FRIENDS DIG UP FINE AND BOOZE MAKER IS FREED

W. E. Foster, Silverton moon-shiner, who has been serving a sentence here for liquor law violation, was released from custody yesterday on payment of his fine of \$100 which it was understood was raised by friends in Silverton. He received a 30 day sentence. He has been held at the Deaconess hospital on advice of physicians.

One of Foster's first moves after being released was to wait on the county court and demand release of his wife from the city jail where she also is serving a sentence on a similar charge to that which held her husband. She has been in the city jail due to lack of accommodations for her at the county jail.

Foster told County Judge Hunt that his wife is ill and that jail is no place for her. In fact he virtually demanded her release, insisting that jail was no place for her in her present state of health. Officers had noticed nothing out of the way with her health.

The Foster case created quite a stir as he was first arrested, then 10 days later she was apprehended, and with both of them in jail two minor children were left with their grandparents in West Salem.

According to reports in circulation still a third party was involved in the moonshining operations of the family, it being reported that a man was assisting Mrs. Foster in her liquor manufacturing operations. In fact, the story is that the man barely escaped apprehension himself. It is stated that he had gone to secure a bottle of milk when the raid was staged on Mrs. Foster's home and that if the officers had been 10 minutes later the real culprit might have been bagged.

JUNIOR BOYS WIN IN TOURNAMENT

Silverton, Dec. 22.—(Special)—The Junior Six boys were winners in the Silverton high school for the past few weeks. The Juniors defeated the Seniors in a game with a score of 25 to 10. The champions will next play an all star team picked from the losers.

The first game of the season for either girls or boys with a team outside of the high school will be played this evening when both the girls and boys meet Alston teams.

The first game to be played with an out-of-town team will be that on January 15th when Silverton meets Newberg on the local floor. No games have as yet been scheduled for the girls.

According to the coach the boys are making a better showing than has been made here for the past two years. H. A. Reed, principal of the high school, reports that the prospects for the boys are much brighter than it has been for some time.

The girls lost nearly an entire team of players who had met but one defeat in two years, with last year's graduating class. While a number of good players are on the field they have as yet not been tried out in a regular outside, hard fought game.

Dallas Lays Plans to Clamp Lid Down Tight On Reckless Operators of Automobiles

Dallas, Or., Dec. 23.—An immediate check-up on speeding and reckless driving in Dallas was authorized Monday night by the city council following discussion of traffic problems which have been brought to a head by a recent fatal accident. Members of the council offered to assist Marshal Chase in making war on careless operators of motor vehicles and to make some arrangements that will give him more time from his general police duties.

The idea of employing a special traffic officer for a short time was not given very much consideration because of lack of funds.

An ordinance was introduced changing the present city ordinance providing for a library board of six members to conform with the state law which provides for five. It will be necessary that all present members resign and Mayor Starfish will re-appoint them under the new ordinance January 1. As one member has been removed from the city the present board will probably be reappointed as it stands. Rev. J. E. Youet, who has gone to Anchorage, Alaska, was the sixth member of the board. There will be two to serve terms of four years each and one each to serve three, two and one years, respectively.

Upon report of Chairman Keller of the street committee, the committee was authorized to improve a block on Light avenue between Ash and Maple streets where the sewer contractor left the street in impassable condition after tearing up the macadam two years ago.

The ordinance committee was authorized to redraft the present ordinance relating to pool halls, to permit the use of glass or parr glass partitions between the rooms used for pool tables and other parts of the same establishment.

It was moved that the present city ordinance relating to opening up garages in wooden buildings be enforced, relative to the provision for bidding the use of such buildings for the sale of oils and re-paired shops. The Willamette Valley Lumber company submitted an offer of \$250 for two used electric motors belonging to the city. This offer was accepted. The motors were formerly in the city rock crusher, which was dismantled.

The sale of \$1951.85 in Hancock bonds to cover the property taking the bonding act on the Lytle street paving was authorized advised.

World's Ugliest Man Would Marry Jordan For Naught

Still they come. A Stayton man with the ripeness of years upon him, but who doesn't sign his name, wants to marry "Jordan," the woman who advertised in the Capital Journal for a man whose name she could use for three months, offering \$400 for the service. The Staytonian, who is evidently something of a local humorist, writes:

"Picked up an old paper this morning. I saw an ad that you wanted a hubby. I am one you want. I am between 66 and 70, am the ugliest man on earth and I am meaner than I look. I don't want the \$400. I never saw a man who would marry me. Would not know what to do with it. We will just be pals. Come and see me. I will meet you in the strawberry patch back of the house. Buy by Jordy."

Theft of Clothes Brings Honeymoon to Abrupt End

Silverton, Or., Dec. 23.—(Special)—"Clothes stolen at Roseburg" is the reason given for their quiet return by Mr. and Mrs. Ralph Gustafson and Mr. and Mrs. Alvah Dequire, who left last week for a honeymoon to California, and returned to Silverton Tuesday of this week.

The young couple report that when they stopped at Roseburg for lunch they left their car, containing their traveling bags, parked outside at hotel. They were gone an hour and when they returned they found that their bags had disappeared. The police were called and investigation brought forth that a man had entered the hotel with bags similar to those described by the young people. When his room was opened the traveling bags were found, minus the clothing but containing the marriage certificates. No other trace of the clothing was found.

Mr. and Mrs. Gustafson have an apartment at Potoff's while Mr. and Mrs. Dequire are for the present making their home at Mrs. Dequire's parents, Mr. and Mrs. W. E. Dahl, on McLaine street.

DALLAS PLANS PUBLIC MARKET POLK TEACHERS STUDY UNIT PLAN

Dallas, Or., Dec. 23.—The proposal to open a public market in Dallas will be held over till spring and then given a thorough trial, according to decision reached Monday at a conference in Dallas of representatives of farm organizations which are interested in the move. It was thought that owing to the scarcity of fresh vegetables and the fact that farmers had made no provision to supply a market, that it would be unwise to open one at the present time.

Men present at the conference declared they would make extensive trials in the spring to raise a variety of garden truck for the market.

The men at the conference were W. C. Powell, Bridgeport local; I. H. McEee, Liberty Bell local; A. G. Rempel, Mt. Pisgah local; Miles Davis, Saver grange, and T. J. Worth, Willamina grange.

The conference went on record as favoring an income tax for state and county. It recommended the annual holding of a school officers' meeting and thanked Superintendent Willis for his efforts in arranging for the 1925 meeting.

1250 CHILDREN TO GET GIFTS AT COMMUNITY FETE

Silverton, Or., Dec. 23.—(Special)—On Christmas day at five o'clock Silverton, irrespective of religious denominations, will gather for the fourth time to hear the old Christmas gospel and to sing the old Christmas carols. And on Xmas day shortly after five o'clock Silverton will witness 1250 children each receive a bag of candy and make merry around the huge tree with its many colored lights. This year the local order of Loggers of the Royal Legion of Loggers and Lumbermen has erected its fourth annual community Christmas tree at Silverton. And so, again a huge tree standing on the intersection of First and Main streets at Silverton will be the gathering place of the community.

Years ago, a pioneer story goes, in the self-same spot which the community tree now occupies each year, stood a huge oak, an oak which was the "Main Street" of the wilderness country. The story goes on to tell that under the protecting branches of this old oak the Albigans planned many an attack, and that years later it was in its shade that the peace pipes were passed around. And—these old pioneers believe—the community tree with its message of goodwill and peace, is a fitting memorial to that patriarch of old.

This year the Rev. S. Hall of the Methodist church will speak. There will be numbers of the Four-L part and some special music at numbers are also being arranged for.
