

BUTTER, EGGS BOTH VERY FIRM POULTRY STEADY

Portland, Aug. 21.—(AP)—Although butter and egg prices were unchanged on the local dairy board at the final session, both commodities closed very firm, especially on ton grade stock. Receipts took a slump during the past week and storage holdings were drawn upon to meet this market's requirements.

Bear interests are attempting to keep the local egg market down and they are partly successful. Portland is still the lowest egg market on the coast having failed to respond to the full advances at other coast cities during the past week.

Closing prices on the dairy exchange were: Extra 34c; first 34c; medium 30c; undersized 18c, and current receipts 33c.

There is a brisk demand for good butter and jobbers are paying premiums on fancy cubes for outside shipment. Closing cube prices on the exchange were: Extras 42 1/2c; standards 40c; prime firsts 39c, and firsts 35c. Prints held firm at the 47c level with no change announced for over the week end. Bids for butterfat ranged from 44c to 46c in the country.

Country dressed meats cleaned up along the street and there will be nothing to speak of carried over. Choice light calves were firm at the 18c level while hogs were a trifle druggery at 18c to 18 1/2c. The poultry market closed in good shape with prices fully maintained. Heavy hens are generally bringing around 26c, although sales as high as 27 cents have been reported. Light hens held around 16 to 17c. Now ducks in during the week to test values.

Wheat closed weak, 1 1/2c to 2 1/2c net lower, corn 1 1/2 to 1 1/4c down, oats 1/2 to 1/4c off, and provisions varying from unchanged figures to 1/2c decline.

HOP MARKET
New York, Aug. 21.—(AP)—Hops steady, Pacific coast 19 1/2c to 21c.
New York, Aug. 21.—(AP)—Speculative interest in the long side of the market was revived today when bullish demonstrations developed in several specialties under the leadership of General Asphalt common and preferred, which soared 6 1/2 and 8 points respectively, to the highest prices in more than five years. The rally followed an early period of irregularity during which an ineffectual attempt was made to unseat the general list by renewing selling pressure against U. S. Steel common and General Motors.
Westinghouse Airbrake was bid up nearly four points. Special strength also was shown by Panhandle producers and refiners, Lanzer Chemical, American Safety Razor and Remington Typewriter. Bids were quiet but firm; Chesapeake and Ohio and Atlantic Coast line raising briskly from their levels.
The closing was strong. Total sales approximated \$26,000,000 shares.

10 PERCENT LOSS IN SPLIT PRUNES

Walter Pemberton, well known prune man and prune buyer, estimates that prune cracking from the recent rains will not regress much more than a 10 per cent loss. He figures that all the prunes have cracked that are going to crack and that there will be many of the cracked prunes that will not show up bad in the drying.

POWELL MOTOR BUSINESS SOLD

Arrangements have been completed whereby the Fred M. Powell Motor Car company has been purchased by A. C. Bishop, more widely known as "Biddy" Bishop, and by A. J. Rousseau.

Mr. Rousseau and Mr. Bishop have adopted for their combined motor company the name already used by Bishop for the company dealing in Oldsmobile cars. The name is Capitol Motors, Inc. The name is Capitol Motors, Inc.

They will continue to handle the Oldsmobile and the Packard cars. The service department has been improved by the addition of Tom Watts to the staff. Watts is an automobile mechanic of wide experience and is well known in Salem. The former staff is also being retained by the company.

The company occupies the plant built by the Fred M. Powell company at 250 North High street about a year ago.

GORMAN AND GRASSO JOIN TUNNEY SQUAD

Speculator, N. Y., Aug. 21.—(AP)—Gene Tunney's corps of sparring partners is being augmented. Bud Gorman of Summit, N. J., a likely heavyweight, is expected before nightfall. Tomorrow the camp expects to receive Johnny Grasso of New York.

Tunney plans to continue training for the present at the hotel of Bill Osborne, a former "buddy" of Tunney in the marine corps.

Gene continues in a business-like manner in his bag punching, shadow boxing, rope skipping, sparring and last, but not least, his reading, which seems to be no small part of his training program.

No site for a training camp near Philadelphia has yet been selected.

POULTRYMEN OF STATE ORGANIZE

Permanent organization was effected yesterday for the Oregon Accredited Hatchery and Breeders' cooperative by a group of poultrymen from various parts of the state which met in the rooms of the Salem Chamber of Commerce. Election of officers by those who signed applications and paid membership fees resulted in the following selection:

Ambrose Brownell, Milwaukie, president; F. H. Cockell, Milwaukie, vice president; A. G. Lunn, Corvallis, secretary-treasurer; Wesley M. Wiro, Newberg, an Elmer Gribble, Canby, directors. These five officers, constituting the executive committee, held a meeting last evening following adjournment of the regular meeting. Plans for placing the association in operation at the earliest possible date were considered.

Under the plans of the association as organized, poultrymen members are divided into three classes—breeders, flock owners and hatcheries. A supervisor will be appointed who will inspect all member flocks after which products of these flocks or hatcheries may be sold as accredited or certified, and may be advertised under a general trade mark. Supervision of flocks is to be under the direction of the state agricultural college and the United States department of agriculture.

Twenty-one poultrymen had signed up by last evening, with the understanding that certain points in the regulations over which there is some question will be settled by a second general meeting in the near future. Any who are dissatisfied after such decision may withdraw and have their fees returned.

FALLEN ANGEL ORIGINAL SHEIKH

Aleppo, Syria.—Taus Malak, the "fallen angel" whom God expelled from heaven, is the patron saint of the sheikhs—not those whose handsome profiles thrown against the American screen have made flappers' hearts flutter.

The tribe of the Yazidies, worshippers of Satan, from which the original sheikhs sprang, are nomads living from cattle raising. They number about 12,000 and their habitat is north of Aleppo near the Djebel Soumann. Another branch is to be found at Khaltar, a small town in the vicinity of Diarkebir. Sheikhs claim they can trace their ancestry from heaven, being

SCHOOL CAMPUS IN TWO STATES

Kansas City, Mo.—Students of the future Lincoln and Leo university of Kansas City will pass from one state to another every time they go from the law school, for instance, to the administration building.

Lusty cheers for a football victory may be heard in two states and a baseball clouted for a home run may be retrieved by an alert small boy in Missouri.

The Kansas-Missouri boundary line runs through the site for the new university. Thirty-seven acres of the 273-acre campus lie in Missouri and the rest is in Kansas.

STOLEN JEWELS FOUND IN PAWN

New York, Aug. 21.—(AP)—Two Harlem pawnbrokers, Joseph Roth and his son, Herbert, were in jail here today charged with receiving stolen goods, in connection with the theft of jewels valued at as much as \$500,000 from General and Mrs. Cornelius Vanderbilt at Newport, R. I.

While the pawnbrokers were being arraigned here for their alleged connection with the theft, detectives began checking over the seized gems worth \$18,000.

Five cases of jewels were stolen from the Breakers, the Newport mansion, two weeks ago while the Vanderbilts were entertaining friends at dinner.

Among the jewels stolen were some irreplaceable family heirlooms, and so many were missing the family had difficulty in compiling a list.

Some of the gems seized by detectives here when the Roths were arrested was a brooch set with 25 diamonds, three diamond studded bracelets and several rings. There was also a horseshoe pin of yellow metal, set with ten stones believed to be pearls, eleven bluestones and 30 white stones, forming the words "good luck."
