

### PURVINE HOLDS LEGION SHOULD KEEP STATIONS

Who is supposed to be looking after the maintenance of the city comfort stations at High and State streets. The city council or the American legion?

When Alderman Hal D. Patton last night asked the city council to provide \$200 to clean up the rest rooms, Alderman Purvine objected, declaring that the American Legion and not the city were taking care of the rest rooms.

It was recalled that when the city council last winter was wrestling with the budget problem and about to eliminate the band concerts and the comfort stations the Legion came to the rescue and offered to pay the expense. The city accepted the offer.

**PAVING FAVORED**  
The street committee reported favorably last night on the following street improvement petitions: Alley in block 24, Maple avenue from South street to Church street, Miller from Saginaw to a point 200 feet south of Fairmount, alley in block 2 of Watts addition, 20th street from Nebraska to D, North Church street from Highland to South, Jefferson from Winter to Capitol.

The proposal of V. E. Stoliker to establish a pool hall at 347 North High street did not come to an issue last night, for Stoliker requested that his application for a license be withdrawn by the license committee. This application was protested by city school Superintendent Hug and Principal J. C. Nelson of the high school on grounds that the location was too near the high school.

The sewer committee of the council recommended favorably on petition for a sewer for blocks 3 and 4, Yew Park addition and the city engineer was instructed to draw the necessary plans and specifications. The same committee recommended that the city cooperate in the drainage of the district south of Cross street and the report was adopted.

**ZONE CHANGE VOTED**  
A petition was received asking for the installation of a street light at Locust and Fourth streets.

The council adopted findings of the city planning commission recommending that lots 1, 2 and 3 in block 89 be included in a class 3 instead of a class 1 district.

The following ordinance bills were given first and second reading last night.

To establish a grade on East Nob Hill street from Jarvis to Hoyt.

Assessing the cost of improving Capitol street from Oak to Electric.

Assessing the cost of improving Division street from Front to Commercial.

Assessing the cost of improving Broadway.

Assessing the cost of improving Hood street from Fourth to Broadway.

Substitute bill for the regulation of busses.

The following ordinance bills were passed upon third reading:

Segregating the assessment on property of R. P. and W. L. Boise for the improvement of South street.

Segregating the assessment on property of R. P. and W. L. Boise for the improvement of Cottage street.

Assessing cost of improvements on Broadway from Norway to Madison.

Assessing cost of improvements on Hood from Fourth to Broadway.

Segregating assessment on property belonging to J. L. and A. D. McKinney on Hood street between Broadway and Capitol.

Segregating assessment on property belonging to S. R. Bond on E street from Broadway to Fifth.

Segregating assessment on property belonging to J. L. and A. D. McKinney on Church street from Market to South.

Assessing cost of improvements on South Fourteenth street from Lee to Wilbur.

Assessing cost of improvements on Cross street from Church to Twelfth street.

Assessing cost of improvements on Leslie from Twelfth to Thirteenth.

Assessing cost of improvements on Thirteenth street from Leslie to Mission.

Accepting dedication of a part of Seventeenth street by the Southern Pacific for street purposes.

Assessing cost of improvements on Leslie street from Sumner to 12th street.

### 63rd Wedding Date Featured Saturday By Stage Grangers

On the 63rd anniversary of their wedding, which took place June 18, 1864, Oliver C. Yocum, old-time Mt. Hood guide, and Mrs. Yocum were again united in marriage as a feature of the state grange program at Champeog.

Rev. George Grier of Dundee performed the ceremony and the wedding certificate was signed by two women who also witnessed the marriage of 63 years ago. Three hundred members of the Trails club of Portland paid tribute to the old guide.

The members of the grange, returning from the state convention at Corvallis, stopped at Champeog for a two-day program Saturday and Sunday. Senator Charles L. McNary addressed the meeting Saturday night. On Sunday at 11 o'clock Rev. C. E. Wharton of the Washington county Pomona grange spoke on "The Makers of History."

# ELECTRO-KOLD Wins by Comparison

## ELECTRO-KOLD

The Simplest Electric Refrigerator

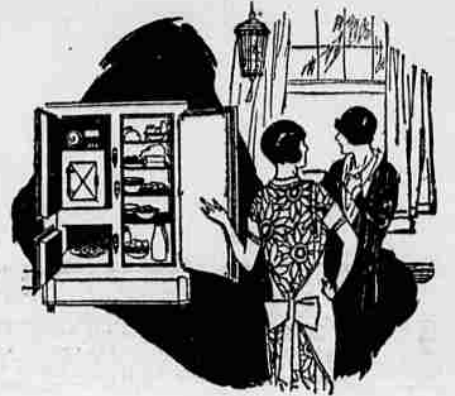

Electro-Kold equipped home of Vincent Palmer, Los Angeles.

Have you noticed that careful purchasers of Refrigeration machinery nearly always select Electro-Kold? They do and there are many reasons why. Electro-Kold always satisfies those who really know what a refrigeration machine should be. For these reasons Electro-Kold is being used in the majority of Pacific Coast apartment houses as well as in stores, restaurants, hotels and fine homes. During the past year this store installed nearly eighty Electro-Kolds. In this number are included the Glendora, Sundberg, Olympia, Demogalla and Stratten apartments and many homes.

Electro-Kold is a thoroughly tried and time tested machine. Electro-Kold refrigeration is the new method of food preservation. Food may be kept many times longer than under the older methods of refrigeration. For example milk may be kept over a week in the hottest weather. This makes for economy of quantity buying as well as convenience. The desserts freezing feature, etc., as well as salads and ice cubes may be frozen in large quantities. Yet Electro-Kold Refrigeration is so much cheaper than ice refrigeration that in a few years you can actually save the cost of the machine. Three cents a day will run the ordinary home size.

If you have a good refrigerator now we can install an Electro-Kold machine in it, placing the compressor unit in the basement or any convenient place, or you may trade in your old refrigerator as part payment on a complete Electro-Kold unit. Be sure to see Electro-Kold at once. No more costly than ordinary refrigeration machines. Let us show you why it is better.

ELECTRO-KOLD Can Be Installed In Your Own Refrigerator
