WOMAN SURPRISES FRIENDS

"After a spell of typhoid fever 7 years ago I began to suffer from indigestion and gas in my stomach and colic attacks. This gradually became so bad that my doctor advised an operation for gall stones. A friend advised me to try MAXR's which I did with splendid results. My friends were astonished at my rapid improvement. I have no more bloating and can eat anything I wish. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at J. C. Perry's, D. J. Fry's and druggists everywhere.—Adv.
