

### BUTTER STEADY EGGS HOLD UP MEATS FIRMER

Portland, Ore. (UP)—Market for butter reflects an undertone much more favorable than normal for this period of the season. While in spots the undertone is not so good, the pressure as yet has been insufficient to force any material reduction in the price. This is more plainly indicated in top score offerings than in lower grade but the market as a whole retains its former good feeling.

Market for eggs continues to show strength in practically all positions. While quality of eastern Oregon stock is deteriorating, western Oregon arrivals are holding up well. Prices are holding up well in the market for poultry. It now looks as if the price of broilers had reached the low point and that other offerings would find demand fully equal to supply.

Practically all arrivals of country killed lambs were cleaned up over the week end, leaving the new week with a clean slate. There appears a steady demand around recent prices.

With most of the late trading of top quality at 21 cents pound, and only a sprinkling of good stuff moving down to 20 cents a pound, it is market for country killed calves, is showing an unusually good position. Everything in the country killed hog market was cleaned up for the week's opening. Late arrivals have not been liberal while demand has taken everything in sight. Most sales top blockers 16 to 16 1/2 cents pound.

Casabas are here and the market is in good position. Quality is reported unusually good for this time with sales six cents pound. Honeydews are offered at \$3.50 for standard and \$2.50 for flats. Hot weather has caused a sharp advance in the price of lemons. A further liberal advance is due within the next few days. At the same time there is a general advance in the watermelon and cantaloupe, the latter being advanced. Some dealers believe that the price of lemons will soar to a new high mark.

### CREAMERY MEN MEET JUNE 27

Oregon Agricultural College, Corvallis, Oregon—A meeting of the Oregon Creamery Operators' association has been called for June 27 on this campus by P. M. Brandt, president of the organization and head of the dairy department here. The main purpose of the meeting is to discuss the results of four months of butter grading, which has been conducted this year by the dairy department, and in which some 40 creameries of the state have been received every 30 days, analyzed chemically and according to mold and yeast content, then scored by experts and rescored after being stored 30 days.

### LARGE ACREAGE IN STRING BEANS

An enormous acreage of beans is growing this year up in the West Stayton country, states P. E. Thomason, who is in Salem Monday, and he declares that an enormous crop will be harvested as the beans never looked better. He has no idea as to how many acres are in but states the bean crop is getting pretty well consolidated on the sub-irrigated section. While most of the beans are growing for the Oregon Packing corporation here, some will be sent to Silverton and some to Albany to canneries there. The beans are under contract at \$70 a ton, and the land will produce, he states, from three to nine tons to an acre, with an average of around five or six.

### CALL MONEY AT 10 PERCENT

New York, (AP)—Beginning of the mid year call money stringency today brought a flood of selling in the stock market which retarded but failed to check completely the recovery in stock prices which has been under way for more than a week. Trading showed a marked expansion in volume, due to increased activities of pools which are counting on a huge reinvestment demand next month.

Many of the popular shares sold well under Saturday's close when call money went to 10 percent in the final hour. General Electric, Goodyear Rubber, Johns Manville and United Aircraft lost from 3 to 4 points. Southwestern railroad and a few aircraft specialties rose smartly. Rock Island gaining more than 3 and Peoples Gas 5 points. The close was irregular, with total sales approximating 3,200,000 shares.

HOPS CONTRACTED Ray Stewart, manager of the Oregon Wool and Mohair company, commission firm, announced that he had signed up 300 bales of 1929 top hops at 15 cents per pound, about three or four weeks ago. The price now is somewhat under that figure, he reports.

CLOVER ON EXHIBITION Turner—A single root of clover supporting over 23 individual stalks and 365 heads is being exhibited in the office window of the Turner Tribune. A contest prize is being offered by the editor, F. P. Rowley, for any contestant who can exhibit a larger stock of clover.

### MARKET QUOTATIONS
