

EGGS FIRMER PRODUCE DROPS MEATS STEADY

Portland, June 13.—(P)—Today's produce market opened with offerings of a large variety of fresh vegetables of excellent quality at prices ranging generally from the lowest of the season. Prime large strawberries of good quality and color were in heavy supply and selling at 3 and 4 boxes for 25c to retail trade. Green peas are plentiful at 2 and 3 lbs. for a quarter. Head lettuce at from 5c to 15c per head is showing excellent quality throughout.

Local cherries at 30c per lb. were a little more plentiful. Few deals in hops were reported during the week just closed. Prices are steady on the face of the small trade in the three Pacific coast states. Crop prospects are good.

The egg market shows a new firmness, due in considerable measure to a general falling off in receipts. Prices remain at Saturday's level when extras and standard firsts sold at prices 2c and 3c higher than the previous day.

Poultry and fresh country dressed meats are in sufficient supply and prices are about steady except for an oversupply of light hens forcing them down around 12c per lb.

RAY-BROWN FUTURE CAUSES CONJECTURE

The death of Clifford Brown in Alaskan waters has set loose a flood of speculations among every one interested in the fruit business in this section as to what will happen to the huge Ray-Brown canning plant which was just getting well along toward completion near Woodburn. It was a generally accepted idea that the Brown money was financing the plant and he was full of enthusiasm over the project.

Whether or not conditions are such that the work of completing the plant will go ahead for handling the crop this year remains to be seen. No one here seems to know and inquiries in that regard are numerous.

SAY PAULUS PAID \$9038 KING RENTALS

Other rentals paid for the plant during the year brought the total up to \$9,225.12.

STRAWBERRY HARVEST
The strawberry harvest will be on in full blast this week, and while it will not reach its peak heavy deliveries are looked for all week. Last week just got the harvest well under way and the growers spent their time getting over the shock sustained by heavy rains. Every canner will be going heavy from now on. Weather conditions are perfect for ripening and picking went on in full swing today.
