WOOD ALCOHOL AND FUSEL OIL HELD NOT LETHAL

Portland, Ore., Dec. 10.—A.P.—The statement that wood alcohol and fusel oil are not so deadly to drink as laymen have been led to believe since prohibition went into effect, was the only outstanding feature this morning in the routine of the trial of "Bill" Hart, Pendleton barkeeper, a chief of the Umatilla tribe.

Dr. Robert L. Benson of the University of Oregon medical school, who conducted a post mortem on Sheeship, testified that very little trace of alcohol was found in the dead man's stomach. His statement was made in reply to the query of one of the jurors as to whether it might be possible for a man to drink enough poison moonshine to be unable to sit on a horse, and yet give little trace of the presence of wood alcohol in the stomach.

Dr. Benson replied by expressing the opinion that Sheeship had not drunk enough poison moonshine, if any, to cause him to have fallen helpless from his horse.

"Wood alcohol would have showed in the alcohol fraction in our test, and this was so small that we did not test further to determine what proportion of it might be present."

Mrs. Arthur Moore entertained at an attractive five hundred party yesterday afternoon complimenting Mrs. Josephine LaFore.

The guests were Mrs. H. Cupper, Mrs. Amos Vase, Mrs. Ida Babeck, Mrs. E. A. Paulsen, Miss Goldie McFarland, Mrs. J. T. Anderson and Mrs. Walter Riddell.

High honors for the afternoon were won by Miss McFarland. Mrs. LaFore received the guest prize.

Mrs. Claudine Thayer and Miss Genevieve Junk have returned from California where they spent several weeks. They went south shortly before Thanksgiving.

Mr. and Mrs. S. B. Gillette and Mr. and Mrs. Mason Bishop motored to Portland last night to see the ice hockey game in the Coliseum between Calgary and Portland teams.

The annual sacred Christmas concert given by the choir of the First Methodist Episcopal church will be given next Sunday evening.

Albany, Or., Dec. 10.—A partial check of valuables missing in the robbery of the Shedd bank early yesterday morning show that \$5000 in liberty bonds and \$125 in cash from a box containing postoffice funds are missing.

At first the bandits were believed to be professional cracksmen, but Sheriff Richards discovered that nitro-glycerin had been applied in many places, showing inability to handle the explosive.

The tools which the robbers took from the Hubert garage at Albany when they stole a car belonging to S. V. Smith were left at Shedd but the car has not been found.

KLAMATH YOUTH DIES FROM MENINGITIS

Klamath Falls, Or., Dec. 10.—Norman Burke, 6, of Pelican City, a suburb, died last night at a local hospital from apical meningitis. The lad was taken violently ill while at school last week. This makes the second death from the disease this week. There are no other cases in the county and health authorities are hopeful there will be no epidemic.

Dr. and Mrs. Charles J. Simon of Seattle, Wash., who were the guests of Miss Rose E. Simon and Charles F. Simon for a week, left yesterday for Los Angeles where they will spend the winter.

Dr. Robert L. Benson of the University of Oregon medical school, who conducted a post mortem on Sheeship, testified that very little trace of alcohol was found in the dead man's stomach. His statement was made in reply to the query of one of the jurors as to whether it might be possible for a man to drink enough poison moonshine to be unable to sit on a horse, and yet give little trace of the presence of wood alcohol in the stomach.

Fate's Grim Jest—
The Startling Story of a Girl Caught in the Web of Circumstance

WHEN Claire Demarest came to work in the office, Ruth's friends were few, and her pleasures fewer still.

So when Claire—popular, good-looking, smartly dressed—offered her friendship, Ruth's excitement knew no bounds.

Had she known the influence this friendship was to have in her life—she would have shrunk from it as from poison.

For it was Claire Demarest, with her stories of gay parties, that made Ruth long for good times too.

To Ruth it all seemed harmless fun. And when one night she joined Claire and two men "friends" for a spin into the country, her excitement blinded her to everything.

How this innocent girl slipped farther and farther down the perilous path will grip your interest and stir your emotions as few stories, real or imagined, have ever done.

Ruth's astounding story, told with all the vividness and dramatic power that can come only from one who has lived what she writes, appears under the title, "Buried Secrets," in the January issue of True Story Magazine.

There is a lesson in this true-life narrative that no girl who reads it can ever forget.
