Old Folks Say Doctor Caldwell was Right

The basis of treating sickness has not changed since Dr. Caldwell left Medical College in 1875, nor since he placed on the market the laxative prescription he had used in his practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

Then, the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of Dr. Caldwell's Syrup Pepsin, which is a combination of senna and other mild laxative herbs, with pepsin.

The simpler the remedy for constipation, the safer for the child and for you, the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs?

A bottle of Dr. Caldwell's Syrup Pepsin will last a family several months, and all can use it. It is good for the baby because pleasant to the taste, gentle in action, and free from narcotics. In the proper case, given in the directions, it is equally effective at all ages. Elderly

people will find it especially ideal. All drug stores have the generous bottles. We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you an dyours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you a prepaid FREE SAMPLE BOTTLE—Adv.

Craven was re-elected and W. L. Soehren was elected to fill the vacancy which occurred through the expiration of the term of H. S. Butts.

The number of children in district No. 2 having increased so rapidly it was found necessary to vote on the question of increasing the 6 per cent per annum, this carried by a large majority, making it possible to levy a tax which will give the necessary \$23,564.77 increase for maintenance.

DALLAS STARTS DRIVE TO AID ITS HOSPITAL

Dallas, June 21.—The program of the forum luncheon of the Dallas chamber of commerce Monday was devoted to the Dallas hospital and its needs. Dr. V. C. Staats, chairman briefly stated the history of the hospital, telling how it had been organized some 14 years ago, and financed through the sale of stock to the citizens, and that equipping it had necessitated the board of directors going on a note for \$5000, and how one half of this amount has been paid in addition to interest on the loan, taxes and street improvements, and maintenance. Oscar Hay a member of the board asked the citizens to lend their support to the institution to the extent of retiring the balance of \$3500, leaving the hospital association free to make some needed improvements and replacements. Dr. Bollman and Conrad Stafrin, both members of the board of directors, supported the plea of Dr. Staats and Mr. Hayter. Dr. Staats outlined a plan where by each citizen would be given an opportunity to subscribe a given quota, and with the assistance of committees from the Dallas Woman's club, calls would be made at every home, permitting the housewife to subscribe her quota. A most interesting letter had been received from Mrs. Hattie W. Rhodes of Seattle, pledging \$500 toward the fund, and when called upon for an expression every member present pledged to meet his quota when called on by the committee next Thursday, which will be "Hospital Day" in Dallas.

Mrs. Rhodes as Hattie Williams, sister of Walter, and Ralph E. spent her girlhood in Dallas and her loyalty and love toward her old friends and home is deeply appreciated.
