

STAYTON HOLDS P.T.A. MEETING AT HIGH SCHOOL

Stayton, Or., Jan. 12.—The regular monthly meeting of the Stayton Parent-Teacher association was held in the high school auditorium this week. The meeting was one of the most successful ones of the year. It was opened by the entire assembly singing some of the old familiar songs. A short business meeting followed after which the meeting was turned over to the entertainment committee.

Mrs. H. A. Beauchamp gave a short talk on the state convention which had been held in Salem some weeks previously. Two charming piano duets were rendered by the Ross sisters, Ruth and Esther.

Miss Wright, the primary teacher, gave an address on "Health Habits." Her address was of particular interest to the parents as it concerned some of the methods used to teach children the health habits.

Mrs. Ruth Wood then led the round table discussion. The matter of paying for the encyclopedias recently purchased by the school was discussed and a collection taken up which netted \$11.65.

The necessity of a playshed for the children was brought before the meeting and it was decided to lay the matter before the annual school meeting for discussion.

Thrift was the next subject discussed and Mrs. Anna Adams and Professor Paul McClelland made the address on that subject. It was decided to hold future meetings at 7:30 o'clock.

SPRING COMING; STUDENTS CLEANUP

Chemawa, Or., Jan. 12.—Spring house cleaning has been started at the school and before long every thing on the campus will be spic and span. For some time the work of installing new drain pipes has been going on, but will be finished soon, it is said. The roads winding around the buildings have been filled and leveled and are passable without undue injury to travelers. The large trees along the front of the dormitories are being pruned to allow more light and better shape. The roofs of the buildings are being cleaned and repaired and numerous other improvements for the outward appearance will be completed within a short time.

ACCIDENT VICTIM IS BURIED TODAY

The sermon was preached by Rev. J. E. Tubia, and music was by the children's choir with Sister Claudia at the organ.

The pallbearers were Frank Nathman, Joe Bova, Wilmet Courtney and Frank Barton. Interment was at St. Luke's cemetery. Clifton was but five years of age and leaves to mourn his loss his parents Mr. and Mrs. Alfred Campau of Portland, his little twin brother Clifford, his grandparents, Mr. and Mrs. Frank Campau of Woodburn, and many other relatives. Much sympathy is felt for the bereaved family.

FRISKY FIREMEN FROLIC Fur and fun fly for full falls FANS FORCING FIGHTERS

Mill City, Or., Jan. 12.—The Mill City fire department held its monthly "frolic" Tuesday evening, and it was a "dinger," red hot stuff from start to finish. Practically 100 per cent of the 100 members were present. After a short business meeting the activities of the evening were started with a two-round bout between "File 'Em Sharp" Merton Crothers and "Knock 'Em Stiff" Eddie Dropeia, the boys going at it fast and furious until they were out of breath, resulting in a draw.

The next was two rounds between "Radio" Alvin Diller and "Dynamo" Harry Jensen, perfectly good barmakers going to waste in this battle and no blood was drawn, as it was also called a draw.

"Jeff" Bud Pymale and "Mutt" Floyd Greenhaw then went on the mat for a fast wrestling match, "Mutt" being so inconsiderate as to hook a half nelson and half a heavy cross hold all at once and had "Jeff" flopping in just four minutes. It evidently wasn't their idea of a good time as they didn't come back for the other fall. "Stab-guider" John Hickman and "Link-massage" John Daves then took the stage for two rounds of beautiful foot work, occasionally taking a jab at each other, both qualifying as experts at the "Valencia." "Battling Bili" Dave Cagle and "Gaten-

Don't Let That Cold Turn Into "Flu"

That cold may turn into "Flu", Grippe or, even worse, Pneumonia, unless you take care of it at once. Rub Musteroil on the congested parts and see how quickly it brings relief.

As effective as the messy old mustard plaster; does the work without blister. Musteroil, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter irritant which stimulates circulation and helps break up the cold.

You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

WILSHIRES I-ON-A-CO

Dear Mr. Wilshire: I have been a sufferer from varicose veins for over 7 years, and had to wear an elastic stocking continually and even resort to crutches. After just four treatments with the I-ON-A-CO, the swelling has entirely disappeared. This is a wonderful cure, considering that I am 78 years of age.

1071 Edison St., San Francisco. THOMAS WEST.

VARICOSE VEINS are due to the presence of unoxidized toxic material in the blood. This thickens the blood, and as a result the heart has difficulty in emptying itself. When the arterial side of the heart has not properly emptied itself and the blood finally comes back on the venous side, only part of it can get in. The remainder backs up into the veins, causing them to become swollen and knotted.

To reduce varicose veins, the viscosity of the blood must be restored to normal by the removal of the poisonous material which thickens it. In other words, the poisons must be oxidized so that they can be eliminated. And this is exactly what the I-ON-A-CO does.

Come in and take a delightful 10-minute FREE TREATMENT

The I-ON-A-CO, through magnetization, improves the oxygen-transferring ability of the iron in the body. That is, it increases the ability of the iron to transfer oxygen to the tissue cells. The toxic material in the blood is then quickly oxidized, eliminated, and the swollen veins return to normal. However, you need not take our mere word for this. For the cure of varicose veins is something you can see with your own eyes. What could be simpler than to visit us, take a delightful, free treatment, and judge by your own experience?
