ROTARY HEARS OF CHERRY CITY BAKING PLANT

Interesting statistics on the operation of the Cherry City Baking company in Salem were given at the Rotary club meeting today by Grover Hillman and Walter T. Molloy, both of whom are connected with the establishment.

Another speaker was Claude Farr, who is head of the bakery service department of the Sperry Flour company on the Pacific coast. He spoke on the milling business, the origin of milling in Oregon and also talked of the various kinds of wheat.

Statistics presented showed that the Cherry City Baking company used last year 20,295 sacks of flour, each weighing 100 pounds. Shortening used totaling 76,000 pounds and malt 17,621 pounds. Sugar was used in the amount of 97,200 pounds and eggs in the manufacture of sweet goods totaled 13,907 dozens. The bakery used 71,000 pounds of milk and 28,902 pounds of yeast.

The payroll last year was \$43,000 and the number of employees ranges as high as 48. At present 38 persons are employed.

Up to the time of the disastrous fire last fall the company had made during the year about 2,500,000 loaves of bread.

ESPEE SPENDS \$11,000,000 IN CONSTRUCTION

New York, Mar. 21. (AP)—Construction work, new facilities and improvements under way on the Southern Pacific lines at the start of the year called for expenditure of about \$11,000,000, Henry W. DeForest, chairman of the executive committee, announced today.

Other additions and betterments, new construction and new equipment in part authorized since January 1, and in part still under consideration, may involve an additional expenditure of about \$20,000,000.

"During the last three years, the Southern Pacific lines have made large capital expenditures for the construction of new lines, double tracking, new equipment and miscellaneous additions and betterments," DeForest stated, "insured greater economy of operation and the opening up of additional producing territory. The result of these expenditures was not reflected in the earnings for 1925 and 1926, and only partially in 1927."

Included in the improvements already authorized or under consideration, the chairman explained, are re-location of the Globe branch on account of construction of the Coolidge dam in Arizona, standard gauging, amplification of yards and freight terminal facilities in various cities, new and heavier ballasting, laying of heavier rails, purchase of new equipment and other miscellaneous additions and betterments.

OFFICIALS FILE PETITIONS FOR BALLOT PLACE

The names of three incumbents of Marion county officers will be placed on the ballot for reelection by petition. The petition of U. G. Boyer, county clerk, was placed on file today and petitions for the reelection of Mildred Robertson, Groves, county recorder, and D. G. Drager, county treasurer, have been prepared and will be placed on file with the clerk within a day or two.

They are the first three county officers, whose names will be placed on the ballots at the primary election in May by petition. Each petition must be signed by 185 registered voters from 15 precincts.

The only county officers for which no candidates have filed so far are county assessor and county coroner.

County Clerk Boyer's petition asks that the words "Policy of the office, same as in the past," be placed after his name on the ballot. This will be the fourth time that Boyer's name has appeared on the ballot. He was elected for the first time in 1917 succeeding Max Gehlbach. During the 89 days that Gehlbach was with the U. S. army on the Mexican border Boyer was appointed by Judge Busby to serve as county clerk.

FIERY DEBATE IN SENATE ON TEAPOT

Copeland of New York with a question about other appointments made by Governor Smith.

"I am talking about Harry Sinclair and his friend, the governor of New York," Senator Robinson answered. "I don't care about anybody else."

Reverting to his statement that Sinclair had resigned as New York racing commissioner, "six months" before his term expired, Senator Robinson said:

"HECKLED BY DEMOCRATS
"I wonder why he was retained all this time? Governor Smith could so easily have said: 'Mr. Sinclair, you are unclean and we, Tammany people are clean. We don't want you.' There is no use talking, 'tis of a feather will flock together.'"

The Indiana was heckled by a succession of democrats, Barkley of Kentucky asking, if he could discuss the "Indiana situation" when he concluded as to Governor Smith.

"I am not here to defend Indiana," Robinson replied. "It can defend itself."

"Yet, the senator owes his seat to the governor of Indiana, whom he now says he will not defend," the Kentuckian said.

"I am talking about the governor of New York now," Robinson shouted.

"But the senator says birds of a feather will flock together," Dill, democrat of W. Virginia, retorted.

STEPHENSON'S LAWYER
Robinson was asked by Senator Harrison, democrat of Mississippi, if he was not the attorney for D. C. Stephenson, now serving a life term in Michigan City, Ind., penitentiary for murder.

"I was," Robinson replied. "Rather my law firm was attorney for Mr. Stephenson on some city matters. That is a matter of record the senator does not have to ask me about it."

Senator Barkley interposed to remark that he did not hope the analogy of "birds of feather flock together," went back that far.

Senator Copeland of New York, asked the Indiana senator when he makes his promised speech on Friday to inform the senate "if it is so common to have republicans' appearance in a Clemenwood park, north of Salem on the river road, be disallowed. P. A. Price is petitioner for the license in his recreation park.

The officers of the young peoples' union say that the dance hall should not be allowed "because of the location of this hall being far from the road and surrounded by underbrush, it is conducive to illegal practices."

The signers are Hayes Beall, Rosalind M. Hull, Neva Stoelzheise, Sarah J. Dark, Doris Clarke and Hal Lehman.

This is the second petition against the dance hall which the county court has received. The first came from residents of the district and contained 139 signatures.

AGAIN ASK AID OF COUNTY FOR ROAD UP ABIQUA

A second request for county aid on a road up the north bank of the Abiqua river starting east from Rocky Four corners on the Silverton-Scotts Mills road was made to the county court today by a delegation of residents of the district and Abiqua business men.

After two hours of deliberation they left with the promise of the judge and county commissioners to make a personal survey of the road within a few weeks.

The county will not be able to grant their request that the road be made a market road as no new market roads can be added this year. Whether or not this can be made into a market road in the next year or two depends entirely on the fate of the proposed \$3 license fee and suggested changes in the market road law, explained Commissioner Jim Smith.

Should the \$3 auto license fee become a law, work on more county roads will cease. The importance of a good road to the development of the upper Abiqua country is thoroughly understood by the court, according to their statements and all aid which the county exchequer will bear is promised.

In the delegation this morning were C. D. Hartman, G. W. Hubbs, Charles Heinz, Ivan Smith, who is postmaster at Scotts Mills; Fred Smith and E. G. Syron.

The road on which aid is asked is 4 1/2 miles long and lies in districts 43 and 90.

NEW STALACTITE CAVE IS FOUND

Berlin, Mar. 21. (AP)—Several new large stalactite caverns containing lakes, waterfalls and hundreds of wonderful stalactites and stalagmites have been accidentally discovered near the flying ground at Plauen, Saxony.

The caverns were discovered by a workman who dropped a heavy steel bolt from the top of a quarry, the bolt crashing through the earth and exposing the opening of the cave.

The main cave is 37 feet long and 150 feet wide. The entrance has been sealed pending examination by experts.

Among famous stalactite caves throughout the world are those of Adelsberg in Silesia, Jenolan in Australia, the Mammoth caves, Kentucky, the Causse district in France and the Grottoes of Belgium.

WHEREABOUTS OF LOST BANKER STILL UNKNOWN

Medford, Mar. 21. (AP)—Mystery still shrouds the fate or whereabouts of George W. Barker, president and cashier of the Pine Belt Bank of Butte Falls, who disappeared Monday afternoon, while his banking institution was under examination by the state banking examiner, and he faced questioning by members of the state insurance commission and state fire marshal's office relative to the destruction of a warehouse last August at Central Point, in which the missing man had insured restaurant fixtures.

Search of an area near the Edmondson ranch, where a shot was reported to have been heard late Monday evening, this morning by a sheriff's posse, failed to find a single trace or clue. Wind and rain in the Butte Falls district this morning handicapped the hunt.

The district attorney's office issued a statement saying that Barker who was an insurance agent, had written a policy on confectionery store fixtures for \$20,000 which was refused; that another policy for the same amount was written in another company and eventually reduced to \$10,000. The fixtures were stored in

CARPENTERS STRIKE ON NEW DORMITORY

Eugene, Ore., Mar. 21. (AP)—Twelve Eugene union carpenters packed up their tools and walked away from the site of the new men's dormitory at the University of Oregon yesterday, declaring that they will not work for less than \$9 a day.

The carpenters said that Hansen and Hammond, Portland contractors in charge of the work, have refused more than \$7 a day.

ELLIOTT FUNERAL HELD AT PORTLAND

Funeral services for Dana Elliott, who died Sunday in San Francisco, were held at 2 o'clock this afternoon at the Portland Crematorium.

Mr. Elliott was credit manager of the United States Rubber company in Portland until last May, when he was transferred to San Francisco.

Mr. Elliott is survived by his widow, a son and his mother. He was the nephew of Mrs. Nellie McCune of Portland and a son of the late O. M. Elliott, president of the Lewiston, Idaho, Normal school. O. M. Elliott was superintendent of schools in Salem in 1914 and 1915 and Dana Elliott made his home here at that time.

SIX NEW PLEDGES TO HIGH ART CLUB

Six new pledges to the Salem high art club have been announced by Miss Ruth Brauti, instructor in art, who acts as advisor for the club.

The new pledges who were being initiated today are Fred Blaloch, Ralph Flininger, Wilda Fleener, Frances Custer, Warren Fanning, and Brenda Savage.

The try-outs for new members have been conducted during the past week. Each candidate was re-

MY dinner table, set with all my best china for

our dinner to Jim's new friends, had never looked prettier. But it made my poor hands look dreadfully coarse by comparison. They simply broadcast 'Dishpan!'

"And because I know it's just such little things that others judge us by, I became self-conscious . . . ill at ease . . . at my own dinner table."

"Of course it was foolish of me. With Lux always in the house I was still using old-fashioned harsh soap for the dishes. Until that night I had not realized just how pitifully rough and red it made my hands look."

"Now I use Lux for all my dishes. And for cleaning, too! My hands no longer are reddened and coarse. I'm really PROUD now of my dinner-table hands."

Many household soaps—flakes, chips and cakes—are made in the old-fashioned way. They contain harmful alkali that makes the skin rough.

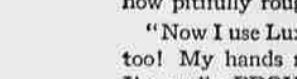

There is no injurious alkali in Lux. Made by a remarkable process, Lux actually SOOTHES the skin, leaves it a little whiter and softer than before.*

Instant, sparkling Lux suds, ready before you ever put your hands in, are so rich and CLEANSING that the dishes seem almost to wash themselves!

The big package of Lux washes six weeks' dishes! Lovely hands for so small a price!

CONTINUE SEARCH FOR MISSING BANKER

Medford, Ore., March 21. (AP)—Search for George W. Barker, missing Butte Falls banker who vanished Monday afternoon while under questioning by state fire marshals and bank examiners, centered today in the vicinity of a mountain ranch, where a shot was reported heard three hours after the bank official had vanished. The shot was heard by John Swanson, a rancher. The posse that combed the mountains Monday found Barker's car but no other clues.

Examinations of the books of the bank are under way.

Two theories are advanced by officers working on the case—one that Barker committed suicide; another that he fled the country in another automobile.
