Western Girl Wouldn't Eat

"Everybody in the neighborhood was crazy about Dorothy. She was the happiest, brightest little thing you ever saw, says her mother, Mrs. S. P. Jones, 1702 West Laurel Street, San Antonio, Texas. "She looked so healthy we thought she'd never have any trouble. But when she was almost three, she began to be constipated. It made her fretful, cross and feverish. Her breath got to be terrible and her tongue was nearly always coated. She didn't want to do anything but lie around. She wouldn't eat and was losing weight fast."

"Then a friend recommended California Fig Syrup and I began giving it to Dorothy. It brightened her up right away. She began to eat heartily and her stomach and bowels started acting perfectly. Soon she commenced gaining weight again and she's been perfectly well, strong and happy ever since."

California Fig Syrup is made from two of Nature's greatest laxatives—ripe California Figs and First Quality Senna Leaves. Children like its rich, fruity taste. It regulates their stomach and bowels and gives these organs tone and strength so they continue to act normally, of their own accord.

The genuine, endorsed by physicians for over 50 years, always bears the word "California." All drug stores have it.

ALL over the world today this marvelous chewing gum laxative is being bought by ex-users of pills and salts. Because you chew it, its tasteless laxative passes into the system gradually. No griping, no cramping, no weakening or habit-forming after-effects. This laxative is not absorbed like ordinary laxatives, but passes unchanged from the body after its work is done. Children love it, naturally. You cannot find a druggist who does not sell Feen-a-mint—with approval, too!
