Home-Made, but Ends Bad Cough In a Hurry

To end a stubborn cough quickly, it is important to soothe and heal the inflamed membranes, get rid of the germs and also to aid the system inwardly to help throw off the trouble. For these purposes, here is a home-made medicine, fast, safe, anything you could buy at 3 times the cost. From any druggist, get 2 1/2 ounces of Pinex. Put this into a pint bottle, and add plain granulated sugar syrup or strained honey to fill up the pint. This takes but a moment, and makes a remedy so effective that you will never do without, once you have used it. Keeps perfectly, and children like it. This simple remedy does three necessary things. It loosens the germ-laden phlegm and soothes away the inflammation. At the same time it is absorbed into the blood, where it acts directly on the bronchial tubes. This explains why it brings such quick relief, even in obstinate bronchial coughs and "flu" coughs. Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of creosote, in a refined, palatable form, and known as one of the greatest healing agents for severe coughs, chest colds and bronchial troubles. Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

"I recommend a Lucky in place of a sweet in place of a sweet" - when your figure must be considered. Elsie de Wolfe. "I recommend a Lucky in place of a sweet. Toasting has taken out every bit of harshness in the Lucky Strike tobacco. All that remains is the splendid Lucky flavor—an excellent substitute when your appetite craves a sweet but your figure must be considered." ELISIE DE WOLFE. Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This surely confirms the public's confidence in the superiority of Lucky Strike. Reach for a Lucky instead of a sweet. "It's toasted" No Throat Irritation—No Cough. Coast to coast radio hook-up every Saturday night through the National Broadcasting Company's network.
