HARTLEY SUSTAINED BY LOWER HOUSE

Olympia, Wash., Dec. 3.—The house of the Washington legislature again upheld Governor Hartley yesterday when it sustained his veto on a bill introduced at the last regular session, relating to the depositing of the state's money by the state treasurer by a vote of 81 to 0, 16 members being absent. The lower chamber yesterday sustained Governor Hartley's veto on the Banker reclamation measure which would have put state reclamation work under the elective office of state land commissioner.

SALMON EGGS ARE SHIPPED

Mill City, Or., Dec. 3.—Another shipment of one and one-half million chinook salmon eggs went forward from the racks at Breitenbush, Monday, one million of which went to the Enterprise hatchery and the balance to the Bonneville hatchery.

This completes the taking of eggs for the season, both in the north and south forks of the Santiam, the year being the most successful of any since the work started.

SNOW SHOE DANCERS TO APPEAR AT BLIGH

The Nellie Sterling company, world's only snow shoe dancers, direct from a tour of England, is one of the sterling acts that will play the Bligh theater next Sunday. This act comes to us highly recommended by the press of near-

by cities as being possessed of considerable. The scenes are all laid in the far northwest and accurately depict a snowstorm. Nellie Sterling, a most talented dancer, has surrounded herself with a quartet of beautiful girls who really know how. This act has youth, talent and grace, is superbly mounted, gorgeously gowned and decidedly novel and bears the distinction of being the only one of its kind.

YOUTH ADMITS KILLING FRIEND AS HE SLEPT

New York, Dec. 3.—A woman in the background of the killing of 19 year old George Nye, Jr., by his 20 year old chum, Gordon Pirie, has been found but District Attorney McGehean wants more information about habits of the woman before he will reveal her name.

Pirie said in a second confession made last night that Nye had boasted of conquests over every girl whose name was mentioned. Annoyed by Nye's disparagement of a certain girl, he invited him to spend the night with him and killed him as he slept. He denied, however, that either Violet Smith or Pirie's 16 year old sister Margaret, was mentioned.

Violet Smith, 17, who "had been going with" Gordon Pirie, but denies she was his sweetheart, helped Mr. McGehean to get the second confession from Pirie after a first statement in which he declared he obeyed a sudden irresistible

impulse to kill his friend. Urged by the district attorney, she advised Pirie to tell the truth.

A sense of chivalry, perhaps tinged with jealousy, was the motive that Pirie said led him to batter his friend's head with a hatchet and then to hide the body under his sister's bed, where it was found Sunday.

REMEDY FOR BLOOD PRESSURE

Toronto, Ont., Dec. 3.—(A.P.)—Dr. W. J. MacDonald of St. Catharines, Ont., who some time ago said that experiments were being made in the hope of developing an effective and practical treatment for high blood pressure now states that the first findings concerning the possibilities of a remedy have been confirmed by experiments.

Addressing the academy of medical science, whose guest at dinner he was last night, Dr. MacDonald told of the intensive work that had been carried on for six months at the University of Toronto.

"An extract of liver has been obtained which possesses the prop-

erty of reducing to a certain extent arterial hypertension when there are no complications," reported Dr. MacDonald.

The findings of his investigations, announced in a preliminary report last May, have been confirmed, said the investigator, by animal experiments and clinical tests on humans undertaken since, as well as by a preliminary chemical analysis.

Stenographers and typists head the list of women workers in the United States, with a total of 554,744.
