CURRANTS GO AT $1.75 CRATE IN PORTLAND

Portland, June 21 (AP)—Current canning season is now here and local wholesale houses are well supplied with unusually fine stuff going at $1.75 per crate.

Cherries are now at the height of the season with harvests on in earnest. Local stocks were bringing 12½ to 15 cents per pound for bings and 8 to 10 cents per pound for Royal Annes. Tartarians and pie cherries of other varieties were begging at 5 to 7 cents.

Strawberries were a shade easier today reflecting slightly heavier receipts. Best offerings brought $1.65 to $1.75 while other varieties sold as low as $1.50. Loganberries were steady at $1.50 and raspberries at $2.25 per crate.

Old potatoes were moving well today with most sales of local stock bringing around 50 cents per sack while U. S. No. 1 Deschutes netted gems out of storage sold at $1.25 per sack. New potatoes were steady at $2 to $2.75 per cwt.

Trading was fairly active on the country dressed meat and poultry markets but prices were steady and unchanged. Receipts were moderate but sufficient to satisfy demand.

No changes were quoted in butter and egg prices today.

BUTTERFAT

San Francisco, June 21. (AP)—Butterfat f. c. b. San Francisco 47½c.

WALL STREET MARKETS

New York, June 21. (AP)—Frequent shifts of speculative sentiment characterized today's stock market with the general price tendency lower. Irregular. Stocks rallied one to four points at the opening, lost their gains and in many cases recorded substantial recessions in a day session and the started upward again in the early afternoon. Placing of stock was the sale on the rallies.

The closing was firm. Strength of investment rails and full recovery in both American Locomotive and American Car and Foundry, started a brilliant advance in the final hour. Coalers, southwestern and merger rails were extensively bought. Nickel Plate rising 4 points. Texas and Pacific 5½ and Delaware and Hudson 3. Impressive advances also were established by many high priced shares, notably Du Pont, up 8. Total sales approximated 1,700,000 shares.

Many high priced industrials reacted sharply in the last minutes of trading as fresh selling was resumed.

Salem Markets

Compiled from Reports of Salem dealers for the guidance of Capital Journal readers (Revised daily)

Wool—Coarse 43c; medium 47c to 50c.

Mohair: Old, 55c; kid 65c.

BERRIES PLENTIFUL

Stayton, June 20.—Wild blackberries were never more abundant than this year and parties are very busy gathering the luscious fruit. One party of three picked 18 gallons Tuesday.

CHERRY SEASON IS IN SWING AT LOCAL HOUSES

The cherry season in this section may be said to have officially made its start today both in the black and Royal Annes with deliveries of both Bings and Annes starting on a small scale. By Friday it is expected a few cars of Bings will roll out of here and by the middle of next week it is likely that the Royal Anne deliveries will be on in full swing.

The Annes still are a little on the green side in most cases, but a day or two of sunshine or a few more days of cloudy weather will bring them on in full swing, barring rains which would prove disastrous, especially to the Royal Annes.

Worth Henry brought in some ripe Annes from his orchard today and no doubt they are spread around more or less in small quantities in a well ripened condition, but in the main the bulk of the crop will not be ready until a little later.

In a number of orchards picking of Bings was proceeding today and some pretty good deliveries are expected by night. Roy Hurst stated that he expected this evening to receive a delivery of three tons from one orchard.

"We are flirting with trouble on the Bings," stated Hurst. He showed where one lug box delivered this morning had been picked over and out of it not much more than two good double handfulls of cherries fit for a commercial pack were taken out.

"If that proves to be a fair sample of what we can get, it will be almost prohibitive to handle them," he stated. The cherries showed a high percentage of cracks and the heavy damage done by recent rains was fully apparent. In some orchards, however, the growers claim that the Bings are not cracked at all and that they will make very high class deliveries.

All the packers are expecting to handle a few Bings out of here. Lamberts will start about the middle of next week and some orchards a little later. Some of the outlying orchards may still be a little earlier, it being reported that McMinnville will be ready with the Lamberts very soon, while the Sheridan and Portland sections may not come on for two or three weeks yet.

Blacks will be handled by the association at the Pacific Fruit & Produce company, the Stadelman company of The Dalles will hang out at the Larmar warehouse, Young & Wells will pack at their plant at the end of the Polk county bridge and Roy Hurst in the Kings plant.

Hurst stated today that he expects to pre-cool his Bings at the Terminal Ice & Storage company and hopes to have a car or two out by Saturday night.

WILLIAMS NAMED VICE CHAIRMAN

(Continued From Page 1)

was nominated at Kansas City. They were ratified and made public today at a meeting of 24 special delegates named at Kansas City for the purpose. Hoover arrived at the meeting, held at the Willard hotel here at 12:15 p. m. and a motion to elect officers was made immediately after he appeared.

NUTT APPROVED

Washington, June 21 (AP)—J. R. Nutt, Cleveland banker, has been approved by Secretary Hoover, republican presidential candidate, as treasurer of the republican national committee, it was said here today just before the conference that was to plan campaign details began.

Harry Blair of New York City was said to be slated to become eastern treasurer of the committee.

These were the last major selections to be made. It previously has been regarded as certain that Secretary of Interior Work would be chosen chairman of the national committee and Franklin Fort of New Jersey, it's secretary.

Charles D. Hilles of New York, was the only member of the subcommittee appointed to confer with Hoover who was absent. He was detained by illness.

BUY DAIRY FARM

Silverton, June 21.—Mr. and Mrs. E. W. Wilkinson have purchased a large dairy farm at Cloverdale and moved from their South Water street home Wednesday. They have 28 cows and will sell milk to a nearby cheese factory. Mr. Wilkinson has been head sawyer in the Silver Falls Lumber Co., mill for the past five years, but has now given up his position.

RUM KING OLMSTEAD IS DUE AT ISLAND

Seattle, Wash., June 21 (UP)—Roy Olmsted, convicted rum king of the northwest, will be in McNeil island penitentiary before nightfall to serve an uncompleted sentence for conspiracy to defeat the national prohibition act.

After John F. Dore, Olmsted's attorney, told him today that there was nothing more he could do to aid him in escaping prison sentence, the former rum king said that tonight he would "eat dinner at McNeil island."

With 14 other men who helped him in his activities, Olmsted will meet Ed Benn, United States marshal at Tacoma this afternoon and go by boat to the penitentiary. He has approximately four years to serve in the prison and must pay an $8,000 fine.

BODY OF MAN FOUND WITH HEAD SHOT OFF

Chehalis, Wash., June 21 (UP)—The body of Peter McGinnis, 72, was found in his little shack near here today with the head blown off and a discharged shotgun near by.

It was apparent that the aged man had placed the end of the 12 gauge weapon in his mouth and pushed the trigger with a stick.

Neighbors reported that they heard a shot about 9 o'clock last night and it is presumed that McGinnis ended his life at that hour.

McGinnis lived alone and was in poor health much of the time. So far as is known he had no relatives. No inquest will be held, the coroner's office announced.

PICKING STARTS

Hubbard, June 22.—The first loganberry picking has started but the pickers are not making big money as yet as the amount ready for picking is limited. One and one half cent is being paid with a bonus of half a cent to those who remain during the season.

CAPTAIN NAMED

Mill City, June 21.—At a meeting of the Firemen's baseball team on Tuesday evening, Cecil Catherwood was chosen captain and manager to fill the vacancy caused by the resignation of Bud Collins.

The Capitol Journal sent to any place for 2 weeks—25 cents. Order it before you leave on your vacation.

You buy the best milk but . . .

do you keep it cold enough always to check the growth of bacteria?

GENERAL ELECTRIC Refrigerator

Even the best milk has a bacterial content which will multiply with alarming rapidity if kept at a temperature even two degrees above the danger point—50 degrees.

For safety sake, all milk should be kept several degrees below 50. The average temperature of a General Electric Refrigerator under household conditions is 42 degrees. This is one vital reason why every homemaker should consider the need for scientifically correct refrigeration.

There are countless other reasons, too. There is the triple economy of no wasted food, of buying in quantity, and low cost of operation. There's the comfort of this quiet, worry-proof refrigerator which has all the machinery located up and away from floor dirt and sealed in a steel casing and it never needs oiling. By all means come in and see the models. Only in this way can you appreciate their unusual beauty—their revolutionary design.

Time payments can be arranged, if you prefer.
