INDIANS CLOSE FOOTBALL YEAR WITHOUT DEFEAT

Chemawa, Or., Dec. 1.—The Chemawa Indians claim to have the best football team outside of the conference, according to George Bent, supervisor of athletics of the Chemawa Indian school. The Redskins have defeated some of the strongest teams in their class in the state, winning every game but one, that a tied game with the Columbia university of Portland. The locals have just closed one of their most successful seasons in years. The past few years the Indians have been handicapped by having green and inexperienced men and men that were not large enough to meet some of the larger teams. This year they were classed with several veterans and several big huskies who added materially to their strength.

The Indians are confident that they could win from the Columbia university. Coquille Thompson, new guy fullback of the Indians' eleven and one of the most consistent ground gainers for the team, was in the game with Columbia but was injured to such an extent that he was unable to play his best. He was suffering from a broken finger and a sprained ankle.

The Indians defeated the Salem high school team by a score of 20 to 7; Albany college, 10 to 3; Monmouth, 20 to 6; The Dalles, 18 to 6; High School of Commerce, 25 to 6; Benson Tech, 12 to 6; Bachelors, independent champions of Portland, 20 to 0. The locals scored 132 points against their opponents 34.
