplex Express, Guyer Truck Service, E. M. Hurl, O. E. Johnson, A. H. Knouse, H. C. Lehman, Lincoln East Freight, Morgan Brothers Truck Line, Mount Angel Truck Line, Owl Freight Line, Howard Brothers of Sheridan, Bend-Burns Stage company, City Transfer Line, Robert Bailey, Hillstrom Transfer company, John Day Valley Freight Line and Henry Kunz.

GOOD EVENING WORDS and MUSIC

FROM THE MASTERS
Learn something about the Taj Mahal and the Parthenon before you think of building a garage.—From a pamphlet on domestic architecture.

My garage, I am sure, when it's finished, will be quite a gem of its kind. I have traveled for miles to seek beautiful styles, and had them all neatly combined. The roof and the gables are Dutch, the doors and the windows are Greek, and the front elevation is pure Restoration, which makes the whole structure unique.

I didn't just build it haphazard, for that would be treason to Art. But I tried to combine in a style wholly mine, each period's loveliest part. In the back my garage is Venetian. In front it is Persian and Dutch, and I've faithfully tried to bring out on each side the Twelfth Century touch.

So when my garage is completed Great artists will view it with awe. And will have to admit that it differs a bit.

From what our great-grandfathers saw, and there's only one thing that's uncertain, One thing that may cause a slight jar— Was my scheme at all rash? Do you think it will clash With my Early Taft Period car?

It is quite true that the reason for the prevalent coolness in Florida may be that after spending a short time at one of the best hotels you have no coat left.

The New York Stock exchange intends to sell 25 new seats, and remarks that \$140,000 has been offered for a seat, with none to be had. At that rate the exchange should be able to get \$150,000 for an extra seat not more than four rows back.

1000 POUNDS OF CHEESE STOLEN AT AMITY PLANT

Creamery robbers who have been successfully operating thru the Willamette valley for months added another coup to their long string last night, when they entered the cheese factory at Amity, belonging to the Marion Creamery of Salem, and took about 1000 pounds of triple and leaf cheese, a portion of which was ready for shipment. Considerable cheese carried the brand name of the firm and was properly labeled and wrapped ready for sale. Further check may show a greater loss, F. G. Deckbach, head of the company here stated.

Robbers broke the padlock on the creamery door to effect entrance, took about ten cases of triple and filled a number of trip cases with leaf cheese. Two cases containing 12 leaf cheeses were left, officials of the company accrediting this to the robbers inability to carry more. The company a few months ago took out burglary insurance on its factory following the epidemic of creamery robberies rampant throughout the valley. All cheese marked carries the "Marion" brand.

Gatens Sought As Wet Candidate In Senatorial Race

W. N. Gatens, former circuit judge of Portland, Democrat, is being advanced for "wet" candidate for United States senator by the Oregon Prohibition Referendum corporation, of which Norman S. Richards is president and J. A. McHolland is secretary. Both officers are from Portland.

Should Gatens accept the backing of the referendum league it would definitely inject the "wet" issue into the coming campaign in Oregon.

Under a resolution adopted by the league and signed by its two officers, the nomination of Governor Smith of New York for the democratic candidate for president is urged and Gatens would

MEMBERS OF NEW CABINET ANNOUNCED

Paris, Nov. 28.—(AP)—Aristide Briand officially announced the formation and personnel of his eighth ministry this afternoon. The last obstacle to its completion was overcome by the acceptance of the portfolio of pensions by Paul Jourdain. The new cabinet follows:

Premier and minister of foreign affairs, Aristide Briand.
Minister of Justice, Rene Renault.
Interior, Camille Chautemps.
Finance, Louis Loucheur.
War, Paul Painleve.
Navy, Georges Leygues.
Public Instruction, Edouard Dard.
Commerce, Daniel Vincent.
Public Works, Anatole De Mon-
Hygiene, Antoine Durafour.
Pensions, Paul Jourdain.
Agriculture, Jean Durand.
Colonies, Leon Perrier.

M. Briand qualified the list only by saying that M. Jourdain had not yet accepted the portfolio of pensions and that he might be switched to the ministry of hygiene. M. Durafour taking pensions.

At any rate, M. Jourdain is certain to be in the cabinet. This will be the first time that Alsace-Lorraine has been so represented in the ministry since the premiership of Poincare.

MRS. TINNEY IS GIVEN DIVORCE MAY REMARRY

Minneapolis, N. Y., Nov. 28.—(AP)—A decree granting a divorce to Mrs. Frank Tinney, wife of the black face comedian, was handed down today by Judge Reigelman.

Mrs. Tinney was awarded custody of their son, Frank Jr., and \$200 a week alimony.

After Tinney arrived Monday from England, where he had appeared in London music halls and night clubs, he went to see his wife at their home on Long Island. Yesterday the couple announced that they had buried the marital hatchet at a Thanksgiving dinner and would appear together in vaudeville.

Mrs. Tinney yesterday showed slight concern at the possibility that her divorce petition would be granted.

"I don't care whether it goes through or not," she said. "In fact if it does go through I wouldn't be surprised if Frank and I were married again within a year."

The couple's domestic troubles began last year when Tinney's friendship with Imogene Wilson, a chorus girl, became known. She is named as co-respondent.

COLEMAN WOULD LET COEDS SMOKE

Albany, Ore., Nov. 28.—With but one exception, presidents of the independent colleges of Oregon, in session here Friday and Saturday, stated that smoking among the men and women students would not be tolerated.

The exception was Norman F. Coleman, president of Reed college of Portland, who would not agree that punishment should be meted out in the case of co-ed smoking.

"Why should we distinguish between men and women in the matter of smoking?" asked Professor Coleman. "At Reed College the students make their own rules, and the use of tobacco is included. The only interference is where students under 18 years old wish to smoke. These must have written consent of parents or guardians."

JACK KEARNS IS ARRESTED

San Diego, Cal., Nov. 28.—(A. P.)—Jack Kearns, former manager of Jack Dempsey, heavyweight champion of the world and present manager of Mickey Walkover, welterweight champion, was arrested at the international border at Tijuana late last night when he is said by officers to have created a disturbance. At the county jail where he was booked on a charge of disturbing the peace, Kearns gave \$500 cash bail to insure his appearance in justice court.

RHINELANDER AGING FAST FROM STRAIN

White Plains, N. Y., Nov. 28.—(A. P.)—The Rhinelander trial nearing to its end finds young Leonard Kip Rhinelander aging under the strain of the proceedings to annul his marriage to his dusky wife, Alice Beatrice Jones. Judge Isaac N. Mills, counsel for Rhinelander, says he is eager to expedite the case which is telling on his client. The ordeal also is reported to have brought Rhinelander's wife to a point of nervous breakdown.

The suit is the main topic of conversation here and gossip credits Isaac N. Mills with a plan to introduce witnesses when the trial re-opens Monday whose testimony will be more sensational than any yet introduced. Mr. Mills refused to comment on this beyond saying that he did not plan a lengthy cross examination of the dusky wife, Alice Jones Rhinelander, or her father, George Jones, who are expected to be the next witnesses.

It is predicted that Mrs. Rhinelander's counsel will ask her if she still loves and is willing to effect reconciliation with the husband who deserted her a month after their marriage last year, upon publication of the fact she had negro blood. She is expected to answer in the affirmative.

Counsel for both sides declined to comment on a rumor that the father of Mrs. Jones' white daughter brought over from England 29 years ago is now a prosperous business man living near Poughkeepsie, N. Y.

Mrs. Mills laughed at the report that Rhinelander's fortune of \$300,000, a legacy from his grandfather, had nearly all been spent in prosecution of the trial.

"I have no idea that he spent anything like \$300,000," Mr. Mills said, "and I certainly got very little of it."

Mr. Mills hopes for an early conclusion of the case. "The strain is telling on my client and he is aging rapidly," he said. "He is almost brokenhearted over the case, and feels deeply the humiliation he has undergone. If I did not from the official record he is only 22, I would take him for a man of at least 35."

Counsel for Mrs. Rhinelander expects the case to reach the jury Tuesday afternoon, unless the plaintiff introduces surprise witnesses in rebuttal.

GIRL AND MOTHER ROB BANK TO AID CRIPPLED FATHER

St. Louis, Mo., Nov. 28.—(AP)—Capture and confession to the day marked the unhappy termination of an adventure in bank robbery for a St. Louis mother and her 19 year old daughter.

Mrs. Catherine Rogers, 40 years old, and her daughter, Zera, were arrested today, hardly 24 hours after the two women essayed the role of bandits and held up the Renner state bank near here, taking \$330.

"We needed the money; that's all," was the terse explanation credited to Mrs. Rogers by the police who said the woman "had made a complete confession."

Much evidence in support of this explanation was seen in the woman's home just east of this city, where a husband and father, disabled in the world war, lies helpless in bed.

Mrs. Rogers and her daughter asked the officers to help them feed a number of chickens and two horses. This was done and after Mrs. Rogers prepared a lunch for her husband, she accompanied the officers to police headquarters.

MASKED GUNMEN SHOOT DOWN TWO IN COLD BLOOD

Wisconsin Rapids, Wis., Nov. 28.—(A. P.)—Two mysterious masked gunmen stalked into a city house half a mile from this city last night and shot two men as they listened to a radio concert.

Instant death was the fate of one—R. A. Davis, a farmer of Portage county. William Bauer, a farmer of Wood county, is expected to die.

The killers challenged their intended victims before firing.

"Davis," we want you," calmly announced the taller of the two men. Then he fired, shooting from the hip.

"Bauer, you're next," came the fatal signal from the other man, shorter than his partner, and he fired.

The gunmen then backed out of the door and the roar of a motor showed that they were escaping in an automobile.

Frank (Cappy) Plattoff, proprietor of the road house, was sitting between Davis and Bauer.

EAGLE POINT PROJECT GUARANTEE EXTENDED

The state irrigation securities commission today voted an extension of six months guarantee of interest on district bonds of the Eagle Point irrigation district.

The district asked an extension of a year and a half. The additional year will be granted at the end of the six months period if at that time the district can show that it has a definite settlement program under way.

Santa and Reindeer Coming To Salem; Asks Children To Leave Letters With Journal

When the Salem Rotarians received a wire from Santa Claus early this morning saying that on Wednesday soon he and two of his very best reindeer, Dunder and Blitzen, were coming to Salem, the Capital Journal and the Salem Elks lodge decided to open at once their fifth annual Christmas cheer movement. For the past four years the Capital Journal and the Salem Elks forwarded all the letters that the boys and girls of Salem have written to Santa Claus to the dear old fellow at the North Pole. This year Santa is coming south sooner than usual and the Capital Journal plans to give him all the letters from the Salem boys and girls when he arrives here next Wednesday.

Santa really has six reindeer deer come to Portland a short time ago at the invitation of the Portland Journal. While he was visiting all the Portland boys and girls he decided to come down here to see what kind of boys and girls had been sending him all the letters he received each year with a Salem, Oregon, postmark.

Santa really has six reindeer with him on his southern trip this year but four of them are resting awhile halfway between here and the north pole because they are shedding their horns. So when he comes to Salem next week only Dunder and Blitzen will be drawing the brand new sled that he ordered in Portland several days ago.

When Santa wired that he wanted to come to Salem to see what a capital of the state really looked like so he could tell all the children of the northland about it, Fred Thielsen and some of the Rotarians got busy making arrangements so all the little boys and girls could see him and his reindeer. On Monday, or at least on Tuesday, the Capital Journal will know exactly what time Santa and Dunder and Blitzen will arrive on the Polk county bridge so everyone can be out to meet them.

Christmas is only twenty-seven days off and old Santa Claus has lots to do before then. He is asking the boys and girls here to write their letters to him in care of the Capital Journal right away so he can have them to look over when he comes here next Wednesday.

After the Salem Rotarians go out to meet Santa on Wednesday they will come back to the Marion hotel for luncheon where Mrs. C. S. Jackson, of Portland, will tell the Rotarians many interesting things she learned about Iceland and the Arctic circle district when she and her grandson, Sammy Jackson, and Miss Helen Lemarr, and Mrs. Helen Robinson, of Pendleton, visited there not very long ago.

JUDGE BENNETT PASSES AT HOME IN THE DALLES

The Dalles, Ore., Nov. 28.—A. S. Bennett, former justice of the state supreme court, and one time democratic candidate for governor, died at his home here this morning.

Death resulted from tubercular glands of the throat. Mr. Bennett is survived by his widow, one daughter, Mrs. Chauncey Butler of Portland and one son, Alfred M. Bennett of The Dalles. He was prominent in legal and political circles of the state for many years.

Judge Alfred S. Bennett served as a member of the state supreme court from January 7, 1915, until October 5, 1920, when he resigned.

Justice Frank A. Moore had died after the primary election of May, 1918, and Conrad P. Olson of Portland was appointed in his place by Governor Withycumbe. It being too late for candidates to get their names on the general election ballot except an independent candidate, Olson ran to succeed himself and other candidates were Judge Bennett and John S. Coke of Marshfield. Bennett was successful. Upon Bennett's resignation in October, 1920, Governor Olcott appointed Judge George M. Brown, then attorney general, in his place.

Judge Bennett was about 71 years old.

NAVY ABANDONS MANEUVER PLAN

Washington, Nov. 28.—(AP)—The navy has decided to abandon tentative plans it had drawn for annual maneuvers on a large scale next year off the west coast of South Africa.

The necessity for conserving fuel after the heavy demands upon that supply in the maneuvers off Hawaii this summer and the subsequent cruise to Australia and New Zealand, together with other considerations of economy, were said at the department today to have precluded any opportunity for naval maneuvers on a large scale next year.

TAXI DRIVER WHO SHOT STOOL PIGEON FREED

Portland, Ore., Nov. 28.—(A. P.)—A jury last night returned a verdict of not guilty in the case of William Smith, for hire car driver, who was tried on a charge of assault with intent to kill for the shooting of John E. "Handsome Hans" Faferle, special police operative in a police raid on a hotel, February 17. The case went to the jury at 3:30 o'clock and the verdict was returned at 8 o'clock. Smith was tried last September, but the jury in that case failed to agree and was discharged. Smith's defense was that he shot Faferle in the belief that he was a burglar.

CHAPMAN ACTS AS OWN LAWYER IN LEGAL FIGHT

Hartford, Conn., Nov. 28.—(AP)—Reprised from the gallops for three months by Governor Trumbull, Gerald Chapman, mail bandit convicted of murdering a policeman, is acting as one of the lawyers for himself.

In a five page brief written with pen and ink in his cell and bristling with legal terminology he contends that President Coolidge has "immorally and unlawfully" employed the commutative power as an instrument of force.

The president has commuted Chapman's sentence of 25 years to Atlanta for robbing the mails in New York in order that Chapman may hang in Connecticut for killing a policeman after he had escaped from Atlanta.

Chapman's lawyers plan to go as far as the United States supreme court if necessary to prove that he first should serve his federal sentence before being executed in Connecticut.

Chapman was sentenced to die next Thursday, but the governor yesterday reprieved him until March because of habeas corpus proceedings which will be argued in federal court Monday.

HOMES BOMBED BY PEKING MOB

Peking, Nov. 28.—(AP)—The homes of seven government officials were wholly or partially wrecked tonight by a mob of 1500 said to include red elements, adherents of the Kuomintang, or people's party, students and hoodlums. The attack on the officials' homes followed an unsuccessful attempt by the rioters to stage an anti-government parade.

If You Were a City Councilman?

NOTE—For the best letters of 300 words or less submitted during November the Capital Journal will give three prizes of \$10, \$5 and \$2.50. The letters must be postpaid to Do If You Were a Councilman? and should be addressed to the Contest Editor. The letters must be signed by the name and address of the sender, but the letters will be published by number only, and the judges will judge them before learning the names of the writers.

Number Forty-five.
Contest Editor:—If I were a councilman I would first endeavor to acquaint myself with the needs of the city, what best for its present and future welfare, as well, and strive honestly to see those needs provided for. Councilmen are no doubt troubled a great deal by people of narrow vision about little or unimportant things or by those who are working for selfish interests. These should have only the attention they deserve. We came to Salem last spring and after looking over the city for a few days taking notice of its wide streets, beautiful parks, public buildings and laws and no in-

CADETS HAVE SLIGHT EDGE IN HARD GAME

Sixty Five Thousand See West Pointers Torpedo Middles' Gridiron Ship In Annual Clash.

Polo Grounds, New York, Nov. 28.—(AP)—The army torpedoed the Navy's gridiron craft today and won the annual service battle, 10 to 3, before a notable crowd of 65,000 spectators.

First Quarter
The Navy won the toss and kicked off to Wilson, who returned to the Army's 30 yard mark. The cadets failed in an aerial attack and were forced to punt. Hamilton punted to Wilson on Army 45 yard line. From there Wilson broke through left tackle on the first play and dodged his way 42 yards to Navy's 13 yard line. When three line plays were smothered, the Army called in its star dropkicker, Red Reeder, but the latter's attempt was partially blocked, the cadets recovering on Navy's eight yard line. The Navy's forward pass, Shapley to Hardwick putting the ball on Army 12 yard line. Three rushes netted eight yards, then Hamilton dropped back and booted a pretty field goal from the 12 yard line and put the Navy in the lead, 3 to 0.

After successive fumbles by each team around midfield, Army executed an attack from Navy's 46 yard line, penetrating to the 12 yard line when ruppell took a 23 yard pass from Harding. Harding tossed a pass to Captain Baxter, end, who grabbed the ball and fought his way over the line for a touchdown. Wilson kicked the extra point.

Navy's air attack threatened toward the close of the half, but the cadets broke it up. Score, Army 7; Navy 3.

Third Quarter
The Navy shifted its backfield at the start of the third quarter, Millen replacing Flippin and Banks taking Caldwell's place, while Crow substituted for Captain Lentz in the line.

Captain Baxter kicked off for Army and Hamilton ran it back 18 yards to his 28-yard line. On the first play Banks ripped through right tackle for a 23-yard gain but Army blocked him. Next, a fumble by Hewitt gave the Navy the ball on Army's 40-yard line after Wilson had intercepted a middle pass, but the Army stopped another aerial drive and the
