

LOCALS

Katie Hastings has filed complaint for divorce from George Hastings alleging cruel and inhuman treatment. In an affidavit she says that he left home July 5 and failed to provide her with support and she wishes an order requiring him to furnish support money. She states he is now employed as a spinner in the Oregon City Woolen mills.

Swimming at Crystal Pool. 165*

Initiation for a considerable class of candidates will feature the first meeting of the month of the Salem Elks lodge in the lodge rooms at the Elks temple Thursday evening. Delegates to the state convention to be held in Klamath Falls next week will be elected. Officers of Salem Elks No. 336, northern district, winners in the lodge ritualistic contests, plan to attend the state convention to compete for the state title.

Your complete summer outfit: hat, shirt, tie and sock free with every Oregon City 2-pants suit, \$30 to \$45. Emmons, 426 State St. 165*

Dr. M. C. Pindley is in Portland this week in attendance at the American Medical association convention.

Cut down on eating meat, it contains too much heat. Vegetables, more salads and vegetables. We have a counter full of salads and vegetables. State Cafeteria.

F. J. A. Boehringer, president of the Salem Trades and Labor council, was installed as noble grand by the I. O. O. F. lodge Wednesday night with H. Vinson, past noble grand; Arthur Tucker, vice noble grand; Amos Vass, secretary and M. W. Stegmund, treasurer. All officers will hold for six months. Other officers installed were G. W. Moore, warden; J. M. Rickman, conductor; George E. Shaw, chaplain; Perry Wright, right scene supporter; H. H. Monaur, left scene supporter; J. A. Burns, right supporter to noble grand; H. R. Burk, left supporter to noble grand; C. F. Frantz, right supporter to vice grand; H. I. Jennings, left supporter to vice grand; John M. Groves, inside guardian and James Coates, outside guardian.

Salem's popular old time dance at Armory every Wednesday and Saturday night. 160

Activities at the inter-club picnic being held by the Kiwanis, Rotary and Lions clubs will begin at 3 o'clock Friday afternoon at Hager's grove. Events for men, women and children are being offered by the committee in charge. Because of the picnic the Lions club will not hold its weekly luncheon Friday noon.

Your complete summer outfit: an Oregon City 2-pants suit, shirt, tie and sock for the price of the suit alone. \$30 to \$45. Emmons, 426 State St. 165*

J. E. Moylan, Portland, paid a \$10 fine in justice court Thursday upon a speeding charge.

Free facials this week only, to show exquisite effects of Colonial Dames Beauty Aid. Phone for appointment. Capital Drug store. 165*

Captain Paul Burris, Co. B, 162nd Infantry, who resigned following the return of the company from the summer encampment, was given a banquet Wednesday evening by officers and non-commissioned officers of the unit. Talks were given by Captain Burris, First Lieutenant H. C. (Pod) Malson and Second Lieutenant Joe Davis. A successor to Captain Burris has not yet been chosen.

Old time dance at Armory every Wed. and Sat. nights. 160

Three Indian boys, Geo. Galusha, A. Meinhoff and Francis Ray, were found wandering about the streets of Salem Wednesday night. They were taken into custody by officers and were turned over to Chemawa Indian school officials Thursday.

Chickens wanted. Fitts Market. Phone 211. 216 North Commercial.

Starting this Thursday evening, 18 boys will participate in a ping-pong tournament at the Y. M. C. A. The finals will probably be played Saturday. Those participating include Edwin Busick, Jack McCullough, Herbert Stiff, Dick Pierce, Ray Elliott, Dayton Robertson, Mendel Shusterowitz, Jack Lumsford, Melvin Engel, Dolph Wetzel, David R. Compton, Fred Hagemann, Frank Childs, Sol Maistels, Robert Pickens, Howard El-

NEW Y SECRETARY HERE SEPTEMBER 1

Mrs. Katherine K. Gallaher of Vallejo, Calif., will assume her duties as secretary of the Salem Y. W. C. A. on September 1, according to the announcement made by Mrs. C. S. Hamilton, president of the Salem Y. W. C. A.

The new secretary will succeed Miss Elizabeth Baker who resigned several months ago. Mrs. Gallaher is now general secretary at Vallejo. She was formerly employment secretary in the San Francisco association and she brings excellent recommendations from the central office in New York. Mrs. Gallaher will be accompanied to Salem by her two children, a daughter 13, and a son, 9 years of age.

During the summer months Miss J. Jensen will take charge of the office of the Salem association on North Liberty street. Mrs. Eric Butler who has been assisting with the administration work since Miss Baker's resignation is in charge of the Girl Reserve camps at Mehana for the greater part of the summer.

MRS. REINHART SENDS LOVE AND KISSES TO PETE

Culver City, Calif. (AP)—It was something like "love and kisses" that was written in the note that Mrs. Ila Reinhart sent up Thursday to her husband, R. B. "Pete" Reinhart, co-pilot of the biplane Angelone, now engaged in running up a world's endurance refusing flight record.

"I can't remember exactly what I wrote," she said. "I'm so excited I'm a wonder I can tell you that. I can hardly wait for Pete to get down but I want him to stay up as long as possible."

Mrs. Reinhart, pretty and 21, left Salem, Ore., Monday when she learned for the first time that "Pete" and Loren Mendell were making good headway toward breaking all previous endurance records.

"It seemed like the train was running in reverse," she said when she reached the field Thursday. "but I'm so happy to be here and so happy that Pete's going to make a record."

Then Mrs. Reinhart sent her "love and kisses" message up with the refueling ship.

She denied that she was the "estranged wife" of Reinhart.

"After Pete started flying I just went to live with my mother until things were settled more definitely," she explained, "we aren't a bit estranged."

Pete, she said, was a sergeant on the highway patrol in Oregon when she first met him.

"He was enthusiastic about his patrol work until he got this flying idea," she said. "Then all he could think about was aviation."

"I know he'll need sleep when he gets down and I'm going to see that he gets locked up in a room where he won't be bothered."

DON MOE WINS TO SEMI-FINALS

Mission Hills, Kansas City, Mo. (AP)—Starting his afternoon round 4 down to Carey Carey L. Ballew, Kansas City, Don Moe, Portland, Ore. shot sub par golf to win the final round of the western amateur golf tournament.

Art Sweett, Chicago, won his way into the semi-finals, defeating H. J. Kaler, Racine, Wis. 8 and 7.

Going into the afternoon round four down to the Kansas City boy, Moe won four of the first five holes played, halved the next three and won the 27th to go into the last nine holes 11 squares.

The first nine of the afternoon round was almost exactly a reversal of the morning nine. Moe had his shots working to perfection and was even par for the nine while Ballew went four over. Needing only to sink a foot putt to halve the 27th hole, Ballew missed.

F. A. GARNJOBST, 74 PASSES AT FARM

Frederick Adolf Garnjobst, a native of Germany, died Thursday at his farm home two miles south of Salem at the age of 74 years.

Mr. Garnjobst was born in Privitshide, near Detmold, Lippe, Germany, January 7, 1855. He married Augusta Charlotte Peter in 1879 and five years later the couple with a small daughter left for the United States. Mr. and Mrs. Garnjobst purchased a farm in Knox county, Nebraska, where they made their home until 1902 when they came to Oregon settling on a fruit farm two miles south of Salem. The Garnjobsts observed their golden wedding anniversary April 6, 1929.

Mr. Garnjobst received his citizenship papers in 1885. He was a member of the Methodist Episcopal church.

Surviving relatives include the widow, Mrs. August Garnjobst; a brother, William P. Garnjobst; Mrs. G. Bingenheimer, Mrs. A. E. King, Mrs. A. J. Eusebius, all of Salem; Dr. H. Garnjobst of Corvallis; Martha E. Garnjobst of Arablia; and Laura Garnjobst of Palo Alto, California.

Funeral services will be held Saturday morning at 10:30 o'clock at the family residence on the Jefferson highway under the direction of Rigdon's, with Rev. G. E. Erskine and Rev. Schnert officiating. Interment will follow in Belcrest memorial park.

ONE BUS ROUTE TO CONVEY POLK COUNTY PUPILS

One bus route will take care of the Polk county pupils who are entitled to receive transportation to Salem high school next year, estimates R. W. Tavener, acting superintendent, who made a personal survey of the Polk county territory Wednesday afternoon.

Mr. Tavener says that the Polk county bus route as he mapped it is a 23 mile circle, starting out the Wallace road and returning on the Wallace road by way of the Brush College road. It will accommodate between 30 and 40 pupils in the Lincoln, Spring Valley, Zena, and Brush College districts. No provision was made in this route for the few scattered pupils from Mountain View and Popcorn districts.

West Salem and Eola are also not provided for in the one route proposed by Tavener, who says it may be necessary to provide a small bus to make the run out to Eola.

A number of former Amity high school pupils will be Salem high students next year if the new bus route is put into effect.

Letters to the 406 eighth grade graduates from districts in Marion and Polk county adjacent to Salem who are potential Salem high school students, were sent out by Mr. Tavener Thursday, asking all these to furnish him with information as to whether or not they will enter Salem high in the fall, and if so, what plan to share in the transportation which a high school district must furnish under a new state law. They are asked to give the exact location of their homes.

With all this information in hand, Mr. Tavener will work with T. E. McClean who has been given the contract to furnish busses for the Salem district, in mapping out definite routes and schedules.

Mr. Tavener is eager to get in touch as soon as possible with all boys and girls from non-high school districts who plan to enter Salem high in the fall in order that the routes can be completed.

CHARGE OF PUGH HAS HOLLOW RING

(Continued from page 1)

in city taxes as Small although he does reside outside the city limits, and concludes a lengthy explanation of his position with the assessor.

"Self preservation is the first call of nature and it works unconsciously."

Which, perhaps, explains why Pugh after months of unsuccessful dickering and speculating with a piece of property immediately adjoining the site of the new airport suddenly turns bold and launches an attack upon members of the airport committee.

Before the people of Salem pass judgment upon Pugh's criticism of the committee and of the city council in allowing "a peninsular shaped piece of land to extend into the landing field," and for considering a contract with Lee Eyerly to manage and maintain the field in the city limits, he has written a letter to the city council showing up some things that the judge did not want published, so at an airport committee meeting the judge said if Dave Pugh would move into Salem and pay some city taxes the people might pay more attention to his letters. Well, I moved into Salem the day I was born and Salem has been my home ever since and although I am now living a few hundred feet south of an imaginary line in the center of Hoyt street known as the city limits, I figure that I am still a resident of Salem.

"Brazier has been very active in assisting the city of Salem to get a municipal airport so we might be on the airmap map, and deserves considerable credit for his work but there are some things which I cannot say for its use in the city which would be the best, but they are I am told, having plans made for a \$5000 building for a hangar. People ask what my interest in the airport is? In answer to this I am a taxpayer, then too, as Charles Archer says, when a fellow gets so old that he begins to rattle he must have a hobby, and I have a hobby and that is to own land adjoining an airport and build small hangars for private owned planes to park in. Ask Frank Durbin, Sr. I told him what my hobby was before this airport was bought. And as a matter of fact I am gambling on a service the people will want some day and I don't want to see the field bespeckled with students to the discomfort of private plane owners or to mail or interstate passenger service. And I don't want to have the owner of a flying school operating from the field to be manager of the field. Eyerly is a good square fellow but self preservation is the first call of nature and it works unconsciously."

"Yours very truly, "Dave W. Pugh."

W. H. Hobson, clerk of the Stoughton school district, was a visitor Wednesday at the office of the county school superintendent.

When the voters were going to the polls to cast their vote for the \$50,000 bonds they could see in their imagination his airmap planes

In this connection he seemingly overlooked the fact that the contemplated location of the hangars, shops and other buildings at the airport (including those of the Eyerly plant) were not only approved, but suggested by a special representative of the federal department of commerce sent here to inspect the field.

Going behind his alleged reasons for criticism there are other circumstances which Pugh should explain if he is going to pass judgment with clean hands.

Months ago, early last fall, Pugh met Lee Eyerly and in the course of their conversation Eyerly told Pugh that there was a piece of ground adjoining the prospective airport site on the Turner road that he would like to buy as a site for his plant if the airport were

Previously the committee had practically decided to recommend location of the buildings on the west side of the field.

MAD RUSH OF LIFE INJURIOUS TO CHILDREN

Portland, Ore. (AP)—The mad rush, pell-mell living, speed, emotions, unrest and ill-chosen foods were held up as red danger signals of health by a number of noted physicians in the technical discussions of the American Medical association here Thursday.

The speed in which children are rushed through school, the high pressure under which fathers work to earn livelihoods and luxuries for their families, and the typical American diet of meat, potatoes and bread were blamed by the doctors for not only bodily wreck but mental disorders as well.

Emotions of persons cause physical ailments of the digestive tract, Dr. George S. Stevenson, New York, said, and these usually revert back and cause mental disorders.

Other mental disturbances, brought on by the whirlwind of modern life, the constant effort for more, more speed, more life, more pleasure, and more money, usually result in nervousness, deafness, blindness and numerous gastric symptoms," Dr. Joseph Eckel, psychiatrist of Buffalo, said.

Dr. Lloyd Mills of Los Angeles appearing in the ophthalmological section, deplored the speed with which the children are rushed through the schools.

coming to earth and unloading jobs of mail and next see a large passenger carrier taxi over to the edge of the field and let out ten or a dozen passengers. No, voter, you were mistaken you were just looking at the wrong picture that is all the matter with you, the next page shows a different picture, it shows you that you have spent your money for the private interests of a flying school for that in effect will be the results if the Judge's contract go into use.

"In Portland, for instance, they permit the use of their municipal airport for hop service and student instruction in a limited way, permits cover a month at a time and are subject to removal at any time. Then why should we permit the Judge and his committee to write away the airport for two years. I am writing from the standpoint of a taxpayer and an abutting property owner and am not sure as is being told because Eyerly did not buy my property, Eyerly had a chance to buy my property, had a chance to come in even a year after I bought it if he wanted, but he said he did not have money to buy with at that time. But that is all right, Lee is a good fellow and a square shooter and he don't need to buy much property, the city is furnishing a school ground for his students to play on, that is if Judge's contract is used."

"The airport committee did not have enough money to buy all of the Holman place which means the did not have \$5000 to complete the job of making an open landing field such as aviators are looking for the best, but they are I am told, having plans made for a \$5000 building for a hangar. People ask what my interest in the airport is? In answer to this I am a taxpayer, then too, as Charles Archer says, when a fellow gets so old that he begins to rattle he must have a hobby, and I have a hobby and that is to own land adjoining an airport and build small hangars for private owned planes to park in.
