

EGGS ADVANCE BUTTER STRONG POULTRY FIRM

Portland, Ore. (UP)—Advances in the egg market were marked for the late session of the Portland dairy exchange. All classifications were moved upward during the session. Advances were half cent to two cents down with a spread of 3 1/2 cents between top and bottom priced stock.

The decreasing supply, together with the very keen demand, caused bidders to buy at the higher prices. This applied first to the open market at country points which was quickly followed by advances on the exchange. Very strong tone is showing for butter with prices well maintained for cubes and prints while butter-fat figures continue at the extreme top generally. Most of the butter demand is for storage.

SomeWHAT better conditions are shown in the market for live chickens. In spots recovery of the latest decline is noted. Those that really wanted chickens were compelled to pay the previous price. Market for country killed calves is firm. There are light offerings and an unfilled demand. Sales in general are 20 to 25 cents with an occasional selected animal at 21 cents a pound.

Country killed hog market is quite active along the wholesale way with prices generally maintained. There is a light supply. Bulls in demand. The market for lambs is steady at late prices. Market for old potatoes indicates the extreme shortage of offerings with a further advance in the price by jobbers. New stock is just about steady with both local and Californian selling within the late range.

Some very fine Bing cherries out of Clarkston, Wash., section are being offered here around 20 cents pound. Some very good stock is also arrived from Mary Hill. Sales are steady.

First of the new crop apples were being displayed by the Ryan Fruit company. They were of the Yellow Transparent variety and from California. Packed in bags of about 30 pounds and priced \$3.

PLANS ARE LAID TO SPEED SNOOK'S TRIAL (Continued from page 1) company. I was badly mutilated. "Miss Hix reconstituted with me against leaving the city with my family as I had previously planned to do." Snook's confession, as given to Prosecutor John Chester, said: "She threatened if I did go to Mexico to take the life of my wife and baby."

Dr. Caldwell's 3 Rules Keep You Healthy Dr. Caldwell watched the results of constipation for 47 years and believed that no matter how careful people are of their health diet and exercise constipation will occur from time to time regardless of how much one tries to avoid it. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of the use of a medicine as simple, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the most delicate system and is not a habit forming preparation. Syrup Pepsin is pleasant-tasting and youngsters love it. It does not grip. Thousands of mothers have written us to that effect.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for the man being treated. In a practice of 47 years he never saw any reason for their use. A medicine like Syrup Pepsin will empty the bowels just as promptly, more cleanly and gently, without griping and harm to the system. Keep free from constipation! It robs your strength, hardens your arteries and brings on premature old age. Do not let a day go by without a bowel movement. Keep the feet warm, the bowels open.

Dragnet Spread Over Chicago for Bandit Known As Cop Hater

Chicago (AP)—"Wee Willie" Doody, cop hater and desperado treading a trail paralleling the road the dashing, quick-firing "Terrible Tommy" O'Connor trod, had two more shootings to answer for Friday.

They call him "Wee Willie" because of his stature; they call him "baby face" because of his soft, clear complexion and the innocence of his expression. But the police and federal authorities see behind the child mask Chicago's most ruthless killer, most brutal gunman and an incorrigible foe of men in police uniform.

Traded showed a marked expansion in breadth and volume, which was construed as an indication of increasing public participation. Call money renewed at 7 per cent but the supply at that figure was small and there was a possibility that the rate might work higher.

EARLY GAINS LOST; WHEAT CLOSES STEADY

Chicago (UP)—Wheat futures finished with practically none of their opening gains Friday due to the pressure of professional traders who sold on the late easiness at Winnipeg and the belief that the decreased prospects in the southwest have been discounted fully.

At the close wheat was unchanged to 3/4 cents higher; corn was off 1/2 to 3/4 cents and oats were 1/2 cent lower to 3/4 cent higher. Provisions were unevenly higher. The crop deterioration reports coming from Kansas and Oklahoma gave wheat an active opening Friday, with prices advancing as much as 1 1/2 cents on the December delivery, but the realization that levels are about just above the low time a few weeks ago made traders cautious and the market turned quiet again during the morning. Cash prices were 1/2 cent higher. Receipts were 52 cars.
