WOODBURN NAMES OLD OFFICERS IN COMMUNITY CLUB

Woodburn, Jan. 21.—All officers of the Woodburn Community club were re-elected for the ensuing year at the monthly meeting of the organization last night. The nominations, all unanimous, resulted in the re-election of John P. Hunt, president; Ivan C. Deora, vice president; R. L. Giles, secretary-treasurer and R. J. Glat and E. J. Allen, directors.

The community club was invited to have a representative at the annual meeting of the Oregon Chamber of Commerce in Portland, January 28, and to participate in the industrial exhibit of the chamber of commerce of O. A. C. at Corvallis. The request of the Salem Chamber of Commerce for an opportunity to send speakers to discuss filbert plantings was referred to the farmers' committee, consisting of R. J. Glat, H. F. Butterfield and John Ramage, with the suggestion that the speakers might appear before the Woodburn Cooperative Fruit Growers' association to better advantage.

A. A. Mickel, district freight and passenger agent for the Southern Pacific, with headquarters in Salem, was a guest of P. O. Vickers, local agent. Mr. Mickel admitted that he was a member of the Woodburn baseball team of 20 years ago, and gave a short talk. Rev. R. B. Scott, pastor of the First Methodist church, was another guest, pledging the cooperation of his church and voicing a plea for an increased interest in the youth of the community.

UNCLE HUGH HAYES HAS 90 CANDLES ON CAKE

Dallas, Jan. 21.—Uncle Hugh Hayes spent a very happy birthday last Tuesday at his home on the Ellendale road west of Dallas, surrounded by relatives and friends. A pretty feature of the dinner was a large frosted cake with 90 candles. The small grand children of Mr. Hayes took great delight in assisting in blowing out the candles. Mr. Hayes is enjoying especially good health for a man of his age. Each spring and summer finds him hoeing in his garden and orchard. He takes as much interest in politics and current events as in his younger days and always welcomes a friend for a visit and chat.

"Those bilious headaches can be prevented"

"I know how agonizing they are. For years I was a chronic sufferer. And the headaches were not the worst part of it. The strong drugs I used to take to relieve the pain upset my stomach and slowly but surely undermined my general health. Finally I found out that my headaches were due to constipation. My doctor advised Nujol. After taking it regularly a few weeks the trouble disappeared."

INDEPENDENCE MEN GET PATENT

Independence, Or., Jan. 21.—C. W. Butler and Arch Sloper have received the final patent papers on their automatic pressure gun for greasing. They started work on the gun about a year ago and a few months later put samples into operation at the Independence garage and Pomeroy service station to test the guns out under actual working conditions. They have proved so successful that a number of salaried men traveling out of Portland make it a point to stop here for greasing.

With 100 pounds air pressure at the tank, the gun develops 3000 pounds at the nozzle. Mr. Butler states that parts are now on hand for the assembling of 50 guns, which are to be marketed in the near future and that they have completed an air gun for filling differentials and transmissions from the original grease container at the same time measuring the grease.

TELEPHONE DEAL ABOUT COMPLETE

Woodburn, Jan. 21.—Final details for the transfer of the rural telephone lines to a private group have been completed, but the consummation of the deal postponed until later. While an authentic report has been made that the postponement date was set for March 1, H. L. Gill, publisher of the Woodburn Independent, and a pioneer in the telephone exchange situation, reports that the agreement with the telephone company will probably be concluded by February 1.

INDEPENDENCE FIVE DEFEATS M'MINNVILLE

Independence, Or., Jan. 21.—Lewis Seggie brought his McMinnville high basketball team down from the Yamhill district Tuesday night and it took everything Independence had to win from them by a score of 18 to 17.

At the end of the first quarter Independence led 8 to 2 and at the half 8 to 6, but at the close of the third quarter the score was 10 to 10.

Cook of Independence was high point man with 14 and Calbreath must be credited with feeding him in fine style. Burch was used in place of Captain Becken and proved to be a speedy man who, with experience, will develop into a good guard. The lineup: Independence McMinnville Calbreath (6) Warren Cook (14) Becken (7) Eckman Weddle (4) Burch (2) Van Aitja Burch (2) G. (2) Laughlin Riding of O. A. C. referred the game, calling five personal fouls on Independence and none on McMinnville.

Woodburn Community Club Learns Recommendations For Municipal Bond Issue

WOODBURN COMMUNITY CLUB... Woodburn, Jan. 21.—Recommendations carried in a partial report submitted by a special committee headed by G. A. Landon, chairman, looking toward the substitution of a municipal bond issue to retire approximately \$34,000 in outstanding warrants, were received by the Woodburn Community club at its monthly meeting at Clark's restaurant last night. An informal meeting with the city council will probably be held next week in order to work out a definite policy regarding dollars and cents and to prepare for the preliminary steps if the proposition is given favorable consideration. The special meeting will be called by Mayor W. H. Broyles and John P. Hunt, president of the Community club.

The report submitted by the committee recommended that \$30,000 of the warrants be taken care of through a bond issue and the remaining \$4,000 serve as a check against future city council. Under the schedule outlined by the report, bonds of \$2,000 with interest would be retired annually for a period of six years while bonds of \$3,000 with interest annually retired for another period of six years. A group of at least 20 citizens would be asked to sign an agreement to each pay \$5 into a fund for the purpose of defraying expenses for an injunction against any member of the city council who should seek to violate the limit set by the city charter.

This group would be organized into a lower tax league and elect its own officers and directors. Any citizen or member of the league would be privileged to file an injunction suit, the fund being available through the \$5 pledges. The committee was interested chiefly in working out a plan and did not pay strict attention to the matter of available finance without increasing the tax levy. It is for this purpose that the city council and the committee will formally meet to give the matter due consideration.

Under a suggestion made by Keith Powell, local banker, bonds of \$1,000 and interest would be retired annually for five years; \$1,500 annually for another five years and \$2,000 annually for the next 10 years. The bonds would be 20-year bonds and would provide for the retirement of \$32,500 of the outstanding \$34,000.

Following some discussion the committee was instructed by President Hunt to proceed and present a complete report at an early meeting of the community club. The final report will probably be completed after the informal meeting with the city council.

Decorations and lunch was served at 11 o'clock. Guests for the evening were Mr. and Mrs. Clay Allen, Mr. and Mrs. Floyd Allen, Mr. and Mrs. M. Zeis, Mr. and Mrs. Roy Davenport, Mr.

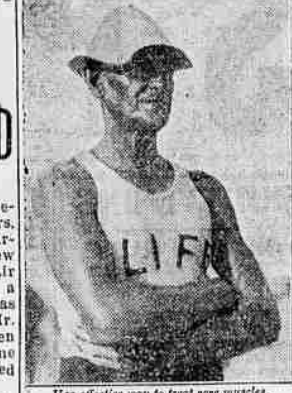

and Mrs. Roy Fitzgerald, Mr. and Mrs. C. J. Cooley, Mr. and Mrs. J. HOW TO GET RID OF MUSCLE-LAMENESS

Beach Patrolman Advises this Treatment

After exposure to dampness and cold, and after hard exercise, muscles will stiffen up and get lame. A beach patrolman at Atlantic City writes that he has found this treatment the quickest and most effective way to take out the stiffness and pain: "Just put on a Bile of Sloan's Liniment. Don't rub. It's the liniment—not the rubbing—that helps. You'll get relief right away. I've tried all sorts of other things, but nothing gets results like Sloan's." Hundreds of letters like this tell of the wonderful relief from muscular pain that Sloan's gives. Sloan's gets results because it doesn't just deaden pain, it gets at the cause. Right to the place that hurts it brings a healing stream of fresh, new blood. Quickly and surely it carries off the "fatigue-poisons," takes out stiffness and drives away the aches and pains. Get a bottle today and have it on hand. All druggists—35 cents.

Quick Relief! A pleasant effective syrup. 35c and 60c sizes. And externally, use PISO'S Throat and Chest Salve. 35c

"Classified" Is Absorbing Picture
By C. T. H.

How a want ad won the path to love is related in a well developed film story, "Classified," which is the current attraction at the Rivoli theater this week. The story is centered about a girl of small purse but costly ideals whose job it was to sit at a telephone in a newspaper business office and to take down the multitudes of small wants of the public—"Dog food," "house for rent," "garage for sale" and the rest. Enlivened with the witty subtitles and full of laugh-provoking incidents on the side, the film works out the problem of the working girl, industrially and socially.

Corrine Griffith makes a most delightful hit in the main feminine role as a modern flapper. Jack Mulhall as the garage man with shell of iron and heart of gold, while more a comedy type than otherwise, makes a good interpretation of a hardboiled character. As the youthful and elegant millionaire in silk hat, Ward Crane puts rather more than ordinary verve into his part.

The story is one of the best told and cleverly filmed of any the Rivoli. It has the grace of laughter in every episode, with a real moral tone shining through it all.—Oregon Journal.
