

# PORTLAND EGG PRICES ADVANCE ONE CENT

## Low Market Readjusted To Conform To Demands

Portland, (AP)—Advance of one cent dozen in top and bottom quotations on eggs during the late session of the dairy exchange indicates that the late price drop was entirely too severe and was never justified by actual supply and demand.

The market in California is steady to firmer with advances in spots. In the late eastern trade a similar condition was shown.

The market in California is steady to firmer with advance in spots. In the late eastern trade a similar condition was shown.

Receipts of eggs here have been slowly increasing during the last week or ten days. The decrease in the storage supply and the unwillingness of the public to purchase cooler stocks, created a better tone for fresh stocks.

**BUTTER TONE EASIER**  
Stocks of storage eggs here are unusually limited considering the season, therefore are not likely to be more than passing influence in the making of fresh egg values. The chief anxiety of speculative interests at this time appears to be to get prices down.

General trading in the butter market indicates a slightly easier tone for cubes here. On the dairy exchange the late session showed a loss of half cent each in the two lower sizes. There is no change indicated for butter.

Owing to the universal demand for poultry at this period of the season a somewhat quieter tone is shown for country killed meats along the wholesale way. There is no material change in the price list.

## WEATHER CURTAILS VEGETABLE SUPPLY

Portland, (AP)—The supply of fresh vegetables has been reduced considerably by the prolonged cold weather. Bunched turnips have advanced to 50 to 60 cents a dozen bunches. The local market may see a sharp rise in vegetable prices about the first of the year, as the local supply is becoming limited. Local cabbage was quoted today at about 4 cents a pound.

California fruits and vegetables remain fairly steady. Imperial Valley lettuce was being offered as low as \$4.25 a crate. Packed tomatoes top price was quoted at \$3. Citrus fruits were steady. There was a peculiar circumstance in the banana market. Large quantities have been shipped in and the price has risen to 8 cents a pound for good quality. These factors have left much stock on hand going to poorer quality, which was being offered as low as 8 cents.

## FAKE COPPER STOCK OPERATOR JOLTED

New York, (AP)—George Graham Rice, who made millions by outsmarting the race track and stock market suckers, had it impressed upon him for the fourth time that he could not outsmart the forces of the law.

Convicted of using the mails to defraud investors in Idaho copper stock, whose value he had boosted by the agency of his pseudo financial sheet, the Wall Street Iconoclast, he was sentenced to four years in Atlanta penitentiary and fined \$5000.

Walter C. Yorston of Boise, Idaho, president of the Idaho Copper Corporation, who was convicted with Rice, was sentenced to nine months in Westchester county penitentiary. The Wall Street Iconoclast was fined \$10,000 and sentence of Idaho Copper was suspended for five years. Dr. Walter Hurvey, West, geologist, was acquitted by the jury that convicted Rice and Yorston.

## Salem Markets

Compiled from Reports of Salem Dealers for the guidance of Capital Journal readers. (Revised daily)

Grain, No. 1, white, \$1.04; red wheat (sacked) \$1.00; feed oats, 52c; milling oats 50c; barley \$3.40 per ton.

**Wool Quiet But Prices Strong**  
Boston, (AP)—The Commercial Bulletin Saturday will say: "The wool market has been quiet, but a few houses have had a fairly good business and at prices fully equal to any that have yet been paid; in fact, the market is very firm, especially for half-bloods and below."  
"The foreign markets, also, are very buoyant. Australia has been rather against the buyer and South American markets have become better stabilized and somewhat firmer. The secondary markets of Europe are fully firm."  
"Contraction has commenced in western Colorado at 35 to 37 and possibly 38 cents for medium clip."  
"The goods markets are healthy, although less active for the moment."  
"Mohair is rather slow, with some sales of Turkey hair, especially where, price can be made attractive."  
The commercial bulletin will publish the following quotations:  
Scoured basis:  
Oregon—Fine and F. M. staple 1.10-1.12; fine and F. M. Fr. combing 1.00-1.07; fine and F. M. clothing 97-1.02; valley No. 1 1.02-1.07.  
Mohair—Good original bag Texas springs 60-62; Texas kid 83-84; good original bag Arizona and New Mexico 55-57; original bag average 12 months Oregon 58-60.  
Graded stock—First combing 75-80; good carding 45-50.

**STRAWBERRY PLANTS IN HEAVY DEMAND**  
County Inspector Van Trump reports that there is a growing demand for strawberry plants from over the county and that these plants are far in the lead of all small fruits this year as far as plant demand is concerned.  
He states that both the Marshalls and Ettersbergs are among those wanted, that a considerable quantity of Marshalls are being planted in the Silverton section, of Ettersbergs in the Howell Prairie section and also a quantity of Ettersbergs are being asked for from the Scotts Mills district.  
A black cat which accompanied a family on the 100 mile journey from Annan to Stranreer, Scotland, disappeared the morning after arrival, and 11 days later arrived at its old home.

## Stock Prices Rise In Face Of Increased Money Rates

New York, (AP)—The stock market gave an impressive demonstration of strength today in the face of a further stiffening in call money rates. Prices of several of the high priced specialties were marked up 8 to 16 1/2 points while a long line of standard industrials and rails moved up one to nearly six points. Trading, however, showed a marked contraction in volume.  
Investment buying of high grade shares accelerated the advance in speculative issues in the final hour. Montgomery Ward jumped 13 points to 164, a new peak. American Machine and Foundry, Packard, Good-year, Dupont, American Locomotive, Pittsburgh and West Virginia, Sears Roebuck, Davison Chemical and Murray corporation moved up four to seven points. The closing was strong. Sales approximated 3,300,000 shares.

## RUTH IS RECALLED HAS FRIENDS HERE

(Continued from Page 1)  
"1"—To provide means of handling recurring surpluses in order to stabilize prices of farm products, and thereby to secure by orderly marketing the maximum returns for the crop as a whole.  
"2"—To enable the producer to get a greater share of the consumer's dollar by reducing the cost of marketing and by preventing speculation and waste in handling farm products, and  
"3"—To encourage producers to organize effective associations under their control for a better balanced production, more economical distribution and greater bargaining power in the market."  
"I am firmly convinced that these objectives are essential to a sound program for permanent improvement in agriculture and that they are attainable with the aid of the plan proposed in this bill."

## HUBBS READY TO HEAR PLEA

(Continued from Page 1)  
a change in the budget. This has been largely due to the fact that the courts have uniformly kept the budgets within the six per cent limitation amendment, but have never drawn on the extra six per cent levy allowed by law. The same thing was done this year. The court has something over \$40,000 in excess of the money levied which might be available, so the question is not one as to whether there is plenty of money to pay the extra health unit cost, as there is. It is probable that there will be a strong representation present in favor of the court granting the increase when the taxpayers' meeting is called. It is just as likely that the proponents will be alone. Undoubtedly there will be a representation from the other side. Not a day goes by but callers on the county court contain a number who compliment the court on its stand and assert that they are opposed to the increase, so the sentiment to the court has not been all one sided.

San Francisco, (AP)—Fear that she would be sent to a sanitarium led to the mysterious case of Miss Ruth McConnell across the country. It was disclosed here when she talked over long distance telephone with her uncle, Kenneth Coulter, in Clifton Springs, N. Y.  
"You sent Dr. Meeker after me because you wanted to send me back to a sanitarium," she shouted indignantly over the telephone.  
She referred to Dr. David Meeker, Rochester, N. Y. physician, who attempted to overtake her by airplane as she sped westward toward San Francisco on the Overland Limited.  
Coulter, the girl said after the telephone conversation, denied he had anything to do with Meeker's pursuit, but insisted that she should be under the care of a physician.  
Miss McConnell revealed that about a month ago she was sent to a physician for an examination at the request of Coulter.

## OLD RESIDENT OF COUNTY DEAD

William G. Walker, 77, resident of Marion county since 1852, and rural mail carrier out of Woodburn for many years, died Friday morning at the home of his son, M. B. Walker, at 322 North 23rd street, Salem, after a long illness. Mrs. Walker died last April.  
Children surviving are M. B. Walker of Salem, Judge Arlie B. Walker of McMinnville, A. C. Walker of Medford, E. B. Walker of Portland, and Mrs. C. W. Livesay of Portland. Walker is also survived by 12 grandchildren and 3 great grandchildren.  
Funeral services will be held on Sunday at 2 o'clock at the Methodist church of Woodburn. Interment will take place in Belle Passi cemetery at the side of his wife. The Woodburn lodge A. F. and A. M. will assist.

the benefit of market road financing.  
Placing all municipally owned utilities—including water systems—and city owned lots bought in for delinquent taxes, on the tax rolls.  
Law providing that county school superintendents in districts other than first class, act as purchasing agents for school districts.  
To enact a law naming the state board of control as an appeal board to pass upon any initiated tax or bond issue, state or local, upon complaint of a taxpayer.  
To substitute a one cent tax on gasoline for the one mill market road levy.  
To provide that when a bond issue is voted upon without property qualification for voters that the total vote must be 50 per cent of the total vote of the last election or the issue be null.  
Either repealing the elementary school millage down to the point where no city schools would receive any of the money, or substituting an impact tax on tobacco.

## NOMINATION IS SANCTIONED

(Continued from Page 1)  
factorily answered by the commissioner's testimony.  
The senator had felt that Aitchison had held up valuation of telephone companies, for an unreasonable time. Aitchison asserted that the budget bureau's efforts to carry out President Coolidge's economy program were largely responsible for the delay.  
Aitchison testified that in keeping with the president's economy program the commission had been advised to do no work which was not absolutely necessary and to go ahead with no new work without the consent of the budget bureau.  
He declared he wrote a letter to the budget bureau detailing that the proposed cut for the 1924-25 appropriation would not permit the commission to go ahead with its valuation of telephone companies, express lines, electric railroads, and so forth, authorized by congress about 15 years ago. Notwithstanding this letter, he said, the appropriation was cut 30 per cent that year.  
In a recent fox hunt at Leicester-shire, England, no reynards were killed in the chase, but one ran under a horse and was kicked to death and another was run over by an automobile.

## Advertising pays you!

Advertising brings to millions, at reasonable prices, comforts and conveniences that without advertising would be luxuries that only a few could enjoy.  
America is an advertising nation. That is one reason why the man with moderate means here enjoys more comforts than most wealthy men abroad.  
Because thousands on thousands of people ask for a certain article by the same name, which they have read in the same advertisements, it is possible for the advertiser to sell this item at a minimum of effort.  
It is therefore possible to manufacture and to distribute this product at a saving which you share with the advertiser.  
When you figure the number of these items in your daily life built by advertising, you can appreciate that advertising does pay you!

## Advertising enables you to buy better things at less cost
