

### NEAR-BY POINTS LAY PLANS FOR FOURTH OF JULY

How and where to spend the Fourth of July holiday is sometimes a perplexing question and subject to considerable debate but this year there are a variety of celebrations that should attract record crowds with favorable weather conditions. Last year the people who remained at home were about the only ones to escape showers that fell throughout the day in all directions from Salem.

Champoeg is offering a patriotic program for the first time this year and as is a popular picnic place, is expected to attract its full share of visitors, particularly among the oldtimers.

For those with a flare for the western there is the big three-day buckaroo celebration and round-up at Molalla beginning Tuesday and closing Thursday. Oregon City is also offering a similar attraction.

Dallas is offering an all-day celebration with a variety of water sports, baseball game and the customary speaking.

Greens Bridge, between Jefferson and Scio, is holding its second annual observation and has a good program arranged for the day. The site is on the Santiam river. Sunday schools of West Salem and Pratum are holding their annual joint picnic in the grove at Pratum Thursday, beginning at 9:30 o'clock in the morning with a basket lunch at noon and sports in the afternoon.

Besides coast resorts, there are many places in easy motoring distance from Salem that always attract crowds. Among the more popular of these are Taylor's Grove, above Mehama; Wilhoit springs; Silverton city park; Playmore Park between Woodburn and Hubbard; Shad-B-Acres, near Canby; Cascadia, on the south fork of the Santiam above Lebanon and this year Breitenbush springs, the road being opened for the first time last week; Hager's Grove and Silver Creek falls.

### SHOOTING BLAMED ON CUSTOM'S CREW

Detroit, Mich. (AP)—A United States custom boat crew was blamed for firing on a rum runner's scout boat last Friday night and pursuing it into Canadian waters in charges made today before H. B. Jackson, assistant to the chief customs collector of the dominion of Canada.

The charges came from a Windsor liquor exporter whose name Jackson would not reveal. Jackson is making a survey of liquor export conditions along the border. He said the charges and the situation would be reported in full to W. D. Euler, Canadian minister of customs.

Walter S. Petty, acting collector of customs in Detroit, said no report of any shooting fray had been made by border patrol inspectors. He believed the shooting had been done by hijackers.

### LEAVE OF ABSENCE IS GIVEN SALEM CHIEFS

A convention of police chiefs and other peace officers, which Chief Minto will attend, will be held at Missoula, Mont., July 18, 19 and 20.

Mrs. Steele has one of the finest vegetable gardens in town, raises some chickens and thoroughly enjoys working around her little home. ### FEDERAL JOBS SOLD FOR CASH BY G.O.P. BOSSES

Dallas, Texas (AP)—Federal office holders appointed with the endorsement of the republican organization headed by R. B. Creager, republican national committee man for Texas, which one witness called "the pie counter," were criticized severely before the senate patronage investigating committee here Monday. Allen Bailey, Dallas, a former prohibition agent, declared that David Morris, one time Texas liquor enforcement chief, had a "special arrangement" with a Dallas druggist whereby Morris bought liquor from the pharmacist.

The witness said he, as a democrat, was a hold-over appointee during the Harding administration. One day he was asked to go to the republican state headquarters, he declared, and when he arrived there a man shoved a note in front of him and said: "We have decided to let you alone. How about signing that note?"

Bailey said he signed the note, which was an agreement to pay the republican organization \$100. Edwin R. Misener testified he was a candidate for the postmastership at Hamilton in 1921, that his application was approved but that J. E. Williams got the office. Subsequently Williams was indicted for embezzlement and tampering with the mails, Misener stated.

Misener identified a note to the republican party for \$300 as bearing Williams' signature.

### BOY SLAYER GIVEN PAROLE

Paintsville, Ky. (AP)—Carl Newton Mahan, six years old, who was saved from a 15 year reform school sentence for killing a playmate, by a higher court order, Monday was held to be a delinquent by County Judge John W. Butcher.

The boy was paroled to the Kentucky children's bureau, a state agency which acts in an advisory capacity for delinquents. Pending arrival of Mrs. Emma Hunt, Louisville, director of the bureau, he was again returned to the custody of his parents.

Counsel for the boy announced that if the bureau permits him to remain with his parents, no objection will be made to the order de-

claring him a delinquent. The bureau, in most cases it has handled since it was created in 1926, was said to have left children paroled to it with their parents exercising a visiting supervision over them.

### AMERICAN TRADE IS FEARED BY PREMIER

Sydney, Australia. (AP)—Premier Bruce addressing the Chamber of Manufacturers today points to the immense reserve of capital and the great technical efficiency of the United States and said that American output would soon exceed the consumptive powers of the home markets, making an attack on the overseas markets inevitable. The flood of goods would be tremendous and disastrous, he declared.

"I believe there is no better way of meeting it and at the same time benefiting our own industries than by saying we shall give Great

Britain the market which we ourselves don't want and thus keeping the other fellow out," said the Premier. "Where industry can stand on its own feet and still give the consumer the benefit of lower costs, I am prepared to go the whole hog to prevent outside interference."
