THE SUCCESSFUL DESSERT

Once . . they whispered "isn't it too bad"

Now . . they admire and praise

Popularity . . begins with a Clear Skin

IT'S the person with a clear, smooth, lovely complexion that usually wins.

To be sure, not much is said openly about skin eruptions, but secretly they influence many important affairs. Personal likes and dislikes are quickly formed.

Everybody wants to be attractive. It is a just and natural ambition. A clear skin makes everyone more attractive.

Skilled physicians recognize the appearance of pimples, boils, eczema and other skin eruptions as being an indication that the body's power of resistance is low—that there is a deficiency of red-blood-cells.

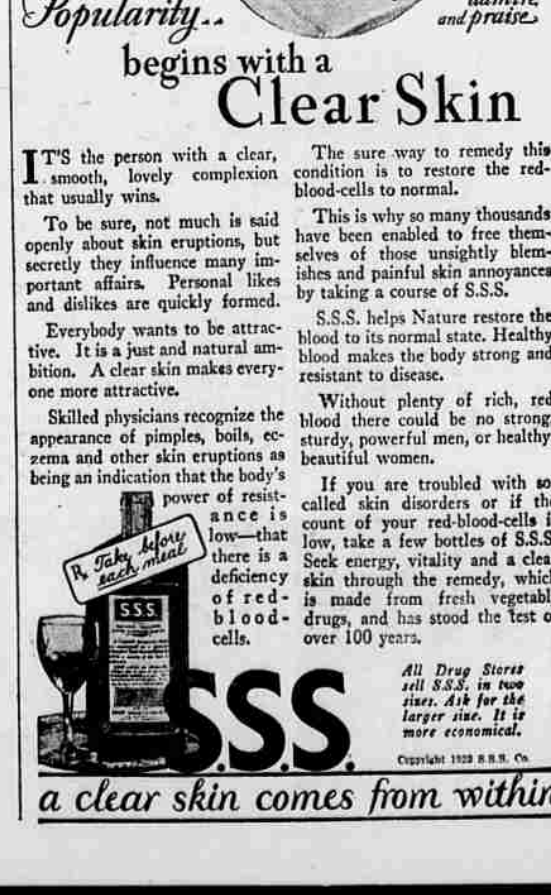
The sure way to remedy this condition is to restore the red-blood-cells to normal.

This is why so many thousands have been enabled to free themselves of those unsightly blemishes and painful skin annoyances by taking a course of S.S.S.

S.S.S. helps Nature restore the blood to its normal state. Healthy blood makes the body strong and resistant to disease.

Without plenty of rich, red blood there could be no strong, sturdy, powerful men, or healthy, beautiful women.

If you are troubled with so-called skin disorders or if the count of your red-blood-cells is low, take a few bottles of S.S.S. Seek energy, vitality and a clear skin through the remedy, which is made from fresh vegetable drugs, and has stood the test of over 100 years.



S.S.S.

All Drug Stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.
