How To Reduce Varicose Veins

Rub Gently and Upward Toward the Heart as Blood in Veins Flows That Way

If you will get a two ounce original bottle of Moore's Emerald Oil (full strength) at any first class drug store and apply it night and morning as directed you will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

Moore's Emerald Oil is a harmless, yet most powerful germicide and two ounces last a very long time. Indeed, so powerful is Emerald Oil that old chronic sores and ulcers are often entirely healed and anyone who is disappointed with its use can have their money refunded. J. C. Perry sells lots of it.

FLY-TOX KILLS MOSQUITOES

Mosquitoes Thin Your Blood. Normal human blood is too thick to be drawn through the mosquito's small piercing tube. They must first inject a thinning fluid. In that way disease germs are set afloat in the blood stream—bacteria of burning fever and crippling disease. There is also the danger of streptococcal infection (blood poisoning) from scratching the bite. Mosquitoes must be killed. Health authorities advocate Fly-Tox. Simple instructions on each bottle (blue label) for killing ALL household insects. Insist on Fly-Tox. Fly-Tox is easy to use. Safe, stainless, fragrant, sure—Adv.

Elderly Motorist Serene and Dusty Protects "Mother"

Hubbard, July 21.—There was an automobile accident between Ames auto park and the Roselawn gardens on the Pacific highway at about 5:30 Monday evening. It was a case of something going wrong with the steering gear sending the elderly couple driving the car into the embankment of dirt. The driver, serene and dusty as his dark neat clothes, smiled as he refused to give his name.

"We ain't got no names and we ain't hurt," he answered in response to inquiries. "When I saw what was coming I said 'careful, mother,' and I threw my arm around her and held her to me and neither one of us got hurt."

"Yes I was too hurt. I got my finger scratched," the little wife remonstrated as she shook the dirt out of her right pocket. "And look at the dirt in my pocket!"

The car had an Oregon license 19472 and the spilled contents of the built-on cabinet on the rear gave evidence that the driver was one of the Raleigh men. The front of the car was badly damaged, the windshield broken. Mr. Ames of the auto park assisted the couple to get their baggage together which was badly scattered and then the car was towed to the park garage.

"We just stay at the park for a few days, mother and then we'll be going on. Nobody hurt." The driver was still serene when he saw all his wreckage, happy because no one was hurt.

Choose Your Friends If You Wish Success

"How far you go depends upon whom you travel with" is an old Indian saying. The J. C. Penney Company has traveled in a quarter of a century from a tiny country store to a Nation-Wide Institution of 885 stores, serving millions of people, and their success has been due in great measure to the principles with which they chose to make the journey.

Performance—Instead of Promises was one of their early traveling companions, and Truth-In-Advertising and A-Square-Deal-To-All-Allies have proved equally satisfactory friends.

These 885 stores are more than just places to sell yards of goods. They are monuments to the principle that the public appreciates honest dealing.
