### AFTERNOON IS LIGHT, REPORT OF CLERK SAYS

Dallas—Hugh O. Black, county clerk, has compiled statistics regarding instruments filed on Saturday afternoons for the benefit of the county and city committee which has for its consideration H. B. No. 182. This bill provides for the court house offices staying open during the noon hour and closing on Saturday afternoons.

These statistics show that of a total of 2960 instruments filed in 1928 only 349 were filed on Saturdays. This makes an average of 10% on days other than Saturday as compared with 6% on Saturday.

Of the instruments filed on Saturdays, 229 were filed in the morning and only 120 in the afternoon. The average is 4% as compared with 2%.

Salem attorneys are responsible for nearly half of the Saturday afternoon business in Polk county. Those attorneys have an agreement not to do business in Marion county on that afternoon so they come to Polk county on that day.

Representative Clark of Clackamas county is sponsoring the bill in the house. Clackamas county already has special legislation which allows the court house to be closed on Saturday afternoons.
