## Salem To Have Symphony

Salem musicians and music lovers in particular, and all interested in the continued cultural growth of the community in general, are tremendously pleased in the announcement that the Salem Symphony orchestra will be organized again.

Three seasons have passed since the Salem symphony was disbanded after forming an important part of musical life in the capital city for the four preceding years, under the directorship of Prof. R. W. Hans Seitz.

Continued requests on the part of a number of Salem musicians, who are eager to be part of a local symphony orchestra, that he reorganize the group have come to Professor Seitz and he has decided to undertake the organization at once. All those desiring to try out for the new symphony are asked to send their names to Dr. Edits and he will send them written notice of the time and place of the first rehearsal. He will require practically all instruments and issues a special call for violinists. Three years ago the orchestra was composed of fifty musicians.

Simultaneously with the announcement of the organization of symphony comes the word that the Salem Oratorio society, under the honorary chairmanship of Mrs. A. N. Bush, will begin rehearsals again next month. Those wishing to join the society are asked to send their names to Prof. Seitz.

Two girls were initiated into Chadwick assembly No. 3, Order of the Rainbow for Girls, in special ceremony at the Masonic temple on Saturday evening. The new members are Miss Mariah Bretz and Miss Leah Panning. The assembly now has a total membership of 129 girls, nearly twice the charter membership. The local assembly was installed less than nine months ago.

Next Tuesday a group of the local girls will go to Albany to give the degree work before the Albany Eastern Star.

The general aid society of the First Methodist church will meet in the church parlors tomorrow afternoon beginning at two thirty. Mrs. H. H. Vandevort, the society president, will preside. Circle leaders will report and a social hour will follow.

After nearly three months of inactivity the music section of the Salem Arts league is making plans, under the direction of the section leader, Prof. R. W. Hans Seitz, to begin during the middle of October, a study of classical and modern masters and their compositions. All members of the section may join a class which will be offered free in fundamentals of music, theory, harmony, counterpoint, and orchestration, according to Dr. Seitz. Those wishing to join this section are asked to communicate with the leader, Dr. Seitz.

**HUSBAND DID THE WASHING**  
His Wife Confined to Her Bed by Ill Health

Because of his wife's frequent ill health, Mr. J. F. Gage was obliged to do the washing and cooking for the family.

One day when Mrs. Gage was confined to her bed, he brought her the newspaper to read. Among the advertisements she noticed a letter from another sick woman telling of the help she had received from Lydia E. Pinkham's Vegetable Compound.

"I'll try it," she decided. Her husband brought home a bottle and only a few days after she had begun to take it she felt well enough to be up around the house. Gradually her general health improved until she is now able to do her own work.

In a letter which Mrs. Gage recently wrote, she said, "I have taken twelve bottles and feel like a new woman." She has told many women about Lydia E. Pinkham's Vegetable Compound and one of her friends is now taking it. Her address is Mrs. J. F. Gage, Route 5, Brownwood, Texas.

Ask your neighbor.

The sixth wedding anniversary of Mr. and Mrs. Ross Miles was delightfully celebrated on Sunday with a family dinner at the Miles' home. Hayes, also of Portland, Mr. and Mrs. Frank Bell of Reckreall, Hugh Bell, of Monmouth, Mr. and Mrs. Burton Bell of Monmouth, Mrs. B. E. Carrier, Mr. and Mrs. B. C. Miles, Mr. and Mrs. Robert Dann, and the hosts, Mr. and Mrs. Ross Miles.

During April, May and June, Miss Moore was enrolled in a special home economics course at the Merrill Palmer school in Detroit, Michigan, and during this year she will be part time instructor in the O. A. C. home economics department. Miss Moore was selected from the large department at Corvallis to go to Detroit for this course.

## REPTILE TRIMS POPULAR AGAIN

Patent leathers, with reptile trims and square toes and 13-88 heels, will be demanded by the young lady going away to school this year, according to the Buster Brown Shoe company's showings.

There will be a certain amount of light tans and leathers known as parchment calf, trimmed in lizards and shark leathers. Plain black patent leather step-ins, with silver or the new paisley cloths, will also be worn this season. Black satin or patent leathers with large silver buckles are also in demand.

For daily wear the tan walking shoes will be worn.

The new health last, featured exclusively by the Buster Brown stores, has met with such a response that the factory has been unable to keep up with the demand. These shoes are also trimmed with the late color combinations.

**IMPROVEMENTS MADE IN QUINABY SECTION**

Quinaby, Or., Sept. 21.—Mr. and Mrs. Roy Perkins have reserved an acre of ground on their farm, facing the Pacific highway, at the Campbell lane, for the purpose of building a modern bugalow there in the near future. Mr. Perkins is a cousin of the pioneer family of that name, and his wife was the widow of Alanzo (Toots) Perkins, the relationship bringing about frequent misunderstanding because of the continuance of the name.

Tex Perkins, who has just purchased the original homestead of his father, the late A. G. Perkins, plans a modern home to replace the present farm house, which will be used for tenants. Mr. Perkins operates a laundry in Tigoma and is interested in ice refrigerating machines, many of which are in use in Salem and elsewhere, the machine being Mr. Perkins invention.
