

# SENATORS SHOW STRONG IN SEASON'S FIRST WORKOUT

## YANNIGAN GAME OF FIVE INNINGS ENDS IN 2 ALL TIE

Although the Salem Senators were out for the first practice yesterday afternoon they looked exceptionally good in the initial practice and gave promise of being one of the strongest teams entered in the City of Portland league this summer, playing almost mid-season ball for five innings with the score ending 2 to 2.

More than enough players turned out to make up the two teams and every player in the history of Salem, the other clubs entered have also gathered together strong combinations, insuring fans of fast ball all the way.

**Four Pitchers Ready**

Salem legends in the making in the pitching bureau with Buchanan, Elmer, Ashby and Morris and with the other departments equally strong it is predicted that the Senators will finish at the top or at least close to that position.

The schedule as announced Saturday afternoon is as follows: Only the first two rounds have been announced, the final round to be announced after dropping of the week-end club a decision that was reached at the last meeting of the managers. At that meeting it was decided to drop the last two clubs, but since the Senators had only seven clubs to play it out, there will be only one team dropped. It was said, however, some had it that the Hamilton Club might be dropped.

A poll conducted last week by the Capital Journal and which closed yesterday afternoon, revealed the fact that the majority of fans are strongly in favor of retaining all clubs in the league, where it has been proven that judges are incompetent.

Though not as many are in this belief as was hoped, enough were sent in to show that the judging system was not approved.

## Dartmouth Takes Steps To Sound Out Athletic Reforms of President

Hanover, N. H., March 21.—(AP)—The Dartmouth athletic council today took steps to sound out opinion in intercollegiate football circles on a revolutionary plan of reform proposed by President Ernest Martin Hoffman.

His suggested limitation of players on varsity teams to members of the sophomore and junior classes, it would give each college two varsity teams for single games, and would limit all coaching in the minds of senior graduates.

He wrote Leonard G. Hodgkins of Worcester, Mass., head of the council, that the tendency of his suggestions would be "to guarantee that athletics in college sport would be more completely restricted to serious students, incidentally placing football, that to present day is a condition wherein at every college there are at least a few men who are in college simply athletic incidentally attending college."

The Dartmouth head, who was graduate manager of the Green's football 23 years ago, declared his proposals had been gradually developed by friendly associates, most of whom are former football players.

Admitting that no single college could of itself radically transform the athletic life of the games, President Hoffman suggested that a start might be made, if, without organization, a limited number of colleges in the east should accept the general specifications. Harvard, Yale, Cornell, Princeton, Pennsylvania and Brown were mentioned as possible components of the group beside Dartmouth.

He said that although he did not feel that a start that had been already made in football was necessarily true "tendencies toward such conditions are more rapid than commonly recognized, and I believe generally support among its friends."

## FOUR OF EVERY FIVE FANS FOR REFEREE PLAN

A poll conducted last week by the Capital Journal and which closed yesterday afternoon, revealed the fact that the majority of fans are strongly in favor of retaining all clubs in the league, where it has been proven that judges are incompetent.

Though not as many are in this belief as was hoped, enough were sent in to show that the judging system was not approved.

## PULLMAN ACROBAT, 72, SCORNS LOWER BERTH

Westerville, Ohio, (AP)—The corpulent traveling acrobat, making a show in Levee, three weeks ago, the head of the United Body across the way, flew to his mouth to another a scream, while the porter hurries down the aisle with a ladder.

Dr. Howard H. Russell, 72-year-old founder and first general superintendent of the Anti-Slouch League, and Pullman, an experienced acrobat, is entering his upper berth for a quiet night's rest.

In spite of his age and the task of traveling more than 50,000 miles a year at his work, Dr. Russell always takes an upper berth and disclaims the porter's ladder as a means of ascent. A firm grasp on the edge of two berths, a convulsive kick or two, and he is in his space—and gray hair is no reason for forgetting the porter.

Since he organized the Anti-Slouch League in Oberlin, Ohio, in 1912, Dr. Russell has traveled more than a million miles in the United States and fifteen European countries. Practitioner, he says, is here to stay, and "order to enforce every day."

Following the presentation of the letters an interesting program was given by the pupils of the East Side school.

## ART HUMPHRIES TO GIVE MACKIE BATTLE, BELIEF

Battle is predicted that Art Humphries, the Everett, Wash. fighter who is scheduled to meet Ad Mackie, Portland, in the 10-round main event in the Salem arena Wednesday night, will carry away the decision either by a knockout or decision, though most of the fans are said to be stalling along with the Portlander due to his recent showings here against Alvie Taylor and Tommy O'Brien.

At any rate the battle ought to be worth witnessing for Matchmaker Harry Plant has pointed out that the two fighters are of similar weight and Mackie, defending his title, Humphries challenging it. However, Mackie has only a claim and the victor would only have that right, having no class title to it. Mackie bases his right to the title by virtue of a victory over Babe Herman.

Humphries, though but 29 years of age, has engaged in about 75 fights since first entering the ring. A complete scrapbook shows that he has won 13 via the K. O. route, 28 decisions, one victory on a foul and 14 draws. He has lost seven of the 75 fights, an impressive record to say the least in considering that the Canadian has met the best of them in his class.

Mackie, too, is well known by all of the close followers and since he has shown a willingness to trade punches rather than simply pile up points by countering he has become quite popular and promoters all over Oregon have been seeking his name to the distant line.

Donny Pelt, the fighting musician and former newspaper man, has the chance to tackle with the veteran Mackie, but, demanded a sum that was exorbitant and was not pressed further. However, the little "Jew" wasn't very anxious to take the job, apparently thinking that Mackie was a little too much.

Harry Hanks, Mackie's handler, is of the opinion that Humphries will be the toughest opponent that Mackie has been signed to meet since the boxing instructor returned the ring and thinks that Ad will have to call upon all of his reserve training in order to get a win.

## JOHNSON BIDS FOR PITCHING RECORD

Johnson joined Washington in 1907 and has been there ever since.

Statz shot a 35-40-55 in the morning to finish up everything in sight. Among the unannounced were such favorites as Sam Rice, Washington outfielder, with two 40s, Eppa Rhee, lengthy Cincinnati lawyer, Eddy Vanez of the Hobbs and George Goslin of the Senators, all beating 55.

The Bend trap prisms also turned in a score of 75 and kept their record clean, still topping the rest of the club with 19 wins and no losses.

As expected the Medford snapper gunners gave Salem its closest competition, missing by but one bird a chance for a tie. Penetration, Salem, Heponer and Bend were the clubs that went straight in yesterday's shooting. Eugene, Portland, Echo, Coquille and Medford missed totaling the perfect scores by just one target.

## AMATEUR BEARDS RUIN PROFESSION

Hollywood, Cal.—(AP)—Whiskered amateurs in the film colony who have been living on their beards. Their carefully cultivated chin advertisements formerly assured them regular and remunerative work before the camera, and their calling was not without dignity.

These amateurs do not need the money they earn, say the professionals, but their willingness to lease their whiskers at cut rates just for the fun of working in the pictures is threatening to run an honorable profession.

## BOSTON RED SOX LOOK TO LEADER FOR NEEDED PEP

New Orleans, La., March 21.—(AP)—The Boston Red Sox are off on a personally conducted personality campaign. If they get anywhere in baseball it will be directly due to the personality of William F. Carrigan, who has returned to the scene of his former triumph, after an absence of ten years, in an effort to get Boston out of last place in the American league.

Bill Carrigan has personality plus and he has fastened a spirit in the Red Sox they have not known in recent years. The players training here now are practically the athletes who went through the motions here a year ago but they do not look the same.

Manager Carrigan who says that he has not seen more than 20 games in the ten years of his retirement, having returned to the game, has come back with a vim which has proved contagious. The Red Sox are bustling now. How far they can go remains to be seen but a casual spectator at the practice periods can see there is smoke in the camp which may break into fire as the season starts.

The team of necessity will be much the same as that of last year with one department noticeably strengthened. The club promises to get some good catching. Fred Hofman, formerly of the Yankees, has returned to the majors after a stay at St. Paul and with Grover Hartley, veteran major leaguer but still a good receiver and fair hitter, will do the catching. The only contest behind the bat is for the position of third catcher. Clifford Brant, who had a trial with Pittsburgh, seems to be the best prospect.

## PRINGLE

Mr. and Mrs. J. M. Coburn and family went to Albany, Sunday, to visit Mrs. Coburn's parents.
