

SAYS AMERICA LEADS ALL IN NAVAL AVIATION

Washington, Dec. 3.—(A. P.)—Warning was given today by Major General Robert L. Howze, president of the Mitchell court martial that counsel for prosecution and defense must hereafter protect all witnesses from "irrelevant, insulting and improper questions," and from "harsh or insulting treatment."

In opening the court, General Howze read from the manual of court martial the regulations for the treatment of witnesses and severely ordered all of those present to "take notice."

He did not make specific mention of any of the wrangles through which court and counsel have passed since the first day of the trial, culminating yesterday in an unsuccessful effort by defense counsel to disqualify Major General William S. Graves as a member of the court on the ground he interfered with the cross examination of a witness.

Commander Kenneth Whiting of the navy aeronautical bureau testified today that although the American aircraft carrier Langley is the "slowest carrier in the world," it has "the largest storage space for air machines of any carrier." The British carriers Rodney and Nelson, once believed to be combination battleships and airplane carriers were declared by the witness straight battleship types.

He added that the total number of planes carried on United States naval ships is greater than the total carrier on British ships, and when asked what country "leads the world in naval aviation," he replied: "We do."

Says Edis Skinniest Man In Town

Cheerup, Ed—things aren't as bad as they look to you right now. Many hundreds of skinny, gaunt, emaciated men looked even worse than you do till someone told them about McCoy's Cod Liver Oil Compound Tablets (the new way to take Cod Liver Oil) and how it would put pounds of good firm, healthy flesh on their bones in just a few weeks.

Nothing like these health creating, weight producing tablets for skinny, underweight men, as thousands can testify. Start to take them today—99 tablets—50 cents at J. C. Perry, Central Pharmacy, D. J. Fry or any druggist anywhere.

And listen: if they don't put 5 pounds of good flesh on you in 30 days, your druggist is authorized to hand you back the money you paid for them.

That's fair enough, but be sure—very sure that you get McCoy's Cod Liver Oil Compound Tablets—the original and genuine.—Adv.

Says—Now Stiff Joints Must Go!

New Discovery Limbers 'Em Up and Even the Creaking Ceases

Yes; it's true—the world progresses. All you have to do nowadays to limber up that old stiff, creaky knee joint is to squeeze a half inch of miracle working substance from a tube.

Then rub it on the offending part for about a quarter of a minute or until it soaks through the skin and disappears on its errand of mercy.

The chances are that your misbehaving knee joint will lose its "creak" while you are dreaming about the high fences you used to leap when you were a youngster.

"And in the morning," says one who has tried the new discovery, "you'll feel so happy that you'll want to jump into your sportiest clothes and walk briskly down the street just to show the neighbors that you are not as old as they think you are."

Joint-Ease: They call this wonder working substance, for the reason that when ordinary remedies fail to limber up the stiff, inflamed rheumatic joint or reduce the swelling, Joint-Ease succeeds. It's a good name for a good, clean, stainless prescription that in just a few months has proven to a multitude of people that lame, swollen, distorted joints can speedily have the kinks taken out of them and work as smoothly as ever.

But Joint-Ease is for bothersome joints, whether in knee, elbow, ankle, hip, shoulder, spine or finger, and for that purpose its sale, at 60 cents a tube, is immense.

Daniel J. Fry Drug Co. sells dozens of tubes of it every week and druggists everywhere report a big demand.

Always remember, when Joint-Ease gets in joint agony gets out—quick.—Adv.
