Calendar Committee Closes Year

With the program at the meeting of the club on Saturday afternoon the work of the 1926-27 calendar committee of the Salem Woman's club will be virtually completed. The garden club will have charge of the first meeting in May, the officers at the final meeting of the year, the fourth Saturday in May, and the new calendar committee, according to provision in the constitution and by-laws, must be appointed by the new president on or before June 1.

Mrs. Charles Wells, of Hillsboro, treasurer of the state federation of women's club, and a prominent clubwoman of Washington county, will speak on "Our Schools," at Saturday's meeting. As a member of the school board of Hillsboro for a number of years, Mrs. Wells is well qualified to consider the school question from the director's viewpoint. The school cooperation division of the educational department will be directly in charge of Saturday's program. Mrs. Estella G. Ford has been appointed to act as hostess to Mrs. Wells during her Salem visit. A member of the Hillsboro club will accompany Mrs. Wells.

During the business meeting five delegates will be elected to attend the county federation meeting at Woodburn on Friday, April 29. Reports on completed plans for Better Homes week which will be sponsored here next week by the American Home department, under the chairmanship of Mrs. P. G. Bowersox, will also be given. Members of the public welfare and institutions departments who attended the public welfare institute in Portland last week will report the proceedings of the day. The Salem club sent the largest out of town delegation that has ever taken part in any institute, according to Mrs. Eddie Orr Dunbar, the state chairman. An institute will be held here next year. If present plans materialize, amendments to the constitution and by-laws to be voted on at the final meeting of the year, must be presented in writing at the next club meeting.

A summary of the programs given during the past club year shows that practically all of the departments of the club have been represented. The American Home department was featured in programs on October 9 when B. Frank Irvine, editor of the Oregon Journal, spoke on "The American Home," and on March 25 when Dean Kate Jamison of O. A. C. spoke on harmony factors within the home. Two programs were also devoted to the department of applied education. On November 13 Edwin T. Hodde, professor of geology at the University of Oregon, gave a lecture on "Evidence as to the Origin of Early Man in North America." September 23 a decidedly educational program was given by Mrs. Grace McCormac French of Carlton, on "Birds and Wild Life."

Two club meetings of the last year were in charge of the social department. On October 23 all past presidents of the club were jointly honored. On November 27, guest day was observed. Dr. L. F. Griffith, assistant superintendent of the state hospital, spoke to the club on December 11, at a meeting given over to the work of the institutions department. Work of this department has also been handled throughout the entire year in bi-monthly meetings.

The public welfare department was given two meetings for presentation of various angles of its work. On January 8, J. A. McGregor, superintendent of the Indian school at Chenawa, was the principal speaker and on April 9, Dr. Vernon A. Douglas, deputy county health officer, described the work of diphtheria immunization. Fred W. Park, state director of Americanization, was the speaker at the American citizenship department program on March 12. The fine arts

department presented two speakers, Professor J. Leo Fairbanks of the O. A. C. faculty on January 22 and Mrs. Alice Henson Ernst of the University of Oregon faculty on February 26. The legislative committee of the club presented Rev. Martin Pereshethan on February 12. He spoke on "Lincoln, the Man." The music committee has assisted with all the programs of the year. In previous years one or two programs were given over to them alone. The press committee was featured at the first meeting of the year, September 11, when Mrs. Charles N. Bilyeu, recording secretary of the state federation, spoke on "Press and Publicity."

Fewer refusals of speakers listed in the year book were received this year than ever before, according to the calendar committee chairman, Mrs. William Fordyce Fargo and practically every speaker scheduled was able to appear. The calendar committee work is not completed with the issuance of the year book, contrary to the general opinion, but the committee performs a twelve months' service, arranging each time for the entertainment of the various speakers, handling all correspondence, and taking charge of emergencies in sudden program changes that may arise any time during the year.

The first application of Howard's Buttermilk Cream will astonish you. It creates beauty almost like magic, but the most wonderful thing about it is the fact that while it turns the dulled, most lifeless complexion to radiant beauty, it makes red or rough hands or arms snowy white, yet there is not the slightest sign of its use. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin. It is absolutely harmless and will neither produce nor stimulate the growth of hair. Furthermore, you will find it the most perfect base for powder. Within twenty-four hours this wonderful combination will work a marvelous transformation. All druggists.—Adv.
