ETHYL

BRAND OF ANTI-KNOCK COMPOUND

ETHYL GASOLINE CORPORATION NEW YORK, U.S.A.

UNION ETHYL GASOLINE

RICHFIELD ETHYL

WHY

THESE FOUR GREAT COMPANIES CHOSE ETHYL

FOUR of the greatest oil companies on the Pacific Coast... Richfield, Union, Associated and Standard, chose Ethyl only after exhaustive laboratory tests and experiments had conclusively proved there was no other commercially practical anti-knock compound.

Today, fifty leading oil companies throughout the world add Ethyl compound to their finest gasoline—answer to the universal demand for a genuine anti-knock fuel for the new high compression motors which are the standard of more than 68% of all our present day automobiles.

Because of the recognition from the world's greatest engineers, hundreds of so-called anti-knock, high-test gasolines have attempted to imitate Ethyl and to capitalize on its popularity. Do not be misled...remember that Ethyl made high compression motors possible and that only with Ethyl can you secure true high compression performance.

Use Ethyl gasoline in your own car, look for the pumps shown above...your assurance of getting genuine Ethyl!
