## 'The Detour' To Be Given Next Week

Moroni Olsen players will return to Salem for the second time this season when they will present "The Detour", at the Capitol theater on Tuesday evening, The Salem Lion's club is sponsoring their appearance here next week.

"The Detour" is said to be a strong play, a simple play and a human play of real people in the dreary environment of an upstate farming district.

Despite its locale it is not a dreary play. It is thrilling, humorous and here and there touches the high spots of emotion. It is not a play that brings a definite lesson yet it has a certain moral attached indirectly that should find a parallel in many American homes.

Salem drama lovers will be this offering be enabled to see the first serious effort of a man who has been noted and known to New York for many years as a writer of plays that have more popular appeal than virtue as of literary value.

This does not mean that "The Detour" is ultra or highbrow. Far from it. It is a very simple play of country people and has a strikingly straightforward plot concerning their domestic trials.

Needless to say it will be well acted and well produced by this extraordinary group of actors and actresses. The Olsen players have gained their fame and reputation by persistently giving worthwhile plays and producing and acting them flawlessly with a well balanced sense of general stage ensemble yet with a studied detail that makes every flicker of an eyelash mean something.

Mrs. Arthur Rahn, president of the Salem MacDowell club announced late yesterday that the next rehearsal of the MacDowell club chorus has been postponed from tonight until a week from tonight, January 20.

Since its Christmas concert on December 13, no meetings of the club chorus have been held. With the rehearsals next week, the chorus members will start preparation for their annual spring concert. Miss Minnetta Magers is director of the club chorus this year.

## Clubs Have Successful Seasons

Credit for having all measures on its 1927 program for state advancement become laws is given to the Florida Federation of Women's clubs by the general federation headquarters here.

Florida's program consisted of the establishment of an educational survey commission with a \$50,000 appropriation to carry on the work, a state board of public welfare, a state board of forestry, an appropriation for a tuberculosis sanitarium and an appropriation for the maintenance of the Royal Palm state park.

Reports from other state federations indicate that 1927 came near to being a banner year in accomplishments and according to general federation officials they indicate that 1928 will start off well.

The variety of club women's interests during the past year as determined by local conditions is demonstrated by the activity of Vermont centered on flood relief. All member clubs joined in a statewide program to bring relief to the hundreds of families left destitute by the late fall flood. In Iowa active support was given the Community Drama association and \$5,000 was voted for the Little Theater.

In Missouri, wholly or partly through the state federation, 300 crippled children were discovered, given proper medical attention and placed in schools or homes where they could study. With this the club women sponsored a concentrated "baby hunt" in its drive for birth registration. The state came out at the end of the year with a record of 95 per cent registration, a figure topped only by one other state, New York.

The Massachusetts federation has concentrated its attention upon education of the alien, giving a helping hand to the foreigner as he steps from the boat in Boston. New Mexico, after years of campaigning, secured a \$75,000 appropriation from the state legislature for the establishment of a home and school for mental defectives. Scholarship and student loan funds have been increased in budgets in many of the state groups. Oklahoma reports that 172 girls have been wholly or partly helped through college by such funds, while in Delaware \$4,500 has been added to 50 deserving girls, and Ala-

bama has been instrumental in giving support to 59 girls. Dental, gaiter, tubercular and orthopedic clinics were established in Maryland through the work of the Federation of Women's clubs. Illinois secured from the state legislature an increase from \$32,000 to \$78,000 for the state department of public hygiene, and was also responsible for the installation of seats for employees in one of Chicago's largest department stores.

The Kansas Federation was responsible for legislation that established a state detention farm for women and also a state tuberculosis sanitarium.

O. D. O. bridge club members were guests of Mrs. Adam Engel in her home yesterday at cards and tea.

Members of the club are Mrs. J. J. Karst, Mrs. E. Eckerlin, Sr., Mrs. George Patterson, Mrs. W. J. Lee, T. A. Windishar, Mrs. A. A. Mickel, Mrs. J. G. Schmid, Mrs. C. M. Church, Mrs. C. A. Johnson, Mrs. C. Quakenbush, Mrs. T. A. Boehringer, and the hostess, Mrs. Adam Engel.

The prize for high score was won yesterday by Mrs. J. J. Karst. Members of the O. D. O. club meet on the second and fourth Thursday afternoons of each month.

Miss Ada Simpson was elected president of the ladies' aid society of the Women's Relief corps at a meeting yesterday at which Mrs. J. N. Robertson and Miss Grace Robertson were hostesses in their home.

Other new officers are Mrs. Phoebe Smiley, vice-president; Mrs. Jennie F. B. Jones, treasurer, and Mrs. Mary Ackerman, secretary. After the elections Mrs. Laura McAdams, out-going president, presented a lovely gift to Mrs. Bertha Loveland, out-going secretary. Mrs. McAdams and Mrs. Bertha Loveland served as president and secretary respectively for the last three years.

Thirty members of the society were guests at the Robertson home yesterday. Special guests were Mrs. Harry Jennings, Mrs. O. E. Shafer, and Mrs. J. R. Topping of California.

The afternoon's program included readings by Mrs. Myrtle Collins, Mrs. Jennie F. B. Jones, Mrs. Louisa Koon, Mrs. Phoebe Smiley, Mrs. Rose Voris, and Mrs. Bertha Loveland. At the tea hour Mrs. Robertson and Miss Robertson were assisted by Mrs. Elizabeth Pound, Miss Ada Simpson, Mrs. Louisa Koon, Mrs. Rose Voris, Mrs. Louise Krappe, Mrs. Laura McAdams, Mrs. Mary Watson, and Mrs. Bertha Loveland.

## Mary Lewis Objects to Follies Tag

Miss Mary Lewis, Metropolitan opera company prima donna who will sing here on January 26, in a concert at the Elsinore, the third of the Salem artist series of this year admits quite frankly that she considers herself one of the most fortunate girls in the world, but confesses to being quite weary of always seeing the words "ex-follies" some-

where in every article and criticism about her. "I think it is about time that was stopped," she said recently. "I have studied music over 20 years, violin, piano and voice, and just because I happen to have been in the 'Follies' for a very brief time, that clings to me and the fact that I have sincerely tried to be not only a singer but a musician is entirely overlooked. Perhaps 'Follies' makes good copy, as the newspapers say, but I do wish it might be forgotten."

With European and American triumphs ringing in her ears, newspapers and the public acclaiming her, feled, dined, and flattered, it is indeed a marvelous tribute to Mary (Additional Society on Page 10)

## A THREE DAYS COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. For sale by all druggists.
