

WOODBURN CLUB SECOND ANNUAL SHOW SUCCESS

Woodburn, Sept. 21.—The second annual flower show, sponsored by the Woodburn Garden club, opened yesterday morning in the Masonic building and presents a scene of beauty which is hard to describe and is well worth seeing. The lower floor of the building is one gorgeous mass of blooms and the exhibit is at least three times as large as last year, with an attendance which far exceeds expectations.

One of the most beautiful exhibits is that from the Boys Training school, consisting of 70 varieties of dahlias, all of which were grown and cared for by the boys, under the direction of Mrs. L. M. Gilbert. The exhibit is very attractively arranged, shading from rose pink through lavender to white, and on to gold, red and deep purple. No water was used except that provided by nature, but intensive cultivation is the secret of this successful display. In the garden at the school there are 1500 varieties, and visitors are delighted with its beauty.

Another display which is worthy of mention is that of Miss Mabel Leith of Gervais, who has about 150 varieties of dahlias on display. In her garden Miss Leith has about 600 varieties and has used no water or fertilizer and has made no special effort to cultivate except to keep down the weeds.

Other commercial displays are from the gardens of Harry West at Hubbard, Mrs. Joe Vanderbeck of Scollard station, M. G. Myers of Woodburn, Felmeider's Floral gardens and Jesse Emmert of Hubbard. There is also a splendid exhibit of bulbs from the Fair Oaks Bulb gardens, raised by Mr. and Mrs. E. F. Butterfield.

Music on the radio, through the courtesy of Henry Chapelle, added much to the pleasure of the entire affair.

The judges were Rholin M. Cooley and Mrs. Percy Brown of Silverton and awards were made as follows:

Are You Run Down, Weak, Nervous?

To have plenty of firm flesh and the ability to do a big day's work and feel "like a two-year old" at night, you must eat three good meals a day, relish your food and properly digest it. If you can't eat, can't sleep, can't work, just take a teaspoonful of Tanlac before meals.

Mrs. Fred Weston, of 387 E. 57th St. North, Portland, Ore., says: "Tanlac cured my stomach trouble completely after three years suffering. It built me up to perfect health, with a gain of 27 lbs. That was two years ago and I still enjoy the best of health."

Tanlac is wonderful for indigestion and constipation—gas, pain, nausea, dizziness and headaches. It brings back lost appetite, helps you digest your food, and gain strength and weight. It contains no mineral drugs; it is made of roots, barks and herbs, nature's own medicines for the sick. The cost is less than 2 cents a dose. Get a bottle from your druggist. FAIRS ARE CALLING SANTIAM RESIDENTS

Scio, Sept. 21.—The forks of the Santiam is well represented at the county fair in Albany this week. Farmers and townspeople generally are interested and are proving their loyalty to the institution which means so much to the county generally and to Willamette valley dairies, agricultural, live stock and fruit industries in particular. The state fair at Salem, opening next Monday and continuing throughout the entire week, will attract many people from the Scio section. Admirers of fine stock and agricultural exhibits take this opportunity each year to keep abreast of the best in these lines and to profit by the successful experience of producers of prize-winning commodities. Indications are that the Scio region will be well represented at Salem next week.

DALLAS CHURCH NOW DEBTLESS REPORT SHOWS

Dallas, Sept. 21.—A large attendance were present at both the morning and evening services of the Methodist church, last Sunday to hear the report of Rev. Louis C. Kirby on the church activities of the 1927-1928 church year. One of the most interesting reports contained in the report of Reverend Kirby is the fact that the Methodist church of Dallas is out of debt, all bills and expenses having been met, in spite of the recent published survey of churches which would indicate the financial affairs of churches to be in a deplorable condition. During the year 40 new members were added to the church roll, bringing the present membership up to 316, while the increase in Sunday school enrollment was 10 per cent, giving a registration of 342. A total of \$3200 was raised locally in the past 12 months for carrying on the church activities. Some of the contributions have been to missionary funds, \$900 being paid to home and foreign missions in addition to that given by the Women's Missionary society. Members of the Sunday school donated \$105 toward foreign missionary work. A sum of \$250 was contributed to the cause of supporting old, retired ministers. Reverend Kirby left Thursday morning to attend the annual conference of the Methodist church, which is being held in Hood River. Members of the Methodist church congregation and friends, have petitioned the bishop for the return of Reverend Kirby to this pastorate as his work has been effective in this community.
